

**SUPPLEMENTARY INFORMATION:****Initiation of Reviews**

In accordance with 19 CFR 351.218 (see Procedures for Conducting Five-

year ("Sunset") Reviews of Antidumping and Countervailing Duty Orders, 63 FR 13516 (March 20, 1998)), we are initiating sunset reviews of the

following antidumping and countervailing duty orders or suspended investigations:

DOC Case No.	ITC Case No.	Country	Product
A-570-835 .....	A-731-703 .....	China .....	Furfuryl Alcohol.
A-549-812 .....	A-731-705 .....	Thailand .....	Furfuryl Alcohol.

**Statute and Regulations**

Pursuant to sections 751(c) and 752 of the Act, an antidumping duty ("AD") order will be revoked unless revocation or termination would be likely to lead to continuation or recurrence of (1) dumping, and (2) material injury to the domestic industry.

This review was conducted pursuant to sections 751(c) and 752 of the Act. The Department's procedures for the conduct of sunset reviews are set forth in Procedures for Conducting Five-year ("Sunset") Reviews of Antidumping and Countervailing Duty Orders, 63 FR 13516 (March 20, 1998) ("Sunset Regulations") and in 19 CFR part 351 (1999) in general. Guidance on methodological or analytical issues relevant to the Department's conduct of sunset reviews is set forth in the Department's Policy Bulletin 98:3—Policies Regarding the Conduct of Five-year ("Sunset") Reviews of Antidumping and Countervailing Duty Orders; Policy Bulletin, 63 FR 18871 (April 16, 1998) ("Sunset Policy Bulletin").

**Filing Information**

As a courtesy, we are making information related to sunset proceedings, including copies of the Sunset Regulations and Sunset Policy Bulletin, the Department's schedule of sunset reviews, case history information (e.g., previous margins, duty absorption determinations, scope language, import volumes), and service lists, available to the public on the Department's sunset internet website at the following address: "http://www.ita.doc.gov/import\_admin/records/sunset/".

All submissions in the sunset review must be filed in accordance with the Department's regulations regarding format, translation, service, and certification of documents. These rules can be found at 19 CFR 351.303 (1998). Also, we suggest that parties check the Department's sunset website for any updates to the service list before filing any submissions. We ask that parties notify the Department in writing of any additions or corrections to the list. We also would appreciate written

notification if you no longer represent a party on the service list.

Because deadlines in a sunset review are, in many instances, very short, we urge interested parties to apply for access to proprietary information under administrative protective order ("APO") immediately following publication in the **Federal Register** of the notice of initiation of the sunset review. The Department's regulations on submission of proprietary information and eligibility to receive access to business proprietary information under APO can be found at 19 CFR 351.304–306 (see *Antidumping and Countervailing Duty Proceedings: Administrative Protective Order Procedures; Procedures for Imposing Sanctions for Violation of a Protective Order*, 63 FR 24391 (May 4, 1998)).

**Information Required From Interested Parties**

Domestic interested parties (defined in 19 CFR 351.102 (1998)) wishing to participate in the sunset review must respond not later than 15 days after the date of publication in the **Federal Register** of the notice of initiation by filing a notice of intent to participate. The required contents of the notice of intent to participate are set forth in the Sunset Regulations at 19 CFR 351.218(d)(1)(ii). In accordance with the Sunset Regulations, if we do not receive a notice of intent to participate from at least one domestic interested party by the 15-day deadline, the Department will automatically revoke the order without further review.

If we receive a notice of intent to participate from a domestic interested party, the Sunset Regulations provide that *all parties* wishing to participate in the sunset review must file substantive responses not later than 30 days after the date of publication in the **Federal Register** of the notice of initiation. The required contents of a substantive response are set forth in the Sunset Regulations at 19 CFR 351.218(d)(3). Note that certain information requirements differ for foreign and domestic parties. Also, note that the Department's information requirements are distinct from the International Trade

Commission's information requirements. Please consult the Sunset Regulations for information regarding the Department's conduct of sunset reviews.<sup>1</sup> Please consult the Department's regulations at 19 CFR part 351 (1998) for definitions of terms and for other general information concerning antidumping duty order proceedings at the Department.

This notice of initiation is being published in accordance with section 751(c) of the Act and 19 CFR 351.218(c).

