BILLING CODE 3410–EN–P

DEPARTMENT OF AGRICULTURE

Rural Business-Cooperative Service

Inviting Preapplications for Rural Cooperative Development Grants

AGENCY: Rural Business-Cooperative Service, USDA.

ACTION: Notice of funding availability.

SUMMARY: The Rural Business-Cooperative Service (RBS) announces the availability of approximately \$4 million in competitive Rural Cooperative Development Grant (RCDG) funds for fiscal year (FY) 2000. Of this amount, \$1.5 million will be reserved for preapplications whose focus is on assistance to small, minority producers through their cooperative businesses. The intended effect of this notice is to solicit preapplications for FY 2000 and award grants before September 1, 2000.

DATES: The deadline for receipt of a preapplication is June 2, 2000. Preapplications received after that date will not be considered. Preapplications

should be sent to the State Rural Development Offices (see attached list for addresses).

ADDRESSES: Entities wishing to apply for assistance should contact their USDA Rural Development State office to receive further information and copies of the preapplication package.

FOR FURTHER INFORMATION CONTACT:

James E. Haskell, Assistant Deputy Administrator, Cooperative Services, Rural Business-Cooperative Service, U.S. Department of Agriculture, Stop 3250, Room 4016, South Agriculture Building, 1400 Independence Avenue, SW., Washington, DC 20250–3250. Telephone (202) 720–8460.

SUPPLEMENTARY INFORMATION: The Rural Technology and Cooperative Development Grants (RTCDG) program is authorized by section 310B(e) of the Consolidated Farm and Rural Development Act (7 U.S.C. 1932) and regulations are contained in 7 CFR part 4284, subpart F. The primary objective of the RCDG program is to improve the economic condition of rural areas through cooperative development. The program is administered through USDA Rural Development State offices acting on behalf of RBS.

Grants will be awarded on a competitive basis to nonprofit corporations and institutions of higher education based on specific selection criteria. The priorities described in this paragraph will be used by RBS to rate preapplications. RBS review of preapplications will include the complete preapplication package submitted to the Rural Development State office. Points will be distributed according to ranking with other preapplications.

(a) Priority will be given to applications that:

(1) Demonstrate a proven track record in administering a nationally coordinated or regionally or State-wide operated project;

(2) Demonstrate previous expertise in providing technical assistance to cooperatives in rural areas;

(3) Demonstrate the ability to assist in the retention of business, facilitate the establishment of cooperatives and new cooperative approaches, or generate employment opportunities that will improve the economic conditions of rural areas;

(4) Demonstrate the ability to create horizontal linkages among cooperative businesses within and among various sectors in rural areas of the United States and vertical linkages to domestic and international markets;

(5) Provide technical assistance and other services to underserved and

economically distressed rural areas of the United States;

(6) Commit to providing greater than a 25 percent matching contribution with private funds and in-kind contributions;

(7) Evidence transferability or demonstration value to assist rural areas outside of project area; and

(8) Demonstrate that any cooperative development activity is consistent with positive environmental stewardship.

Fiscal Year 2000 Preapplication Submission

Preapplications must include a clear statement of the goals and objectives of the project and a plan which describes the proposed project as required by the statute and 7 CFR part 4284, subpart F. Each preapplication received in the State office will be reviewed to determine if the preapplication is consistent with the eligible purposes outlined in 7 CFR part 4284, subpart F. Preapplications without supportive data to address selection criteria will not be considered. Also, since the cooperative center concept is to provide a wide range of technical assistance services, including feasibility analysis, to all cooperatives or potential cooperatives within the project area, preapplications that focus on a single cooperative will not be considered. Copies of 7 CFR part 4284, subpart F, will be provided to any interested applicant by making a request to the Rural Development State office or RBS National office.

Preapplications must be completed and submitted to the State Rural Development office as soon as possible, but no later than June 2, 2000. Preapplications received after June 2 will not be considered.

Preapplications must contain the documentation delineated in 7 CFR 4284.528. For ease of locating information, please include in each preapplication information as follows:

(a) A detailed Table of Contents containing page numbers for each component of the preapplication.

(b) A project summary of 250 words or less on a separate page. This page should include the title of the project and the names of the primary project contacts and the applicant organization, followed by the summary. The summary should be self-contained and should describe the overall goals, relevance of the project, and a listing of all organizations involved in the project. The project summary should immediately follow the Table of Contents.

(c) A separate one-page information sheet which lists each of the eight evaluation criteria followed by the page

numbers of all relevant material and documentation contained in the preapplication which supports that criteria. This page should immediately follow the project summary; and

(d) For applicants who have received funding under the Rural Cooperative Development Grant program in FY 1997, FY 1998, or FY 1999 a summation, not to exceed three pages, of progress and results for all projects funded fully or partially by the RCDG program in those years, including the status of cooperative businesses organized and all eligible grant purpose activities listed under 7 CFR 4284.515.

The National office will score applications based only on the grant selection criteria contained in 7 CFR part 4284, subpart F and listed above, and will select awardees subject to the availability of funds and the awardee's satisfactory submission of a formal application and related materials in accordance with subpart F. Entities submitting preapplications that are selected for award will be invited by the State office to submit a formal application prior to September 1. It is anticipated that grant awardees will be selected by September 1, 2000.

Dated: April 17, 2000.

Administrator, Rural Business-Cooperative Services.
