

together to stabilize, protect, restore, and enhance the Bay-Delta system. The State and Federal agencies with management and regulatory responsibilities in the Bay-Delta system are working together as CALFED to provide policy direction and oversight for the process.

One area of Bay-Delta management includes the establishment of a joint State-Federal process to develop long-term solutions to problems in the Bay-Delta system related to fish and wildlife, water supply reliability, natural disasters, and water quality. The intent is to develop a comprehensive and balanced plan which addresses all of the resource problems. This effort, the CALFED Bay-Delta Program (Program), is being carried out under the policy direction of CALFED. The Program is exploring and developing a long-term solution for a cooperative planning process that will determine the most appropriate strategy and actions necessary to improve water quality, restore health to the Bay-Delta ecosystem, provide for a variety of beneficial uses, and minimize Bay-Delta system vulnerability. A group of citizen advisors representing California's agricultural, environmental, urban, business, fishing, and other interests who have a stake in finding long-term solutions for the problems affecting the Bay-Delta system has been chartered under the Federal Advisory Committee Act (FACA). The BDAC provides advice to CALFED on the program mission, problems to be addressed, and objectives for the Program. BDAC provides a forum to help ensure public participation, and will review reports and other materials prepared by CALFED staff.

Minutes of the meeting will be maintained by the Program, Suite 1155, 1416 Ninth Street, Sacramento, CA 95814, and will be available for public inspection during regular business hours, Monday through Friday within 30 days following the meeting.

Dated: November 17, 1999.

Fort James Corporation Packaging Division Portland, OR; Notice of Revised Determination on Reconsideration

By letter of August 13, 1999, the petitioner requested administrative reconsideration of the Department's negative determinations for Trade Adjustment Assistance (TAA) and North American Free Trade Agreement-Transitional Adjustment Assistance (NAFTA-TAA) for the workers and former workers of the subject firm.

Workers of the subject firm are engaged in employment related to the production of paper food packaging, primarily frozen food packaging.

On July 30, 1999, the workers were denied TAA because the "contributed importantly" test of Section 222(3) of the Group Eligibility Requirements of the Trade Act of 1974, as amended, was not met. A survey of the subject firm's major customers revealed that none of the customers increased import purchases of food packaging while reducing purchases from the subject firm.

On that same date, the same worker group was denied eligibility to apply for NAFTA-TAA based on the finding that criteria (3) and (4) of the worker group eligibility requirements of paragraph (a)(1) of Section 250 of the Trade Act of 1974, as amended were not met. There was no shift in production from the worker's firm to Mexico or Canada. Other investigation findings showed that there were no company or customer imports of food packaging from Mexico or Canada.

The Department has obtained new information from one of the subject firm's major declining customers showing increased import purchases of frozen food packaging from Canada while reducing purchases from Fort James.

Conclusion

After careful consideration of the new facts obtained on reconsideration, it is concluded that workers of Fort James

Corporation, Packaging Division, Portland, Oregon, were adversely affected by increased imports from Canada of articles like or directly competitive with paper food packaging like or directly competitive with the articles produced at the subject firm.

All workers of Fort James Corporation, Packaging Division, Portland, Oregon, separated from employment on or after June 10, 1998 through two years from the issuance of this certification, are eligible to apply for worker adjustment assistance under Section 223 of the Trade Act of 1974, and

All workers of Fort James Corporation, Packaging Division, Portland, Oregon, separated from employment on or after April 5, 1998 through two years from the issuance of this certification, are eligible to apply for NAFTA-TAA under Section 250 of the Trade Act of 1974.

Signed at Washington, D.C. this 15th day of November 1999.

Program Manager, Office of Trade Adjustment Assistance.

Buffalo Color Corporation, Buffalo, NY; Notice of Revised Determination on Reconsideration

By letter of October 12, 1999, the company requested administrative reconsideration of the Department's denial of eligibility for workers and former workers of the subject firm to apply for Trade Adjustment Assistance (TAA).

On September 29, 1999, the workers producing indigo paste and powder were denied TAA because the "contributed importantly" test of the Group Eligibility Requirements of the Trade Act of 1974, as amended, was not met. The notice will soon be published in the **Federal Register**.

The company presented new evidence regarding increasing imports of indigo powder from China. The Department has confirmed the company's claim.

Conclusion

After careful consideration of the new facts obtained on reconsideration, it is concluded that the workers of Buffalo Color Corporation, Buffalo, New York, were adversely affected by increased imports of articles like or directly competitive with those produced at the subject firm.

All workers of Buffalo Color Corporation, Buffalo, New York, who became totally or partially separated from employment on or after July 20, 1998 through two years from the date of this issuance are eligible to apply for adjustment assistance under Section 223 of the Trade Act of 1974.

Eagle Geophysical, Inc., Eagle Geophysical Management, Eagle Geophysical Offshore, Eagle Geophysical Front End, Houston, TX., et al.; Amended Certification Regarding Eligibility To Apply for Worker Adjustment Assistance

In accordance with Section 223 of the Trade Act of 1974 (19 U.S.C. 2273) the Department of Labor issued a Notice of Certification Regarding Eligibility to Apply for Worker Adjustment

Assistance on September 29, 1999, applicable to workers of Eagle Geophysical, Inc., Houston, Texas. The notice was published in the **Federal Register** on November 4, 1999 (64 FR 60231).

At the request of the company, the Department reviewed the certification for workers at the subject firm. The workers are engaged in activities related primarily to the exploration of crude oil and natural gas for unaffiliated producers. New information shows that Eagle Geophysical Management, Eagle Geophysical Offshore and Eagle Geophysical Front End are subsidiaries of Eagle Geophysical. Information also shows that work separations occurred at these divisions operating at various locations in Louisiana, Mississippi, California and Texas. The workers gather seismic data related to the exploration for crude oil and natural gas at Eagle Geophysical, Inc., Houston, Texas.

Accordingly, the Department is amending the certification to cover the workers of Eagle Geophysical Management, Eagle Geophysical Offshore and Eagle Geophysical Front End operating at various locations in Louisiana, Mississippi, California and Texas.

The intent of the Department's certification is to include all workers of Eagle Geophysical who are adversely affected by increased imports.

The amended notice applicable to TA-W-36,773 is hereby issued as follows:

All workers of Eagle Geophysical, Inc., Eagle Geophysical Management, Eagle Geophysical Offshore and Eagle Geophysical Front End, subsidiaries of Eagle Geophysical, Inc., Houston Texas (TA-W-36,773) and at various locations in Louisiana (TA-W-36,773A), Mississippi (TA-W-36,773B), California (TA-W-36,773C) and Texas, excluding Houston (TA-W-36,773D), who became totally or partially separated from employment on or after July 19, 1998 through September 29, 2001 are eligible to apply for adjustment assistance under Section 223 of the Trade Act of 1974.

Signed at Washington, DC, this 15th day of November 1999.
