(Review)]

Defrost Timers From Japan; Color Negative Photo Paper and Chemicals From Japan and The Netherlands

AGENCY: United States International
Trade Commission.

ACTION: Termination of five-year
reviews.

SUMMARY: The subject five-year reviews were initiated in December 1999 to determine whether revocation of the existing antidumping duty order on defrost timers/termination of the suspended investigations on color negative photo paper and chemicals would be likely to lead to continuation or recurrence of dumping and of material injury to a domestic industry. On February 16, 2000, the Department of Commerce published notice that it was revoking the order/terminating the suspended investigations "because no domestic party responded to the sunset review notice of initiation by the applicable deadline" (65 FR 7830). Accordingly, pursuant to section 207.69 of the Commission's Rules of Practice and Procedure (19 CFR § 207.69), the subject reviews are terminated.

EFFECTIVE DATE: February 16, 2000.

FOR FURTHER INFORMATION CONTACT: Vera Libeau (202-205-3176), Office of Investigations, U.S. International Trade Commission, 500 E Street SW, Washington, DC 20436.
