

Alternate Case

Alternate Twenty-Eight Revised Sheet No. 17

ANR states that this filing includes both a primary and an alternative set of tariff sheets. In its primary case, ANR seeks to reduce its currently effective cashout surcharge applicable to all cashout activity to \$0.000, and implement an interim cashout surcharge applicable to service under Rate Schedules PTSB1, PTS-2 and PTS-3 for the purpose of giving ANR an opportunity to recover its cumulative cashout imbalance. The interim change of \$0.0120 per Dth is estimated to be in effect for a period of one year. In the alternative, if the primary case is not accepted by the Commission, ANR proposes to increase its currently effective cashout surcharge, from \$0.1211 per Dth to \$0.3344, pursuant to section 15.5 of the General Terms and Conditions of its tariff.

Any person desiring to be heard or to protest said filing should file a motion to intervene or a protest with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, in accordance with sections 385.214 or 385.211 of the Commission's Rules and Regulations. All such motions or protests must be filed in accordance with section 154.210 of the Commission's Regulations. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceedings. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection in the Public Reference Room. This filing may be viewed on the web at <http://www.ferc.fed.us/online/rims.htm> (call 202-208-2222 for assistance).

[Docket No. RP00-268-000]

Destin Pipeline Company, L.L.C.; Notice of Proposed Changes in FERC Gas Tariff and Requests for Waiver

May 5, 2000.

Take notice that on May 2, 2000, Destin Pipeline Company, L.L.C. (Destin) tendered for filing as part of its FERC Gas Tariff, Original Volume No. 1,

revised tariff sheets attached as Appendix A to the filing, proposed to become effective June 1, 2000.

Destin states that the purpose of this filing is to make certain housekeeping changes and to reflect a change in operator status as a result of the pending sale of Southern Natural Gas Company's (Southern) one-third ownership interest in Destin to Amoco Destin Pipeline Company (Amoco). A change in operator status is necessitated since the original operator, Southern, will no longer be a member-owner of Destin. Amoco and Tejas Destin, LLC will jointly operate the Destin pipeline system as more fully described in the application.

Destin also requests waiver of Order No. 587-I, to implement Internet Communications by December 31, 2000, and of its tariff requirements to offer shippers the option of electronic service agreements and other legal documents.

Any person desiring to be heard or to protest said filing should file a motion to intervene or a protest with the Federal Energy Regulatory Commission, 888 First Street, NE, Washington, DC 20426, in accordance with sections 385.214 or 385.211 of the Commission's Rules and Regulations. All such motions or protests must be filed in accordance with section 154.210 of the Commission's Regulations. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceedings. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection in the Public Reference Room. This filing may be viewed on the web at <http://www.ferc.fed.us/online/rims.htm> (call 202-208-2222 for assistance).

Indianapolis Power & Light Company; Notice of Informal Settlement Conference

May 5, 2000.

Take notice that an informal settlement conference will be convened in this proceeding commencing at 10

a.m. on Thursday, May 11, 2000, at the offices of the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC, 20426, for the purpose of exploring the possible settlement of the above-referenced docket.

Any party, as defined by 18 CFR 385.102(c), or any participant as defined by 18 CFR 385.102(b), is invited to attend. Persons wishing to become a party must move to intervene and receive intervenor status pursuant to the Commission's regulations (18 CFR 385.214).

For additional information, please contact Edith Gilmore at (202) 208-2158.

[Docket No. RP99-176-019]

Natural Gas Pipeline Company of America; Notice of Proposed Change in FERC Gas Tariff

May 5, 2000.

Take notice that on May 2, 2000, Natural Gas Pipeline Company of America (Natural) tendered for filing to be a part of its FERC Gas Tariff, Sixth Revised Volume No. 1, Original Sheet No. 26K, to be effective May 1, 2000.

Natural states that the purpose of this filing is to implement a negotiated rate transaction with Central Illinois Light Company (CILCO) under Rate Schedule FTS pursuant to Section 49 of the General Terms and Conditions of Natural's Tariff.

Natural further states that this transaction is being filed in accordance with the Commission's ruling that a transportation rate inclusive of surcharges would be considered a negotiated rate transaction.

Natural requests waiver of section 49.1(e) of the General Terms and Conditions of its Tariff and of the Commission's Regulations, including the 30-day notice requirement of section 154.207, to the extent necessary to permit Original Sheet No. 26K to become effective May 1, 2000.

