DEPARTMENT OF LABOR**Employment and Training
Administration Office of Workforce
Security; Proposed Collection;
Comment Request****ACTION:** Notice.

SUMMARY: The Department of Labor, as part of its continuing effort to reduce paperwork and respondent burden conducts a preclearance consultation program to provide the general public and Federal agencies with an opportunity to comment on proposed and/or continuing collections of information in accordance with the Paperwork Reduction Act of 1995 [44 U.S.C. 3506(c)(2)(A)]. This program helps to ensure that requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirements on respondents can be properly assessed. Currently, the Employment and Training Administration is soliciting comments concerning the proposed extension collection of the MA 8-7, Transmittal for Unemployment Insurance Materials. A copy of the proposed information collection request can be obtained by contacting the office listed below in the addressee section of this notice.

DATES: Written comments must be submitted to the office listed in the addressee section below on or before December 11, 2000.

SUPPLEMENTARY INFORMATION:**I. Background**

Department of Labor, Employment and Training Administration regulations, 20 CFR 601, Administrative Procedures, contains collection of information requirements at Sections 601.2 and 601.3. Section 601.2 requires States to submit copies of their unemployment compensation laws for approval by the Secretary of Labor so that the Secretary may determine the status of State laws and plans of operation. Section 601.3 requires States to "submit all relevant State materials such as statutes, executive and

administrative orders, legal opinions, rules, regulations, interpretations, court decisions, etc." These materials are used by the Secretary to determine whether the State law contains provisions required by Section 3304(a) of the Internal Revenue Code of 1986. Grants of funds are made to States for the administration of their employment security laws if their unemployment compensation laws and their plans of operation for public employment offices meet required conditions of Federal laws. The information transmitted by Form MA 8-7 is used by the Secretary to make findings (as specified in the above cited Federal laws) required for certification to the Secretary of the Treasury for payment to States or for certification of the State law for purposes of additional tax credit. If this information is not available, the Secretary cannot make such certifications. To facilitate transmittal of required material, the Department prescribes the use of Form MA 8-7, Transmittal for Unemployment Insurance Materials. This simple checkoff form is used by the States to identify material being transmitted to the National Office and allows the material to be routed to appropriate staff for prompt action.

II. Review Focus

The Department of Labor is particularly interested in comments which:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technologies collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses.

[NAFTA 3980]

Morton Forest Products A.K.A. Tree Source Morton, Washington; Notice of Affirmative Determination Regarding Application for Reconsideration

By letter of September 20, 2000, the company requested administrative reconsideration of the Department of Labor's Notice of Negative Determination Regarding Eligibility to Apply for NAFTA Transitional Adjustment Assistance, applicable to petition number NAFTA 3980. The denial notice was signed on August 18, 2000 and published in the **Federal**

Register on September 12, 2000 (65 FR 55050).

The petitioner alleges that the Department did not survey sufficient customers and provided a list of additional customers of the subject facility.

Conclusion

After careful review of the application, I conclude that the claim is of sufficient weight to justify reconsideration of the Department of Labor's prior decision. The application is, therefore, granted.

Signed at Washington, D.C. this 2nd day of October 2000.

Linda G. Poole,

Certifying Officer, Division of Trade Adjustment Assistance.
