USGen New England, Inc.; Notice Extending Deadline for Filing Comments, Final Terms and Conditions, Recommendations and Prescriptions, and Requesting Reply Comments

May 31, 2000.

On May 30, 2000, the Appalachian Mountain Club, Connecticut River Joint Commission, Connecticut River Watershed Council, Conservation Law Foundation, New Hampshire Rivers Council, Trout Unlimited Vermont Chapter, and Trout Unlimited New Hampshire Chapter (collectively, "NGO's"),¹ and USGen New England requested a second extension to October 1, 2000, for filing comments, final terms and conditions, and recommendations and prescriptions for the Fifteen Mile Falls Project, located on the Connecticut River, in New Hampshire and Vermont. The Vermont Agency of Natural Resources supported the deadline extension in a May 24, 2000 filing.

Although the Commission is concerned with the progress of proceedings under the Alternative Licensing Process (ALP), a goal of the ALP is to resolve issues in a collaborative manner so that the Commission may accelerate the review of the license application. In this instance, we recognize the close connection between the management plans and other aspects of the license application, and the benefit to the stakeholders of resolving as many issues as possible before they submit their prescriptions, final terms and conditions, recommendations and comments. Additionally, we have received assurances from the stakeholders that they will diligently pursue resolution of the issues, including the issuance of a project water

quality certificate. We will therefore, pursuant to Rule 2008 of the Commission's Rules of Practice and Procedure,² extend the deadline to October 1, 2000, for the collaborative team stakeholders to file all prescriptions, final terms and conditions, recommendations and comments.

Further, if an intervenor files comments or documents with the Commission relating to the merits of an issue that may affect the responsibilities of a particular resource agency, the intervenor must also serve a copy of the document on that resource agency.