Natural states that copies of the filing are being mailed to its customers, interested state commissions and all parties set out on the Commission's official service list in Docket No. RP99-176.

Any person desiring to be heard or to protest said filing should file a motion

to intervene or a protest with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, in accordance with sections 385.214 or 385.211 of the Commission's Rules and Regulations. All such motions or protests must be filed in accordance with section 154.210 of the Commission's Regulations. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceedings. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection in the Public Reference Room. This filing may be viewed on the web at <http://www.ferc.fed.us/online/rims.htm> (call 202-208-2222 for assistance).

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. CP00-231-000]

Southern Natural Gas Company; Notice of Application

May 5, 2000.

Take notice that on April 28, 2000, Southern Natural Gas Company (Southern), AmSouth-Sonat Tower, 1900 Fifth Avenue North, Birmingham, Alabama 35203, filed in Docket No. CP00-231-000 an application pursuant to Section 7 of the Natural Gas Act (NGA), for a certificate of public convenience and necessity authorizing Southern to construct, install, and operate a 3,500 horsepower compressor unit at its existing Wrens Compressor Station in Jefferson County, Georgia, all as more fully set forth in the application which is on file with the Commission and open to public inspection. The filing may be viewed at <http://www.ferc.fed.us/online/rims.htm> (call 202-208-2222 for assistance).

Any questions regarding the application should be directed to Ms. Patricia S. Francis, Senior Counsel, Southern Natural Gas Company, Post Office Box 2563, Birmingham, Alabama 35202-2563 or call (205) 325-7696.

Southern states that the proposed compressor addition is an integral part of an Offer of Settlement filed by Southern on March 10, 2000, in Docket Nos. RP99-496-000 and RP99-496-001

to resolve all outstanding issues in Southern's Section 4 rate proceeding. Southern also states that pursuant to Article X of the Offer of Settlement, it requests permission to roll the costs of the compressor addition into its system-wide rates in Southern's next rate case. Southern estimates that the compressor addition will cost about \$5.2 million.

Southern states that the proposed compressor addition will improve system operations at a critical compressor station on Southern's South Maine Line which provides service to Southern's existing customers. Specifically, Southern states that the compressor addition will stabilize pressures at the eastern end of its system and will reduce the amount of switching between its South Main Lines and Wrens Savannah Lines.

Any person desiring to participate in the hearing process or to make any protest with reference to said application should on or before May 26, 2000, file with the Federal Energy Regulatory Commission, Washington, D.C. 20426, a motion to intervene or a protest in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the NGA (18 CFR 157.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. The Commission's rules require that protestors provide copies of their protests to the party or parties directly involved. Any person wishing to become a party to a proceeding or to participate in any hearing therein must file a motion to intervene in accordance with the Commission's Rules.

A person obtaining intervenor status will be placed on the service list maintained by the Secretary of the Commission and will receive copies of all documents filed by the applicant and by every one of the intervenors. An intervenor can file for rehearing of any Commission order and can petition for court review of any such order. However, an intervenor must submit copies of comments or any other filing it makes with the Commission to every other intervenor in the proceeding, as well as 14 copies with the Commission.

A person does not have to intervene, however, in order to have comments considered. A person, instead, may submit two copies of comments to the Secretary of the Commission. Commenters will be placed on the Commission's environmental mailing list, will receive copies of the environmental documents and will be

able to participate in meetings associated with the Commission's environmental review process. Commenters will not be required to serve copies of filed documents on all other parties. However, commenters will not receive copies of all documents filed by other parties, or issued by the Commission and will not have the right to seek rehearing or appeal the Commission's final order to a federal court.

The Commission will consider all comments and concerns equally, whether filed by commenters or those requesting intervenor status.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Energy Regulatory Commission by Sections 7 and 15 of the NGA and the Commission's Rules of Practice and Procedure, a hearing will be held without further notice before the Commission or its designee on this application if no motion to intervene is filed within the time required herein, if the Commission on its own review of the matter finds that a grant of the certificate is required by the public convenience and necessity. If a motion for leave to intervene is timely filed, or if the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure provided for, unless otherwise advised, it will be unnecessary for Southern to appear or be represented at the hearing.

David P. Boergers,

Secretary.
