The Commission further determines, pursuant to section 735(b) of the Act, that an industry in the United States is not materially injured or threatened with material injury, and the establishment of an industry in the United States is not materially retarded, by reason of imports from Korea and Taiwan of low-melt polyester staple fiber, provided for in subheading 5503.20.00 of the Harmonized Tariff Schedule of the United States, that have been found by the Department of Commerce to be sold in the United States at LTFV.³

Background

Notice of the scheduling of the Commission's investigations and of a public hearing to be held in connection therewith was given by posting copies of the notice in the Office of the Secretary, U.S. International Trade Commission, Washington, DC, and by publishing the notice in the **Federal Register** of November 24, 1999 (64 FR 66198). The hearing was held in Washington, DC on March 28, 2000, and all persons who requested the opportunity were permitted to appear in person or by counsel.

² Chairman Bragg found one domestic like product and therefore made an affirmative determination with respect to all certain polyester staple fiber, provided for in subheading 5503.20.00 of the Harmonized Tariff Schedule of the United States.
