BILLING CODE 6705-01-P

FEDERAL EMERGENCY MANAGEMENT AGENCY**Notice of Distribution of Funds To Address Unmet Needs Resulting From Presidentially Declared Disasters**

AGENCY: Federal Emergency Management Agency (FEMA).

ACTION: Notice.

SUMMARY: FEMA announces a second allocation of Fiscal Year (FY) 2000 funds for grants to States to address disaster-related needs not met by Federal disaster relief programs. These funds are available to certain States for use in communities that have experienced presidentially declared major disasters in FY 1999. The funds will be allocated to States (grantees) for distribution in communities affected by the disasters.

EFFECTIVE DATE: This notice is effective January 10, 2000.

FOR FURTHER INFORMATION CONTACT:

Robert F. Shea, Jr., Director, Program Support Division, Mitigation Directorate, Federal Emergency Management Agency, 500 C Street SW., room 417, Washington, DC 20472, (telephone) 202-646-4621, (facsimile) 202-646-3104, or (email) robert.shea@fema.gov.

SUPPLEMENTARY INFORMATION: On May 21, 1999, Congress appropriated \$230 million to the Federal Emergency Management Agency (FEMA) to address communities' unmet disaster assistance needs for Fiscal Years 1998 and 1999. In a previous notice FEMA made allocations totaling \$189,665,000. By this notice FEMA allocates an additional \$39,335,000. Congress instructed FEMA to award these funds expeditiously to States for use in eligible communities. Pub. L. 106-31, Emergency Supplemental Appropriations Act for Fiscal Year 1999, requires the publication of a notice governing the allocation and use of these funds.

Authority: Emergency Supplemental Appropriations Act for Fiscal Year 1999, Pub. L. 106-31, 113 Stat. 74.

Eligible applicants: States are to use these funds to benefit communities affected by presidentially-declared major disasters between January 1, 1999 and May 21, 1999, including Native American tribes. The latter date is the date of enactment of the appropriations bill that provides the funds for this effort.

State emergency management organizations (grantees) will administer these grants in conjunction with their administration of FEMA disaster assistance programs.

Availability of funds: By this notice funds are allocated to the following States that experienced disasters between January 1, 1999 and May 21, 1999: Alabama, Arkansas, California, Colorado, Georgia, Iowa, Kansas, Louisiana, Maine, Mississippi, Missouri, Oklahoma, Tennessee, Texas and Wyoming.

Allocations: The allocations are as follows:

Tennessee	1275	54,214
Texas	1274	307,671
Wyoming	1268	1,486,502
Total	39,335,000

We will provide an application package to States that receive allocations. States will submit applications to us indicating the proposed use of the funds. We will make awards up to the amount of the allocation after we make an expedited review of the State application package.

The application will require additional information and data that was used by the States in identifying the amount of their unmet needs in the submission to FEMA. This additional information and data must be specific and include supporting documentation. To the extent that we deem the information and data are insufficient or that they support an ineligible activity, we will reduce the amount of the initial allocation accordingly.

Correction to the Federal Register Notice of August 6, 1999. The August 6, 1999 Notice indicated that \$40,000 of Florida's grant for unmet needs related to Disaster 1249 was to be directed to the Poarch Band of Creek Indians. We have since determined that the tribe's land is primarily in the State of Alabama; this is notice to the affected States that we have re-directed \$40,000 from Florida to Alabama, and that we have adjusted each State's total allocation commensurately. We have notified each State separately of this action through official correspondence.

Alabama will administer the tribe's grant.

Grant requirements/Use of funds. The purpose of these funds is to provide to the extent possible for unmet needs that are the direct result of presidentially declared major disasters in Fiscal Years 1998 and 1999. States (grantees) and subrecipients must use these funds for activities for which there is no available funding through FEMA, the Small Business Administration, or the U.S. Army Corps of Engineers.

The funds can be used only for unmet needs for the purposes of mitigation, buyout assistance, disaster relief, and long-term recovery. We urge States to use funding in all categories in a manner that will reduce future disaster related costs.

The State must administer any funding used for buyouts or mitigation activities by the State consistent with the intent of the Hazard Mitigation Grant Program. For example, States must ensure that mitigation and buy-out activities are cost effective and that they will restrict the use of acquired properties in the same manner as under the Hazard Mitigation Grant Program.

Environmental review. The State and FEMA will complete an environmental review for all activities. Generally these reviews must be completed before beginning projects. Applicants for funding under this program will be responsible for preparing environmental documentation, conducting appropriate consultation with authoritative State agencies, and forwarding the results of such documentation and consultation to us for final review and approval to enable us to ensure compliance with the National Environmental Policy Act, the National Historic Preservation Act, the Endangered Species Act, and all other Federal environmental statutes and Executive Orders. Costs to prepare documentation and conduct consultation are eligible project costs and should be included within the budgeted project cost. FEMA has retained a small amount of the available unmet needs funds to pay for additional environmental review, if it is necessary.

Cost share. Each State must provide an assurance that there will be not less than 25 percent in non-Federal funds, or equivalent value, to match unmet needs funds. Funds provided under this Act cannot be used as the non-Federal match for other Federal funds nor can other Federal funds be used as the required non-Federal match for these funds.

Allowable costs. States may use up to 7% of these funds for costs to administer or manage the grant. Administrative and management costs

should be included in the State's application. Further guidance on allowable costs for states and subgrantees can be found in Office of Management and Budget (OMB) Circulars on the Cost Principles.

- State and local governments should consult OMB Circular A-87.
- Private Non-Profit organizations should consult OMB Circular A-122.
- Educational institutions should consult OMB Circular A-21.

Reports. States will provide quarterly progress and financial reports to us within 30 days after the end of each Federal quarter. We will include the suggested format for these reports and exact due dates in the application package. The report must include specific information on actual projects funded during that quarter and the needs for which the funds were provided for each of those projects.

Evaluation process: Our regional offices will review State applications and quarterly progress reports to determine whether activities fall within the four eligible categories and that other Federal disaster relief programs do not already address them.

We use a system in which mitigation (including buyout assistance) is our priority, followed by long-term recovery and other unmet needs are generally categorized as disaster relief. States may submit unmet needs in any category, but we will emphasize mitigation and buyout assistance. We will determine other unmet needs (disaster relief and long-term recovery) based on State submissions. We will ask for reviews by appropriate Federal agencies so as to avoid duplication of existing Federal programs.

Based on the congressional action to place these funds under our disaster authorities, E.O. 12372 review procedures do not apply.

Application Submission and Deadline

We will mail application packages to States that are allocated funds in this notice. States should complete the application package and return it to our regional office listed in material that they receive.

Applications are due on or before 30 calendar days from the receipt of the application package that we send. Unless we receive a request for an extension we will reallocate funds from States that have not submitted an application by the due date.

Dated: January 4, 2000.

James L. Witt,
Director.
