DEPARTMENT OF THE INTERIOR

Bureau of Reclamation

Central Valley Project Improvement Act, Criteria for Evaluating Water Management Plans

AGENCY: Bureau of Reclamation, Interior.

ACTION: Notice.

SUMMARY: To meet the requirements of the Central Valley Project Improvement Act (CVPIA) of 1992 and the Reclamation Reform Act of 1982, Reclamation developed and published the Criteria for Evaluating Water Conservation Plans, dated April 30, 1993. In September 1996, Reclamation revised the document and renamed it to Criteria for Evaluating Water Management Plans (Criteria).

Patterson Water District has developed a water management plan which Reclamation has evaluated and preliminarily determined to meet the requirements of the Criteria.

The 1996 Criteria were developed based on information provided during public scoping and public review sessions held throughout Reclamation's Mid-Pacific (MP) Region. Reclamation uses these Criteria to evaluate the adequacy of all water management plans developed by Central Valley Project contractors. The Criteria were developed and the plans have been evaluated for the purpose of promoting

the most efficient water use reasonably achievable by all MP Region contractors. Reclamation made a commitment (stated within the Criteria) to publish a notice of its draft determination of the adequacy of each contractor's water management plan in the **Federal Register** to allow the public a minimum of 30 days to comment on its preliminary determinations.

DATES: All public comments must be received by December 13, 2000.

ADDRESSES: Our practice is to make comments, including names and home addresses of respondents, available for public review. Individual respondents may request that we withhold their home address from public disclosure, which we will honor to the extent allowable by law. There also may be circumstances in which we would withhold a respondent's identity from public disclosure, as allowable by law. If you wish us to withhold your name and/or address, you must state this prominently at the beginning of your comment. We will make all submissions from organizations or businesses, and from individuals identifying themselves as representatives or officials of organizations or businesses, available for public disclosure in their entirety.

Please mail comments to Lucille Billingsley, Bureau of Reclamation, 2800 Cottage Way, MP-410, Sacramento CA 95825.

FOR FURTHER INFORMATION CONTACT: To be placed on a mailing list for any subsequent information, please contact Lucille Billingsley at the address above, or by telephone at (916) 978-5215 (TDD 978-5608).

SUPPLEMENTARY INFORMATION: Under provision of Section 3405 (e) of the CVPIA (Title 34 Pub. L. 102-575), "The Secretary [of the Interior] shall establish and administer an office on Central Valley Project water conservation best management practices that shall * * * develop criteria for evaluating the adequacy of all water conservation plans developed by project contractors, including those plans required by section 210 of the Reclamation Reform Act of 1982." Also, according to Section 3405 (e)(1), these criteria will be developed " * * * with the purpose of promoting the highest level of water use efficiency reasonably achievable by project contractors using best available cost-effective technology and best management practices."

The Criteria states that all parties (districts) that contract with Reclamation for water supplies (municipal and industrial contracts over 2,000 irrigable acre-feet and agricultural contracts over 2,000 irrigable acres) will

prepare water management plans which will be evaluated by Reclamation based on the following required information detailed in the steps listed below to develop, implement, monitor, and update their water management plans. The steps are:

1. Describe the district.
2. Inventory water resources available to the District.
3. Best Management Practices (BMP's) for Agricultural Contractors.
4. BMP's for Urban Contractors.
5. Exemption Process.

Public comment on Reclamation's preliminary (*i.e.*, draft) determinations of Patterson Water District's water management plan is invited at this time. A copy of the Plan will be available for review at Reclamation's MP Regional Office located in Sacramento, California, and MP's South-Central California Area Office located in Fresno, California.

Dated: November 1, 2000.

Charles B. Johnson,

Acting Regional Resources Manager, Mid-Pacific Region.

INTERNATIONAL TRADE COMMISSION

[Inv. No. 337-TA-429]

In the Matter of Certain Bar Clamps, Bar Clamp Pads, and Related Packaging, Display, and Other Materials; Notice of Commission Decision To Extend by One Week the Deadline for Determining Whether To Review an Initial Determination Terminating the Investigation in Part Based on Partial Withdrawal of the Complaint

AGENCY: International Trade Commission.

ACTION: Notice.

SUMMARY: Notice is hereby given that the U.S. International Trade Commission has determined to extend by one week, or until November 9, 2000, the deadline for determining whether to review an initial determination (ID) (Order No. 5) issued by the presiding administrative law judge (ALJ) in the above-captioned investigation.

FOR FURTHER INFORMATION CONTACT: Tina Potuto Kimble, Esq., Office of the General Counsel, U.S. International Trade Commission, telephone 202-205-3116.

SUPPLEMENTARY INFORMATION: The Commission instituted this investigation on March 13, 2000, based on a complaint filed by American Tool

Companies, Inc. ("American Tool") of Hoffman Estates, Illinois, and Peterson Manufacturing Co., Inc. ("Peterson") of DeWitt, Nebraska (collectively "complainants"). 65 FR 13307.

On September 6, 2000, complainants filed a motion to amend the complaint and notice of investigation asserting that respondents no longer ship infringing product to the United States and do not intend to do so in the future. On September 18, 2000, respondents, Wolfcraft GmbH of Germany and Wolfcraft, Inc. of Itasca, Illinois, filed an opposition to complainants' motion stating that they in fact intend to resume importation of the product in question to the United States. On September 18, 2000, the Commission investigative attorney (IA) filed a response in support of the motion, but argued that it should be construed as a motion for partial termination based on the withdrawal of certain allegations. On September 20, 2000, complainants filed a reply agreeing with IA's suggestion that their motion be construed as one for partial termination. On October 2, 2000, the presiding ALJ issued an ID (Order No. 5) granting complainants' motion for partial withdrawal of the complaint. No petitions for review of the ID were filed.

This action is taken under the authority of section 337 of the Tariff Act of 1930, 19 U.S.C. 1337, and Commission rule 210.42(h)(3), 19 CFR 210.42(h)(3).

Copies of the public version of the ID, and all other nonconfidential documents filed in connection with this investigation, are or will be available for inspection during official business hours (8:45 a.m. to 5:15 p.m.) in the Office of the Secretary, U.S. International Trade Commission, 500 E Street SW, Washington, DC 20436, telephone 202-205-2000. Hearing-impaired persons are advised that information on the matter can be obtained by contacting the Commission's TDD terminal on 202-205-1810. General information concerning the Commission may also be obtained by accessing its Internet server (<http://www.usitc.gov>).

Issued: November 3, 2000.

By order of the Commission.

Donna R. Koehnke,
Secretary.
