#### SUPPLEMENTARY INFORMATION:

##### I. Background

On March 16, 2000 (65 FR 14422), HUD issued its final rule to implement the new formula system for allocation of funds to public housing agencies for their capital needs, as required by statute. The March 16, 2000 final rule followed publication of a September 14, 1999 proposed rule which was developed through the negotiated rulemaking process, and which took into consideration public comment received on the proposed rule. This rule amends the March 16, 2000 final rule to correct an error concerning performance awards for high performing PHAs.

In the preamble to the final rule, HUD stated that § 905.10(j) of the proposed rule, which addresses the performance reward factor, was revised at the final rule stage to reflect the status of implementation of the Public Housing Assessment System (PHAS). (See 65 FR 14423, first column.)

Section 905.10(j)(3) of the rule text provided as follows:

The first performance awards will be given based upon PHAS scores for PHA fiscal years ending December 31, 2000, March 31, 2001, June 30, 2001, and September 30, 2001, with PHAs typically having received those PHAS scores within approximately 3 months after the end of those fiscal years. (See 65 FR 14429, third column)

The regulatory text, however, did not accurately reflect the status of implementation of PHAS. The final rule that made amendments to the PHAS was published on January 11, 2000 (65 FR 1712), and took effect on February 10, 2000. The PHAS final rule provides that the first PHAS scores will be issued for PHAs with fiscal years ending on or after March 31, 2000, and therefore these PHAs will be the first to be eligible for a performance award. Given the January 11, 2000 PHAS final rule, § 905.10(j)(3) of the Capital Fund final rule did not reflect the status of implementation of PHAS, as the preamble to the Capital Fund rule advised that this section would.<sup>1</sup>

To correct the inconsistency between the preamble and the regulatory text in the March 16, 2000 final rule, HUD is amending the March 16, 2000 final rule to remove paragraph (3) of § 902.10(j). On further consideration, HUD determined that there is no need for the rule to list the dates when PHAs will be eligible for performance awards under the Capital Fund Formula based on PHAS scores. As noted in the preamble, PHAs are eligible for a performance award upon receipt of their PHAS scores (whenever the PHAS scores are issued) and if they are designated high performers under PHAS.

##### II. Justification for Final Rulemaking

In general, HUD publishes a rule for public comment before issuing a rule for effect, in accordance with its own regulations on rulemaking at 24 CFR part 10. Part 10, however, provides for exceptions from that general rule where HUD finds good cause to omit advance notice and public participation. The good cause requirement is satisfied when the prior public procedure is "impracticable, unnecessary, or contrary to the public interest" (24 CFR 10.1). HUD finds that good cause exists to publish this rule for effect without first soliciting public comment, in that prior public procedure is unnecessary. The purpose of this rule is limited to amending an error in the March 16,

<sup>1</sup> The PHAS Transition Notice issued by HUD on October 21, 1999 (64 FR 56677) advised that PHAs with fiscal years ending September 30, 1999, or December 31, 1999, would receive PHAS advisory scores. The January 11, 2000 PHAS final rule is consistent with the transition notice in providing that the first PHAS scores will be issued for PHAs with fiscal years ending on or after March 31, 2000.

2000 Capital Fund final rule. The preamble explained how the rule would address implementation of the performance award factor of the Capital Fund Formula. As explained in the preamble, implementation of the performance award factor would coincide with implementation of PHAS. The regulatory text of the Capital Fund final rule, however, inadvertently failed to accurately reflect implementation of PHAS, as provided in the January 11, 2000 PHAS final rule. This rule therefore amends the March 16, 2000 final rule to correct this inconsistency.

### III. Findings and Certifications

#### *Environmental Impact*

A Finding of No Significant Impact with respect to the environment was prepared in connection with the September 14, 1999 proposed rule in accordance with the HUD regulations at 24 CFR part 50, which implement section 102(2)(C) of the National Environmental Policy Act (42 U.S.C. 4223). The regulatory flexibility analysis provided in the March 16, 2000 final rule is applicable to this rule.
