Under Section 122(d) and (i) of the Comprehensive Environmental Response, Compensation, and Liability Act of 1980, as amended ("CERCLA"), 42 U.S.C. § 9622(d) and (i), notice is hereby given that on August 4, 2000 a proposed Remedial Design/Remedial Action Consent Decree ("RD/RA consent Decree" or "Decree") in *United States v. Gateway Forest Products, Inc. et al.*, Civil Action No. A00-225 CV was lodged with the United States District Court for the District of Alaska.

In this action, brought against Gateway Forest Products, Inc., Ketchikan Pulp Company ("KPC") and Louisiana-Pacific Corporation ("L-P") (collectively, "defendants") pursuant to Sections 106, 107 and 113 of CERCLA, 42 U.S.C. §§ 9606, 9607 and 9613, the United States is seeking recovery of its past response costs, performance of remedial action by the defendants, and a declaration of the defendants' liability for further response costs associated with the Ketchikan Pulp Company Superfund Site ("the Site"). The Site is located approximately three miles northeast of Ketchikan, Alaska in and along the shoreline of Ward Cove.

The RD/RA Consent Decree requires defendants to implement the remedial actions selected by EPA for both the Marine and Uplands Operable Units of the Site on March 29, 2000 and June 7,

The Decree also resolves the government's claims for past response costs by requiring KPC and L-P to reimburse the Hazardous Substances Superfund in the amount of \$371,057.00. It provides further for payment of future response costs, *i.e.*, those associated with overseeing implementation of the remedial actions.
