

Nuclear Regulatory Commission (NRC) pursuant to part 50 of Title 10 of the Code of Federal Regulations (10 CFR part 50) on November 21, 1975. Under this license, PGE has the authority to possess and maintain but not operate TNP. PGE also owns a 100 percent interest in the Trojan Independent Spent Fuel Storage Installation (ISFSI) and holds Materials License No. SNM-2509 for the Trojan ISFSI. PGE is currently a wholly owned subsidiary of Enron Corporation (Enron). PacifiCorp and the Eugene Water and Electric Board own the remaining 2.5 percent and 30 percent interests, respectively, in TNP, but are not involved in the transaction described below affecting PGE, which is the subject of this Order.

II

By application dated January 13, 2000, as supplemented by a submittal dated January 20, 2000 (collectively herein the application), PGE requested approval of an indirect transfer of the license for the TNP, to the extent held by PGE, and an indirect transfer of the license for the Trojan ISFSI. The requested transfer relates to a proposed purchase of all the issued and outstanding common stock of PGE from PGE's current parent, Enron, by Sierra Pacific Resources (SPR). PGE is an Oregon corporation engaged principally in the generation, transmission, distribution, and sale of electric energy in Oregon.

On November 5, 1999, Enron and SPR entered into a Stock Purchase Agreement providing for the purchase by SPR from Enron of all of the issued and outstanding common stock of PGE, subject to certain conditions, including the approval of the NRC. SPR, a Nevada corporation, is the parent holding company for Nevada Power Company and Sierra Pacific Power Company, providing electric service to approximately 843,000 customers throughout Nevada and northeastern California. The purchase will not affect PGE's status as a regulated public electric utility in the State of Oregon. No direct transfer of the TNP or ISFSI licenses will occur. Also, no changes to activities under the licenses or to the licenses themselves are being proposed in the application.

Approval of the indirect transfer was requested pursuant to 10 CFR 50.80 and 10 CFR 72.50. Notice of the application for approval and an opportunity for a hearing was published in the **Federal Register** on May 12, 2000 (65 FR 30642). No hearing requests were filed.

Under 10 CFR 50.80 and 10 CFR 72.50, no license, or any right thereunder, shall be transferred, directly

or indirectly, through transfer of control of the license, unless the Commission gives its consent in writing. Upon review of the information in the application, and other information before the Commission, the NRC staff has determined that SPR's proposed acquisition of PGE through the stock purchase by SPR will not affect the qualifications of PGE as a holder of Facility Operating License No. NPF-1 and as the holder of Materials License No. SNM-2509, and that the indirect transfer of the licenses, to the extent effected by the proposed acquisition, is otherwise consistent with applicable provisions of law, regulations, and orders issued by the Commission, subject to the conditions set forth herein. These findings are supported by a safety evaluation dated July 27, 2000.

III

Accordingly, pursuant to sections 161b, 161i, 161o, and 184 of the Atomic Energy Act of 1954, as amended, 42 U.S.C. 2201(b), 2201(i), 2201(o), and 2234, 10 CFR 50.80, and 10 CFR 72.50, *It is hereby ordered that* the application regarding the indirect license transfers referenced above is approved, subject to the following conditions:

(1) PGE shall provide the Director of the Office of Nuclear Reactor Regulation and the Director of the Office of Nuclear Material Safety and Safeguards a copy of any application, at the time it is filed, to transfer (excluding grants of security interests or liens) from PGE to its parent, or to any other affiliated company, facilities for the production, transmission, or distribution of electric energy having a depreciated book value exceeding ten percent (10%) of PGE's consolidated net utility plant, as recorded on its books of account.

(2) Should the proposed stock purchase not be completed by June 30, 2001, this Order shall become null and void, provided, however, upon application and for good cause shown, such date may be extended.

IV

This Order is effective upon issuance.

For further details with respect to this Order, see the initial application dated January 13, 2000, the supplement thereto dated January 20, 2000, and the safety evaluation dated July 27, 2000, which are available for public inspection at the Commission's Public Document Room, the Gelman Building, 2120 L Street NW., Washington DC, and accessible electronically through the ADAMS Public Electronic Reading Room link at the NRC Web site (<http://www.nrc.gov>).

Dated at Rockville, Maryland, this 27th day of July 2000.

For the Nuclear Regulatory Commission.

William F. Kane,

Director, Office of Nuclear Material Safety and Safeguards.

Samuel J. Collins,

Director, Office of Nuclear Reactor Regulation.

POSTAL SERVICE

Privacy Act of 1974, System of Records

AGENCY: Postal Service.

ACTION: Notice of new system of records.

SUMMARY: The purposes of this document are to publish notice of a change in title to grouping of records 170.000 Operations Data Collection System to read "170.000 Resource Management/Productivity Records" and to publish notice of a new Privacy Act system of records, USPS 170.020, Resource Management/Productivity Records—Resource Management Database. The new system contains information about the usage of leave including, but not limited to, continuation of pay, sick, annual, leave without pay, leave used as a result of the Family Medical Leave Act (FMLA), sick leave for dependent care, military leave, etc., by an employee. Additionally, employee work hours by operation are contained in this system. The system also contains information supporting the use of certain leave information concerning absence-related corrective actions and appeal information related to those actions. This information will be used by management to ensure accurate leave data collection, to monitor leave usage, to reduce administrative redundancy, and to monitor the health and wellness of employees.

DATES: Any interested party may submit written comments on the proposed new system of records. This proposal will become effective without further notice on September 11, 2000, unless comments received on or before that date result in a contrary determination.

ADDRESSES: Written comments on this proposal should be mailed or delivered to Finance Administration/FOIA, United States Postal Service, 475 L'Enfant Plaza SW, Room 8141, Washington, DC 20260-5202. Copies of all written comments will be available at the above address for public inspection and photocopying between 8

a.m. and 4:45 p.m., Monday through Friday.

FOR FURTHER INFORMATION CONTACT: Rubenia Carter, (202) 268-4872.

SUPPLEMENTARY INFORMATION: To more effectively manage leave, the Postal Service will collect and maintain leave type and attendance information in a fashion that will make this information readily accessible to first-line supervisors and managers when needed to make informed decisions that affect their employees. This information will be used by management to ensure accurate leave data collection, to monitor leave usage, to reduce administrative redundancy, and to monitor the health and wellness of employees.

Maintenance of these records is not expected to have a significant effect on individual privacy rights. The information will be kept in a secured environment, with automated data processing (ADP), physical, and administrative security, and technical software applied to information on computer media. Computers and hard copy records are maintained in a secured environment.

Pursuant to 5 U.S.C. 552a(e)(11), interested persons are invited to submit written data, views, or arguments on this proposal. A report on the following proposed system has been sent to Congress and to the Office of Management and Budget for their evaluation.

USPS 170.020

SYSTEM NAME:

Resource Management/Productivity Records—Resource Management Database, USPS 170.020.

SYSTEM LOCATION:

Human Resources and Operations, Headquarters; and other postal facilities as determined by management.

CATEGORIES OF INDIVIDUALS COVERED BY THE SYSTEM:

Postal employees.

CATEGORIES OF RECORDS COVERED BY THE SYSTEM:

Records contain, but are not limited to, the employee's name, home address, telephone, pay location, work hours, overtime status, lunch time, leave balance and usage-sick and annual leave, continuation of pay, sick leave for dependent care, family medical leave and supporting documentation—leave without pay, limited medical information, and information concerning corrective action and grievance outcomes as they relate to leave usage.

AUTHORITY FOR MAINTENANCE OF THE SYSTEM: 39 U.S.C. 401, 1001, 1003, 1005, and 5 U.S.C. 8339.

PURPOSE(S):

Use to establish effective leave administration, analyze employee absences of all types, identify potential attendance problems, and identify employees eligible for attendance-related awards.

ROUTINE USES OF RECORDS MAINTAINED IN THE SYSTEM, INCLUDING CATEGORIES OF USERS AND THE PURPOSE OF SUCH USES:

General routine use statements a, b, c, d, e, f, g, h, j, k, l, and m listed in the prefatory statement at the beginning of the Postal Service's published system notices apply to this system.

POLICIES AND PRACTICES FOR STORING, RETRIEVING, ACCESSING, RETAINING, AND DISPOSING OF RECORDS IN THE SYSTEM:

STORAGE:

Paper records are maintained in locked file cabinets and computer files on magnetic tape or disk in automated office equipment.

RETRIEVABILITY:

By the employee's name or social security number.

SAFEGUARDS:
