INTERNATIONAL TRADE COMMISSION

[Investigation 1205-5]

Proposed Modifications to the Harmonized Tariff Schedule of the United States

AGENCY: United States International Trade Commission.

ACTION: Institution of investigation.

EFFECTIVE DATE: November 18, 1999.

SUMMARY: On November 18, 1999, the Commission instituted investigation No. 1205-5, Proposed Modifications to the Harmonized Tariff Schedule of the United States, pursuant to section 1205 of the Omnibus Trade and Competitiveness Act of 1988. Section 1205 directs the Commission to keep the Harmonized Tariff Schedule of the United States (HTS) under continuous review and to recommend modifications to the HTS (1) when amendments to the International Convention on the Harmonized Commodity Description and Coding System (Harmonized System), and the Protocol thereto, are recommended by the World Customs Organization (WCO) (formerly known as the Customs Cooperation Council) for adoption, and (2) as other circumstances warrant. The Commission's report will set forth the proposed changes and indicate the necessary changes in the HTS that would be needed to conform the HTS to the international nomenclature structure; the report will also include other appropriate explanatory information on the proposed changes.

FOR FURTHER INFORMATION CONTACT:

Eugene A. Rosengarden, Director (202-

205-2592), Office of Tariff Affairs and Trade Agreements, U.S. International Trade Commission, Washington, DC, 20436. Hearing impaired individuals are advised that information on this investigation can be obtained by contacting the TDD terminal on (202) 205-1810.

Background

The majority of the proposed changes included in this investigation are the result of the work of the WCO and its Harmonized System Committee (HSC) to update and clarify the Harmonized System nomenclature, as part of the WCO's long-term program to review the nomenclature structure on a formal basis. The WCO has recommended the adoption of certain modifications to the nomenclature of the international Harmonized System, in accordance with Article 16 of the Harmonized System Convention, to become effective in January, 2002. The changes proposed to conform the HTS with the WCO's recommendations, and to reflect in the HTS certain other decisions taken by the HSC, will be made available in the Office of the Secretary, Room 112, United States International Trade Commission, 500 E Street SW, Washington, DC 20436 (telephone 202-205-2000), and will also be posted on the Commission's web site at the address indicated below. These changes encompass all decisions taken by the HSC since the implementation of the last set of WCO modifications to the Harmonized System on January 1, 1996, as well as proposed actions subject to further consideration by the HSC during its sessions in 2000. Future notices will be issued in this investigation indicating the final resolution of all matters and decisions taken by the HSC during the course of Commission consideration.

Other proposed changes included in this investigation are requested by the U.S. Customs Service, in order to clarify the proper tariff classification and duty treatment of particular goods (due to decisions of the Court of International Trade, the HSC, or the Customs Service). These changes will be treated separately by the Commission both during the investigation and in the Commission's report.

The Commission will prepare a non-authoritative cross-reference table to provide guidance to potentially affected parties and to show the likely existing and future tariff classifications of the goods concerned. The Customs Service has domestic legal authority for tariff classification and may provide information, both during the course of the investigation and after the Commission's report is submitted, that
