\*-1AOrder revoked effective 01/01/2000 as a result of sunset review.

\*\*-1AThis order is currently undergoing a "sunset" review pursuant to section 751(c) of the Act. If, subsequent to publication of this opportunity notice the order should be revoked pursuant to "sunset," any review (if requested) or automatic liquidation instruction (if no review is requested) will only cover through the last day prior to the effective date of revocation.

In accordance with § 351.213(b) of the regulations, an interested party as defined by section 771(9) of the Act may request in writing that the Secretary conduct an administrative review. For both antidumping and countervailing duty reviews, the interested party must specify for which individual producers or exporters covered by an antidumping finding or an antidumping or countervailing duty order or suspension agreement it is requesting a review, and the requesting party must state why it desires the Secretary to review those particular producers or exporters. If the interested party intends for the Secretary to review sales of merchandise by an exporter (or a producer if that producer also exports merchandise from

other suppliers) which were produced in more than one country of origin and each country of origin is subject to a separate order, then the interested party must state specifically, on an order-by-order basis, which exporter(s) the request is intended to cover.

Seven copies of the request should be submitted to the Assistant Secretary for Import Administration, International Trade Administration, Room 1870, U.S. Department of Commerce, 14th Street & Constitution Avenue, NW., Washington, DC 20230. The Department also asks parties to serve a copy of their requests to the Office of Antidumping/Countervailing Enforcement, Attention: Sheila Forbes, in room 3065 of the main Commerce Building. Further, in

If the Department does not receive, by the last day of June 2000, a request for review of entries covered by an order, finding, or suspended investigation listed in this notice and for the period identified above, the Department will instruct the Customs Service to assess antidumping or countervailing duties on those entries

at a rate equal to the cash deposit of (or bond for) estimated antidumping or countervailing duties required on those entries at the time of entry, or withdrawal from warehouse, for consumption and to continue to collect the cash deposit previously ordered.

This notice is not required by statute but is published as a service to the international trading community.

*Docket Number:* 00-013. Applicant: Allegheny-Singer Research Institute, Pittsburgh, PA 15212-4772. Instrument: Robot and Microplate Manipulator, Model Q-Bot. Manufacturer: Genetix Limited, United Kingdom. Intended Use: See notice at 65 FR 26583, May 8, 2000.

*Comments:* None received. Decision: Approved. No instrument of equivalent scientific value to the foreign instrument, for such purposes as it is intended to be used, is being manufactured in the United States. Reasons: The foreign instrument provides a unique multi-tasking robotic system for the production, gridding and regridding of DNA arrays with: (1) A pneumatic picking head for sampling 3500 colonies per hour, (2) ability to create high density arrays on nylon filters, (3) replication of plates (96 or 384 wells) for distributing clones and (4) picking of both colonies or plaques. The National Institutes of Health advised in its memorandum of May 5, 2000 that (1) these capabilities are pertinent to the applicant's intended purpose and (2) it knows of no domestic instrument or apparatus of equivalent scientific value to the foreign instrument for the applicant's intended use.

We know of no other instrument or apparatus of equivalent scientific value to the foreign instrument which is being manufactured in the United States.
