Title: Federal-Aid Highway Construction Equal Employment Opportunity.

Abstract: Under the provisions of Title 23 U.S.C. Part 140(a), the Federal Highway Administration (FHWA) is required to ensure equal opportunity in contractors' employment practices on federal-aid highway projects. In order to implement this provision of the law, FHWA regulation, 23 CFR 230, Subpart A, requires that contractors submit to State Departments of Transportation (State DOTs) an annual report providing employment workforce data, which includes the number of minorities, women, and non-minority group employees in each construction craft. The information is reported on Form PR–1391, Federal-Aid Highway Construction Contractors Annual EEO Report. The regulation also requires State DOTs to submit an annual report to FHWA summarizing PR–1391 data. This summary is provided on Form PR– 1392, Federal-aid Highway Construction, Summary of Employment Data

Affected Public: Approximately 4,500 Federal-aid contractors and 52 State Departments of Transportation.

Estimated Total Annual Burden Hours: 3,916. FHWA estimates that approximately 4,500 federal-aid contractors are required to complete and submit Form PR–1391 for approximately 7,000 projects and that each report takes approximately 30 minutes. In addition, FHWA estimates that it takes each State DOT approximately 8 hours to complete and submit Form PR–1392.

Authority: The Paperwork Reduction Act of 1995; 44 U.S.C. Chapter 35, as amended; and 49 CFR 1.48.

Issued on: October 16, 2000.

SUPPLEMENTARY INFORMATION:

Stagecoach is a public limited corporation organized under the laws of Scotland. With operations in several countries, Stagecoach is one of the world's largest providers of passenger transportation services. Stagecoach had annual revenues of \$3.29 billion for the fiscal year ending April 30, 2000. Coach is a Delaware corporation that currently controls over 80 motor passenger carriers.

Stagecoach and its subsidiaries currently control Coach,¹ its noncarrier regional management subsidiaries, and the motor passenger carriers jointly controlled by Coach and the management subsidiaries.² In previous Board decisions, Coach management subsidiaries, including Coach USA West, Inc., have obtained authority to control motor passenger carriers jointly with Coach.³

Applicants state that, on July 25, 2000, Coach purchased all of the stock of Royal, a motor passenger carrier holding federally authorized operating authority. Simultaneously with that acquisition, Coach placed the stock of Royal into an independent voting trust. The control transaction that is the subject of this application will not involve any further transfer of the federal operating authority held by Royal and will not entail any change in its operations.⁴ Royal will also be jointly controlled by Coach USA West, Inc.

Applicants have submitted information, as required by 49 CFR 1182.2(a)(7), to demonstrate that the proposed acquisition of control is consistent with the public interest under 49 U.S.C. 14303(b). Applicants state that the proposed transaction will not reduce competitive options, adversely impact fixed charges, or adversely impact the interests of the employees of Royal. Applicants assert that granting the application will allow Roval to take advantage of economies of scale and substantial benefits offered by applicants, including interest cost savings and reduced operating costs. In addition, applicants have submitted all of the other statements and certifications required by 49 CFR 1182.2. Additional information, including a copy of the application, may be obtained from the applicants' representatives.

Under 49 U.S.C. 14303(b), we must approve and authorize a transaction we

Royal also holds intrastate operating authority issued by the California Public Service Commission. Royal operates a fleet of 29 buses and one van and employs approximately 56 employees. Its operations are composed primarily of charter services provided in California and between California and other states. For the 12-month period ended June 30, 2000, Royal earned operating revenues of approximately \$3.6 million.
