registration be revoked. The Deputy Administrator agrees. Respondent handled controlled substances for over 18 years without a DEA registration. He listed a non-existent DEA number on his prescription pads and provided the number to the hospital pharmacy, but at the same time contended that he did not have a DEA number and did not need one because he did not dispense controlled substances. Further, he was at the very least careless in answering the liability questions on his application for registration. But even more troubling is Respondent's failure to take responsibility for his actions. He blames others for failing to keep him up-to-date on the requirements for handling controlled substances. As Judge Bittner stated, "[i]n these circumstances, the inference is warranted \* \* \* that Respondent is unwilling or unable to accept the responsibilities inherent in a DEA registration."

According, the Deputy Administrator of the Drug Enforcement Administration, pursuant to the authority vested in him by 21 U.S.C. 823 and 824 and 28 CFR 0.100(b) and 0.104, hereby orders that DEA Certificate of Registration BM5006540, issued to Bernard C. Musselman, M.D., be, and it hereby is, revoked. The Deputy Administrator further orders that any pending applications for registration, be, and they hereby are, denied. This order is effective November 15, 1999.

Dated: October 7, 1999.