Dated: April 25, 2000.

**Gray Portland Cement and Clinker:  
Notice of Extension of Time Limit for  
Preliminary Results of Antidumping  
Duty Administrative Review**

**AGENCY:** Import Administration, International Trade Administration, Department of Commerce.

**ACTION:** Notice of extension of time limit for preliminary results of antidumping duty administrative review.

**EFFECTIVE DATE:** May 1, 2000.

**FOR FURTHER INFORMATION CONTACT:** George Callen or Robin Gray, AD/CVD Enforcement, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, N.W., Washington, D.C. 20230; telephone: (202) 482-0180 and (202) 482-4023 respectively.

<sup>1</sup> A number of parties commented that these interim-final regulations provided insufficient time for rebuttals to substantive responses to a notice of initiation (*Sunset Regulations*, 19 CFR 351.218(d)(4)). As provided in 19 CFR 351.302(b) (1998), the Department will consider individual requests for extension of that five-day deadline based upon a showing of good cause.

## The Applicable Statute

Unless otherwise indicated, all citations to the statute are references to the provisions effective January 1, 1995, the effective date of the amendments made to the Tariff Act of 1930 (the Act) by the Uruguay Round Agreements Act. In addition, unless otherwise indicated, all citations to the Department of Commerce's (the Department's) regulations are to 19 C.F.R. Part 351 (1998).

## Extension of Time Limit for Preliminary Results

The Department of Commerce (the Department) received a request to conduct an administrative review of the antidumping duty order on Gray Portland Cement and Clinker from Mexico. On October 1, 1999, the Department initiated this administrative review covering the period August 1, 1998, through August 31, 1999.

Because of the complexity and timing of certain issues in this case, it is not practicable to complete this review within the time limit mandated by section 751(a)(3)(A) of the Act. Following initiation of the administrative review, we received an allegation of sales below cost. We have completed our analysis of the cost allegation and are in the process of conducting a cost investigation. However, since we did not receive the allegation of sales below cost until more than three months after initiation of the administrative review, we are unable to complete our analysis before the current deadline. Therefore, the Department is extending the time limit for the preliminary results to August 30, 2000. The Department intends to issue the final results of review 120 days after the publication of the preliminary results. This extension of the time limit is in accordance with section 751(a)(3)(A) of the Act and 19 CFR 351.213(h)(2).

Dated: April 19, 2000.

#### Coastal Nonpoint Pollution Control Program: Approval Decision on California Coastal Nonpoint Pollution Control Program

**AGENCY:** National Oceanic and Atmospheric Administration, U.S. Department of Commerce, and The U.S. Environmental Protection Agency.

**ACTION:** Notice of intent to approve the California Coastal Nonpoint Program.

**SUMMARY:** Notice is hereby given of the intent to fully approve the California Coastal Nonpoint Pollution Control Program (coastal nonpoint program) and of the availability of the draft Approval Decisions on conditions for the California coastal nonpoint program. Section 6217 of the Coastal Zone Act Reauthorization Amendments (CZARA), 16 U.S.C. section 1455b, requires states and territories with coastal zone management programs that have received approval under section 306 of the Coastal Zone Management Act to develop and implement coastal nonpoint programs. Coastal states and territories were required to submit their coastal nonpoint programs to the National Oceanic and Atmospheric Administration (NOAA) and the U.S. Environmental Protection Agency (EPA) for approval in July 1995. NOAA and EPA conditionally approved the California coastal nonpoint program on June 30, 1998. NOAA and EPA have drafted approval decisions describing how California has satisfied the conditions placed on its program and therefore has a fully approved coastal nonpoint program.

NOAA and EPA are making the draft decisions for the California coastal nonpoint program available for a 30-day public comment period. If no comments are received, the California program will be approved. If comments are received, NOAA and EPA will consider whether such comments are significant enough to affect the decision to fully approve the program.

Copies of the draft Approval Decisions can be found on the NOAA website at <http://www.nos.noaa.gov/ocrm/czm/> or may be obtained upon request from: Joseph P. Flanagan, Coastal Programs Division (N/ORM3), Office of Ocean and Coastal Resource Management, NOS, NOAA, 1305 East-West Highway, Silver Spring, Maryland,
