Revisions to Emissions Budgets Set Forth in EPA's Finding of Significant Contribution and Rulemaking for Purposes of Reducing Regional Transport of Ozone for the States of Connecticut, Massachusetts and Rhode Island

AGENCY: Environmental Protection Agency (EPA).

ACTION: Withdrawal of direct final rule.

SUMMARY: Due to receipt of adverse comments, EPA is withdrawing a September 15, 1999 direct final rule (64 FR 49987) which would have revised the emissions budgets set forth in EPA's

finding of significant contribution for purposes of reducing regional transport of ozone. Having withdrawn the direct final rule, EPA will take action on a proposed rule to revise the emissions budgets set forth in EPA's finding of significant contribution for purposes of reducing regional transport of ozone also published on September 15, 1999 (64 FR 50036) after EPA has evaluated the comments received.

DATES: The direct final rule to revise the emissions budgets in EPA's finding of significant contribution, which was published on September 15, 1999 (64 FR 49987), is hereby withdrawn as of November 1, 1999.

ADDRESSES: Docket No. A-99-13 is available for public inspection and copying between 8:30 a.m. and 3:30 p.m., Monday through Friday, excluding holidays. The docket is located in the EPA's Air and Radiation Docket and Information Center, Waterside Mall, Room M-1500, 401 M Street, SW, Washington, DC 20460, or by calling (202)260-7548. A reasonable fee may be charged for copying docket materials.

FOR FURTHER INFORMATION CONTACT: Kathryn Petrillo, Acid Rain Division (6204J) U.S. Environmental Protection Agency, 401 M Street SW, Washington DC 20460, telephone number (202) 564-9093; e-mail: petrillo.kathryn@epa.gov.

SUPPLEMENTARY INFORMATION: On September 15, 1999, EPA published a direct final rule (64 FR 49987) and a parallel proposal (64 FR 50036) to revise the emissions budgets set forth in EPA's finding of significant contribution for purposes of reducing regional transport of ozone (63 FR 57356). These revisions would redistribute the total combined electricity generating unit portion of the state NO_x emissions budgets for Connecticut, Massachusetts, and Rhode Island in accordance with the Memorandum of Understanding signed by the three States and EPA in February 1999. The total combined electric generating unit budget for Connecticut, Massachusetts and Rhode Island would remain unchanged under the revisions. Additionally, the three States each agreed to retire 5% of the electric generating unit portion of their budgets for the benefit of the environment after the revisions are complete.

The EPA stated in the direct final rule that if adverse comments were received by October 5, 1999, EPA would publish a notice withdrawing the direct final rule before its effective date of November 1, 1999. The EPA received adverse comments on October 5, 1999 and is, therefore, withdrawing the direct final rule. The EPA will address these comments in a final rule addressing the

emissions budgets for Connecticut, Massachusetts, and Rhode Island at a later date.

Dated: October 29, 1999.

Robert Perciasepe,

Assistant Administrator for Air and Radiation.

Propargite; Partial Stay of Order Revoking Certain Tolerances

AGENCY: Environmental Protection Agency (EPA).

ACTION: Partial stay of final rule.

SUMMARY: EPA is staying the revocation of tolerances for propargite on apples; and plums (fresh prunes) and is reinstating the tolerances for those commodities existing on October 18, 1999 until November 18, 1999. A final rule, subject to objections, revoking the tolerances for apples; and plums (fresh prunes) was published in the **Federal Register** on July 21, 1999 (64 FR 39068) (FRL-6089-7). EPA received an objection to the July 21, 1999 rule, which requested that the Agency modify the October 19, 1999 effective date for the final rule as it applied to the removal of the commodities apples; and plums (fresh prunes). EPA is staying the removal of the tolerances for apples, and plums (fresh prunes) effective from October 19, 1999 until November 18, 1999 in order to determine whether to grant the request for modification and if so, for what length of time. Revocations for the remaining tolerances in § 180.259 for apricots; beans, succulent; cranberries; figs; peaches; pears; and strawberries, subject to the July 21, 1999 rule remain effective October 19, 1999.

DATES: The reinstatement amendments are effective from October 19, 1999 until November 18, 1999.

