NUCLEAR REGULATORY COMMISSION

[Docket Nos. 50-254, 50-265]

In the Matter of Commonwealth Edison Company; Quad Cities Nuclear Power Station; Units 1 and 2; Order Approving Transfer of Licenses and Conforming Amendments

I.

Commonwealth Edison Company (ComEd, the licensee) owns 75 percent of the Quad Cities Nuclear Power Station, Units 1 and 2 (the facility) and is the licensed operator of both stations. MidAmerican Energy Company (MidAmerican) owns the remaining interest. Facility Operating Licenses Nos. DPR-29 and DPR-30 authorize ComEd, acting for itself and as agent for MidAmerican to possess, use, and operate the facility. The facility is located at ComEd's site in Rock Island County, Illinois.

II.

Under cover of a letter dated December 20, 1999, ComEd submitted an application requesting approval of the proposed transfer of the facility operating licenses to the extent held by ComEd, to a new generating company, Exelon Generation Company, LLC (Exelon Generation Company), to be formed in connection with the proposed merger of Unicom Corporation (Unicom), the parent of ComEd, and PECO Energy Company (PECO). Exelon Generation Company would become exclusively responsible for the operation and maintenance of the facility. Exelon Generation Company and MidAmerican would be responsible for the decommissioning costs of the facility in accordance with their respective ownership percentages, with Exelon Generation Company being responsible for the eventual performance of decommissioning activities. The proposed transfer does not involve any change with respect to the non-operating ownership interest held by MidAmerican. ComEd also requested approval of conforming amendments to reflect the transfer. Supplemental information was provided by submittals dated January 14, March 10, March 23, March 29, and June 16, 2000. Hereinafter, the December 20, 1999, application and supplemental
