

request or continues to process a pending request from that requester.

(4) When a component requires advance payment or payment due under paragraph (j)(3) of this section, the request will not be considered, and EPA will do no further work on the request until the required payment is made.

(k) Other statutes specifically providing for fees. The fee schedule of this section does not apply to fees charged under any other statute that specifically requires an agency to set and collect fees for particular types of records. When records responsive to requests are maintained for distribution by agencies operating such statutorily based fee schedule programs, components will inform requesters of the steps for obtaining records from those sources so that they may do so most economically.

(l) Waiver or reduction of fees. (1) Records responsive to a request will be furnished without charge or at a charge reduced below that established under paragraph (c) of this section when a component determines, based on all available information, that disclosure of the requested information is in the public interest because it is likely to contribute significantly to public understanding of the operations or activities of the government and is not primarily in the commercial interest of the requester.

(2) To determine whether the first fee waiver requirement is met, components will consider the following factors:

(i) The subject of the request: Whether the subject of the requested records concerns "the operations or activities of the government." The subject of the requested records must concern identifiable operations or activities of the Federal government, with a connection that is direct and clear, not remote.

(ii) The informative value of the information to be disclosed: Whether the disclosure is "likely to contribute" to an understanding of government operations or activities. The disclosable portions of the requested records must be meaningfully informative about government operations or activities in order to be "likely to contribute" to an increased public understanding of those operations or activities. The disclosure of information that already is in the public domain, in either a duplicative or a substantially identical form, would not be as likely to contribute to such understanding when nothing new would be added to the public's understanding.

(iii) The contribution to an understanding of the subject by the public is likely to result from disclosure:

Whether disclosure of the requested information will contribute to "public understanding." The disclosure must contribute to the understanding of a reasonably broad audience of persons interested in the subject, as opposed to the individual understanding of the requester. A requester's expertise in the subject area and ability and intention to effectively convey information to the public will be considered. It will be presumed that a representative of the news media will satisfy this consideration.

(iv) The significance of the contribution to public understanding: Whether the disclosure is likely to contribute "significantly" to public understanding of government operations or activities. The public's understanding of the subject in question, as compared to the level of public understanding existing prior to the disclosure, must be enhanced by the disclosure to a significant extent. Components will not make value judgments about whether information that would contribute significantly to public understanding of the operations or activities of the government is "important" enough to be made public.

(3) To determine whether the second fee waiver requirement is met, components will consider the following factors:

(i) The existence and magnitude of a commercial interest: Whether the requester has a commercial interest that would be furthered by the requested disclosure. Components will consider any commercial interest of the requester (with reference to the definition of "commercial use request" in paragraph (b)(1) of this section), or of any person on whose behalf the requester may be acting, that would be furthered by the requested disclosure. Requesters will be given an opportunity in the administrative process to provide explanatory information regarding this consideration.

(ii) The primary interest in disclosure: Whether any identified commercial interest of the requester is sufficiently large, in comparison with the public interest in disclosure, that disclosure is "primarily in the commercial interest of the requester." A fee waiver or reduction is justified where the public interest standard is satisfied and that public interest is greater in magnitude than that of any identified commercial interest in disclosure. Components ordinarily will presume that when a news media requester has satisfied the public interest standard, the public interest will be the interest primarily served by disclosure to that requester. Disclosure to data brokers or others who

merely compile and market government information for direct economic return will not be presumed to primarily serve the public interest.

(4) When only some of the requested records satisfy the requirements for a waiver of fees, a waiver will be granted for only those records.

(5) Requests for the waiver or reduction of fees should address the factors listed in paragraphs (1) (2) and (3) of this section, insofar as they apply to each request. Components will exercise their discretion to consider the cost-effectiveness of their investment of administrative resources in deciding whether to grant waivers or reductions of fees. Requests for the waiver or reduction of fees must be submitted along with the request or before processing of the request has been completed.

§ 2.107 Other rights and services.

Nothing in this subpart shall be construed to entitle any person, as a right, to any service or to the disclosure of any record to which such person is not entitled under the FOIA.

[FR Doc. 00-8837 Filed 4-11-00; 8:45 am]

BILLING CODE 6560-50-P

FEDERAL EMERGENCY MANAGEMENT AGENCY

44 CFR Part 67

[Docket No. FEMA-7307]

Proposed Flood Elevation Determinations

AGENCY: Federal Emergency Management Agency, FEMA.

ACTION: Proposed rule.

SUMMARY: Technical information or comments are requested on the proposed base (1% annual chance) flood elevations and proposed base flood elevation modifications for the communities listed below. The base flood elevations are the basis for the floodplain management measures that the community is required either to adopt or to show evidence of being already in effect in order to qualify or remain qualified for participation in the National Flood Insurance Program (NFIP).

DATES: The comment period is ninety (90) days following the second publication of this proposed rule in a newspaper of local circulation in each community.

ADDRESSES: The proposed base flood elevations for each community are available for inspection at the office of

the Chief Executive Officer of each community. The respective addresses are listed in the following table.

FOR FURTHER INFORMATION CONTACT:

Matthew B. Miller, P.E., Chief, Hazards Study Branch, Mitigation Directorate, Federal Emergency Management Agency, 500 C Street SW., Washington, DC 20472, (202) 646-3461, or (email) matt.miller@fema.gov.

SUPPLEMENTARY INFORMATION: The Federal Emergency Management Agency (FEMA or Agency) proposes to make determinations of base flood elevations and modified base flood elevations for each community listed below, in accordance with section 110 of the Flood Disaster Protection Act of 1973, 42 U.S.C. 4104, and 44 CFR 67.4(a).

These proposed base flood and modified base flood elevations, together with the floodplain management criteria required by 44 CFR 60.3, are the minimum that are required. They should not be construed to mean that the community must change any existing ordinances that are more stringent in their floodplain management requirements. The community may at any time enact stricter requirements of its own, or pursuant to policies established by other Federal, state or regional entities. These proposed elevations are used to meet

the floodplain management requirements of the NFIP and are also used to calculate the appropriate flood insurance premium rates for new buildings built after these elevations are made final, and for the contents in these buildings.

National Environmental Policy Act

This proposed rule is categorically excluded from the requirements of 44 CFR Part 10, Environmental Consideration. No environmental impact assessment has been prepared.

Regulatory Flexibility Act

The Associate Director, Mitigation Directorate, certifies that this proposed rule is exempt from the requirements of the Regulatory Flexibility Act because proposed or modified base flood elevations are required by the Flood Disaster Protection Act of 1973, 42 U.S.C. 4104, and are required to establish and maintain community eligibility in the National Flood Insurance Program. As a result, a regulatory flexibility analysis has not been prepared.

Regulatory Classification

This proposed rule is not a significant regulatory action under the criteria of section 3(f) of Executive Order 12866 of

September 30, 1993, Regulatory Planning and Review, 58 FR 51735.

Executive Order 12612, Federalism

This proposed rule involves no policies that have federalism implications under Executive Order 12612, Federalism, dated October 26, 1987.

Executive Order 12778, Civil Justice Reform

This proposed rule meets the applicable standards of section 2(b)(2) of Executive Order 12778.

List of Subjects in 44 CFR Part 67

Administrative practice and procedure, Flood insurance, Reporting and recordkeeping requirements.

Accordingly, 44 CFR part 67 is proposed to be amended as follows:

PART 67—[AMENDED]

1. The authority citation for part 67 continues to read as follows:

Authority: 42 U.S.C. 4001 *et seq.*; Reorganization Plan No. 3 of 1978, 3 CFR, 1978 Comp., p. 329; E.O. 12127, 44 FR 19367, 3 CFR, 1979 Comp., p. 376.

§ 67.4 [Amended]

2. The tables published under the authority of § 67.4 are proposed to be amended as follows:

| State | City/town/county | Source of flooding | Location | #Depth in feet above ground. *Elevation in feet (NGVD) | |
|---------------|---------------------------------|----------------------|---|--|----------|
| | | | | Existing | Modified |
| Alabama | Cowarts (Town), Houston County. | Crawford Creek | Approximately 1,325 feet downstream of Omusee Road. | None | *228 |
| | | | Just upstream of Omusee Road | None | *233 |

Maps available for inspection at the Cowarts Town Hall, 800 Jester Street, Cowarts, Alabama.

Send comments to The Honorable Robert Hall, Mayor of the Town of Cowarts, 800 Jester Street, Cowarts, Alabama 36321.

| | | | | | |
|---------------|--------------------------------|--------------------------|--|------|------|
| Alabama | Dothan (City), Houston County. | Rock Creek | Approximately 50 feet upstream of the confluence with Little Choctawhatchee River. | *227 | *228 |
| | | Beaver Creek Tributary 1 | At Murray Road | *310 | *312 |
| | | | Approximately 300 feet downstream of Honeysuckle Road. | *271 | *270 |
| | | Poplar Spring | Approximately 100 feet upstream of State Route 52. | None | *305 |
| | | | At the confluence with Omusee Creek | None | *216 |
| | | Rocky Branch | At a point approximately 300 feet upstream of U.S. Route 84. | None | *283 |
| | | | Approximately 150 feet upstream of the confluence with Omusee Creek. | None | *231 |
| | | Cypress Creek | At East Wilson Street | *302 | *301 |
| | | | Approximately 1,700 feet upstream of Hodgesville Road. | None | *227 |
| | | Buelah Creek | Approximately 60 miles upstream of East Coe Dairy Road. | None | *291 |
| | | | Approximately 1,500 feet upstream of the confluence with Omusee Creek. | None | *233 |
| | | | Approximately 1.04 miles upstream of Headland Avenue. | None | *276 |

| State | City/town/county | Source of flooding | Location | #Depth in feet above ground. *Elevation in feet (NGVD) | |
|-------|------------------|---------------------------|--|--|----------|
| | | | | Existing | Modified |
| | | Omusee Creek | Approximately 50 feet upstream of the confluence of Golf Creek. | None | *208 |

BILLING CODE 6718-04-P

FEDERAL COMMUNICATIONS COMMISSION

47 CFR Part 43

[CC Docket No. 98-137, CC Docket No. 99-117, AAD File No. 98-26; FCC 00-119]

1998 Biennial Regulatory Review—Review of Depreciation Requirements for Incumbent Local Exchange Carriers

AGENCY: Federal Communications Commission.

ACTION: Proposed rule.

SUMMARY: In this document the primary goal of the Commission is to determine whether there are circumstances under which Commission depreciation requirements could be eliminated for price-cap carriers in a manner that serves the public interest. In reaching this goal it is important to ensure that the consumers are protected against harmful rate impacts that could result from unregulated depreciation practices. The Commission remains concerned, and seeks to assure, that any changes in depreciation practices do not adversely impact consumers and competition.

DATES: Written comments by the public on the proposed information collections are due April 17, 2000. Reply comments must be received on or before April 28, 2000. Written comments must be submitted by the Office of Management and Budget (OMB) on the proposed information collection(s) on or before June 12, 2000.

ADDRESSES: Federal Communications Commission, 445—12th Street, SW, TW-A325, Washington, DC 20554. In addition to filing comments with the Office of the Secretary, a copy of any comments on the information collections contained herein should be submitted to Judy Boley, Federal Communications Commission, Room 1-C804, 445 12th Street, SW, Washington, DC 20554, or via the Internet to jboley@fcc.gov. In addition to filing comments with the Secretary, a copy of any comments on the information collections contained herein should be submitted to Judy Boley, Federal Communications Commission, Room 1-C804, 445 12th Street, SW, Washington, DC 20554, or via the Internet to jboley@fcc.gov, and to Edward C.

Springer, OMB Desk Officer, 10236 NEOB, 725—17th Street, NW, Washington, DC 20503 or via the Internet to Edward.Springer@omb.eop.gov. For additional information concerning the information collection(s) contained in this document, contact Judy Boley at 202-418-0214, or via the Internet at jboley@fcc.gov.

FOR FURTHER INFORMATION CONTACT:

JoAnn Lucanik, Accounting Safeguards Division, Common Carrier Bureau at (202) 418-0873 or Andy Multz, Chief, Legal Branch, Accounting Safeguards Division, Common Carrier Bureau at (202) 418-0827. For additional information concerning the information collection(s) contained in this document, contact Judy Boley at 202-418-0214, or via the Internet at jboley@fcc.gov.

SUPPLEMENTARY INFORMATION: The Further Notice of Proposed Rulemaking (FNPRM) in CC Docket No. 98-137, CC Docket No. 99-117 and AAD File No. 98-86, adopted on March 31, 2000 and released on April 3, 2000, is available for inspection and copying during normal business hours in the FCC Reference Information Center (RIC), 445 12th Street, SW, TW-A325, Washington, DC 20554. The complete text may be purchased from the Commission's copy contractor, International Transcription Service, Inc., 1231 20th Street, NW, Washington, DC 20036 (202) 857-3800.

This FNPRM contains proposed information collection(s) subject to the Paperwork Reduction Act of 1995 (PRA). It has been submitted to the Office of Management and Budget (OMB) for review under the PRA. OMB, the general public, and other Federal agencies are invited to comment on the proposed information collections contained in this proceeding.

Paperwork Reduction Act

This FNPRM contains a proposed information collection. The Commission, as part of its continuing effort to reduce paperwork burdens, invites the general public and the Office of Management and Budget (OMB) to comment on the information collection(s) contained in this NPRM, as required by the Paperwork Reduction Act of 1995, Public Law 104-13. Public and agency comments are due at the same time as other comments on this FNPRM; OMB notification of action is due 60 days from date of publication of this FNPRM in the **Federal Register**.

Comments should address: (a) whether the proposed collection of information is necessary for the proper

performance of the functions of the Commission, including whether the information shall have practical utility; (b) the accuracy of the Commission's burden estimates; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology.

OMB Control Number: 3060-0168.

Title: Reports of Proposed Changes in Depreciation Rates—Section 43.43.

Form No.: N/A.

Type of Review: Revision of existing collection.

Respondents: Business or other for-profit.

Number of Respondents: 10.

Estimated Time Per Response: 4000 hours (avg).

Total Annual Burden: 40,000 hours.

Cost to Respondents: \$0.

Needs and Uses: The FNPRM seeks comment on a proposal to provide relief from the Commission's depreciation prescription process for price cap incumbent LECs. Generally, the proposal provides for a price cap incumbent LEC to adjust the net book costs on its regulatory books to its financial book levels and amortize the difference over a five year period; forego the opportunity to seek recovery of the amortized difference in any state and/or interstate rates through a low-end adjustment, an exogenous adjustment, an above-cap filing or any other recovery mechanism; use the same depreciation factors and rates for both regulatory and financial accounting purposes; submit information concerning its depreciation accounts, including forecast additions and retirements for major network accounts and replacement plans for digital central offices; use the amortized amount in the calculation of regulated earnings; and report costs that reflect both amortization as a one time write-off and as amortized over the five year period. If adopted, the proposal would most likely eliminate the waiver process set forth in the R&O.

Synopsis of Notice

In their *March 3, 2000 letter*, Incumbent Local Exchange Carriers (ILECs) participating in the Coalition for Affordable Local and Long Distance (CALLS) modified plan identified a potential alternative joint waiver approach to achieving the objectives set forth in the *Depreciation Order* released on December 30, 1999 (FCC 99-397), 65 FR 18926 (April 7, 2000). Specifically,