SUPPLEMENTARY INFORMATION:

I. General Information**A. Does this Action Apply to Me?**

You may be potentially affected by this action if you are an agricultural producer, food manufacturer or pesticide manufacturer. Potentially affected categories and entities may include, but are not limited to:

Cat-egories	NAICS	Examples of Potentially Affected Entities
Industry	111	Crop production
	112	Animal production
	311	Food manufacturing
	32532	Pesticide manufacturing

This listing is not exhaustive, but is a guide to entities likely to be regulated by this action. The North American Industrial Classification System (NAICS) codes will assist you in determining whether this action applies to you. If you have questions regarding the applicability of this action to a particular entity, consult the person listed in the "FOR FURTHER INFORMATION CONTACT" section.

B. How Can I Get Additional Information, Including Copies of this Document and Other Related Documents?

1. *Electronically.* You may obtain electronic copies of this document, and certain other related documents that might be available electronically, from the EPA Internet Home Page at <http://www.epa.gov/>. To access this document, on the Home Page select "Laws and Regulations" and then look up the entry for this document under the "Federal Register--Environmental Documents." You can also go directly to the **Federal Register** listings at <http://www.epa.gov/fedrgstr/>.

2. *In person.* The Agency has established an official record for this action under docket control number OPP-300891A. The official record consists of the documents specifically referenced in this action, any public comments received during an applicable comment period, and other information related to this action, including any information claimed as Confidential Business Information (CBI). This official record includes the documents that are physically located in the docket, as well as the documents that are referenced in those documents. The public version of the official record does not include any information claimed as CBI. The public version of the official record, which includes printed, paper versions of any electronic comments submitted during an applicable comment period, is available for inspection in the Public Information and Records Integrity

Branch (PIRIB), Rm. 119, Crystal Mall #2, 1921 Jefferson Davis Hwy., Arlington, VA, from 8:30 a.m. to 4 p.m., Monday through Friday, excluding legal holidays. The PIRIB telephone number is (703) 305-5805.

II. What Action is the Agency Taking?

In the **Federal Register** of July 21, 1999 (64 FR 39068), EPA issued an order by final rule revoking tolerances in § 180.259 for the use of propargite on apples; apricots; beans, succulent; cranberries; figs; peaches; pears; plums (fresh prunes); and strawberries. EPA revoked the tolerances on the grounds that previous cancellation of the underlying uses for propargite rendered the tolerances unnecessary. In the final rule, EPA set an effective date of October 19, 1999 for the revocations.

Any person adversely affected by the July 21, 1999 Order was allowed 60 days to file written objections to the order and a written request for an evidentiary hearing on the objections.

EPA received an objection from Uniroyal Chemical Company requesting EPA to modify the effective date of revocation for propargite on apples; and plums (fresh prunes). Uniroyal also requested an evidentiary hearing.

By this document, in § 180.259(a)(1), EPA is staying the removal of the tolerances for apples; and plums (fresh prunes) from October 19, 1999 until November 18, 1999 in order to allow EPA to determine whether to grant the request for modification and if so, for what length of time. The addition of the entries for hops, dried; and tea, dried into the table under paragraph (a)(2) is not affected by this stay. Revocations for the remaining tolerances, apricots; beans, succulent; cranberries; figs; peaches; pears; and strawberries, subject to the July 21, 1999 rule remain effective October 19, 1999.

Atlantic Highly Migratory Species Fisheries; Atlantic Bluefin Tuna Fishery; Regulatory Adjustment

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Final rule.

SUMMARY: NMFS amends the regulations governing the Atlantic highly migratory species (HMS) fisheries to remove the 250 metric ton (mt) limit on allocating Atlantic bluefin tuna (BFT) landings quota to the Purse Seine category. Without this restriction, the annual allocation of BFT to the Purse Seine category will be 18.6 percent of the total landings quota available to the United States. This regulatory amendment is necessary to achieve domestic management objectives for HMS fisheries as set forth in the Fishery Management Plan for Atlantic Tunas, Swordfish, and Sharks (HMS FMP). NMFS also amends the regulations governing the Atlantic HMS fisheries to reinstate the transferability of partial purse seine vessel quota allocations from one vessel to another, which was inadvertently dropped from the regulations when NMFS published the final consolidated rule to implement the HMS FMP.
