FEDERAL RESERVE SYSTEM

12 CFR Part 261a

[Docket No. R–1071]

Rules Regarding Access to Personal Information Under the Privacy Act

AGENCY: Board of Governors of the Federal Reserve System.

ACTION: Final rule.

SUMMARY: In accordance with the Privacy Act, the Board of Governors of the Federal Reserve System (Board) is amending its Rules Regarding Access to Personal Information under the Privacy Act to include a new system of records, entitled Multi-rater Feedback Records (BGFRS–25) to the list of system of records that is exempt from certain required disclosures. Notice of the new system of records is published elsewhere in this **Federal Register**.

EFFECTIVE DATE: June 28, 2000.

FOR FURTHER INFORMATION CONTACT:

Elaine M. Boutilier, Senior Counsel, Legal Division (202/452–2418), or Chris Fields, Manager, Human Resources Function, Management Division (202/452–3654), Board of Governors of the Federal Reserve System, 20th Street and Constitution Avenue, NW, Washington, DC 20551. For users of the Telecommunications Device for the Deaf (TDD) only, contact Janice Simms at 202/452–4984.

SUPPLEMENTARY INFORMATION:

The Board is instituting a feedback program for its managers and officers. Under this Multi-rater Feedback program, Board employees who work for or with a particular manager or officer are asked to complete a voluntary, confidential questionnaire regarding the performance of that manager/officer and send it directly to a consultant hired by the Board for this program. The consultant analyzes the completed questionnaires and compiles a report for the manager/officer that summarizes the comments from the questionnaires. This report does not identify individual comments or those who completed the questionnaires. The report is given only to the manager/officer being evaluated; no other Board

employee or officer receives a copy of the report. The consultant maintains all of the data connected with this program, identified only by the name of the manager/officer being evaluated.

Although information from the completed questionnaires is stored in the system of records without identifying the individual who completed the questionnaire, it is possible that the individual could be identified by careful study of the answers provided. To protect the confidentiality of these participants, which is expressly promised when the questionnaires are distributed, this data will not be available to the manager/officer that is the subject of the questionnaires. Accordingly, access to certain data in this system of records is restricted pursuant to the exemption provided in subsection (k)(5) of the Privacy Act, 5 U.S.C. 552a(k)(5). The Board's Rules Regarding Access to Personal Information under the Privacy Act must be amended to include this system of records in the list of "exempt" systems of records. In addition, the Board is taking this opportunity to remove from that list a system of records that was amended in 1998 and no longer contains information that is exempt from the access provisions of the Privacy Act.

Regulatory Flexibility Act

In accordance with 5 U.S.C. 605, the Board certifies that this rule will not have a significant economic impact on a substantial number of small entities, because it applies only to internal personnel matters of the agency.

Administrative Procedure Act

This rule is exempt from the rulemaking provisions of the Administrative Procedure Act, 5 U.S.C. 553, and the Congressional Review Act, pursuant to 5 U.S.C. 804(3)(B) and (C), because it is a rule relating to agency management or personnel and a rule of agency procedure that does not substantially affect the rights or obligations of non-agency parties.

List of Subjects in 12 CFR Part 261a

Federal Aviation Administration

14 CFR Part 71

[Airspace Docket No. 00-AWP-1]

Modification of Class E Airspace; Willits, CA

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Final rule.

SUMMARY: This action modifies the Class E airspace area at Willits, CA. The establishment of an Area Navigation (RNAV) Standard Instrument Approach Procedure (SIAP) to Runway (RWY) 16 and RWY 34 at Ells Field-Willits Municipal Airport has made this proposal necessary. Additional controlled airspace extending upward from 7000 feet or more above the surface of the earth is needed to contain aircraft executing the RNAV RWY 16 and RWY 34 SIAP to Ells Field-Willits Municipal Airport. The intended effect of this action is to provide adequate controlled airspace for Instrument Flight Rules (IFR) operations at Ells Field-Willits Municipal Airport, Willits, CA.

EFFECTIVE DATE: 0901 UTC August 10, 2000.

FOR FURTHER INFORMATION CONTACT:

Larry Tonish, Airspace Specialist, Airspace Branch, AWP-520, Air Traffic Division, Western-Pacific Region, Federal Aviation Administration, 15000 Aviation Boulevard, Lawndale, California 90261, telephone (310) 725-6539.

SUPPLEMENTARY INFORMATION:

History

On March 22, 2000, the FAA proposed to amend 14 CFR part 71 by

modifying the Class E airspace area at Willits, CA (65 FR 15282). Additional controlled airspace extending upward from 700 feet above the surface is needed to contain aircraft executing the RNAV RWY 16 and RWY 34 SIAP at Ells Field-Willits Municipal Airport. This action will provide adequate controlled airspace for aircraft executing the RNAV RWY 16 and RWY 34 SIAP at Ells Field-Willits Municipal Airport, Willits, CA.

Interested parties were invited to participate in this rulemaking proceeding by submitting written comments on the proposal to the FAA. No comments to the proposal were received. Class E airspace designation for airspace extending from 700 feet or more above the surface of the earth are published in paragraph 6005 of FAA Order 7400.9G dated September 1, 1999, and effective September 16, 1999, which is incorporated by reference in 14 CFR 71.1. The Class E airspace designation listed in this document will be published subsequently in the Order.

The Rule

This amendment to 14 CFR part 71 modifies the Class E airspace area at Willits, CA. The development of a RNAV RWY 16 and RWY 34 SIAP has made this action necessary. The effect of this action will provide adequate airspace for aircraft executing the RNAV RWY 16 and RWY 34 SIAP at Ells Field-Willits Municipal Airport, Willits, CA.

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. Therefore, this regulation—(1) is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a Regulatory Evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this rule will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

List of Subjects in 14 CFR Part 71

Airspace, Incorporation by reference, Navigation (air).

Adoption of the Amendment

In consideration of the foregoing, the Federal Aviation Administration amends 14 CFR part 71 as follows:
