**Alteration of VOR Federal Airway; CO**

**AGENCY:** Federal Aviation Administration (FAA), DOT.

**ACTION:** Final rule.

**SUMMARY:** This action eliminates a segment of Federal Airway V–382 (V–382) between Bryce Canyon, UT, Very High Frequency Omnidirectional Range/Tactical Air Navigation (VORTAC) and Grand Junction, CO, VORTAC. The FAA is taking this action to delete a portion of the airway because the flight

inspection found the current route segment unusable for navigation.

**EFFECTIVE DATE:** 0901 UTC, January 25, 2001.

**FOR FURTHER INFORMATION CONTACT:** Ken McElroy, Airspace and Rules Division, ATA–400, Office of Air Traffic Airspace Management, Federal Aviation Administration, 800 Independence Avenue, SW., Washington, DC 20591; telephone: (202) 267–8783.

**SUPPLEMENTARY INFORMATION:****Background**

On July 5, 2000, the FAA proposed to amend 14 CFR part 71 (part 71) to eliminate a segment of V–382 (65 FR 41388). This action was considered necessary due to the failure of repeated flight inspections on this segment of V–382. Interested parties were invited to participate in this rulemaking by submitting written comments on the proposal to the FAA. No comments were received. Except of editorial changes, this amendment is the same as that proposed in the notice.

**The Rule**

The FAA is amending part 71 to modify V–382 by eliminating the route segment between Bryce Canyon and Grand Junction, CO, VORTAC. Since 1998, V–382 has been unusable between Bryce Canyon, UT, VORTAC and the Grand Junction, CO, VORTAC. This segment of V–382 no longer passes flight inspection and is out of service. The action retains the route segment from Grand Junction, CO, VORTAC to Durango, CO, VORTAC.

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. Therefore, this regulation: (1) Is not a “significant regulatory action” under Executive Order 12866; (2) is not a “significant rule” under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this rule, when promulgated, will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

Domestic VOR Federal airways are published in paragraph 6010(a) of FAA Order 7400.9H dated September 1, 2000, and effective September 16, 2000, which is incorporated by reference in 14 CFR 71.1. The Domestic VOR Federal airway

listed in this document would be published subsequently in the order.

**Amend Legal Description of Jet Route J–501**

**AGENCY:** Federal Aviation Administration (FAA), DOT.

**ACTION:** Final rule.

**SUMMARY:** This action amends the legal description of Jet Route 501 (J–501) in Canadian Airspace due to the decommissioning of the Camp Scott, British Columbia (BC), Radio Beacon (RBN).

**EFFECTIVE DATE:** 0901 UTC, January 25, 2001.

**FOR FURTHER INFORMATION CONTACT:** Ken McElroy, Airspace and Rules Division, ATA-400, Office of Air Traffic Airspace Management, Federal Aviation Administration, 800 Independence Avenue, SW., Washington, DC 20591; telephone: (202) 267-8783.

**SUPPLEMENTARY INFORMATION:**

**Background**

On June 29, 2000, the FAA was notified by Transport Canada that Camp Scott, BC, RBN was decommissioned. This decommissioning action affects J-501 within Canada.

**The Rule**

This action amends title 14 CFR part 71 (part 71) by amending the legal description of J-501 in Canadian airspace due to the decommissioning of the Camp Scott, BC, RBN. The FAA is taking this action to remove reference to the Camp Scott RBN in the description of J-501. The decommissioning of the Camp Scott RBN will generate a break in the J-501 between the Tofino, BC, RBN and the Sandspit, BC, very high frequency omnidirectional range/tactical air navigation facility. This action provides an uninterrupted route on J-501.

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. Therefore, this regulation: (1) Is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this rule, when promulgated, will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

Jet routes are published in paragraph 2004 of FAA Order 7400.9H, dated September 1, 2000, and effective September 16, 2000, which is incorporated by reference in 14 CFR 71.1. The jet route listed in this document will be published subsequently in the order.

**FEDERAL TRADE COMMISSION**

**16 CFR Parts 1 and 311**

**Federal Civil Penalties Inflation Adjustment Act of 1990, as Amended by the Debt Collection Improvement Act of 1996**

**AGENCY:** Federal Trade Commission (FTC).

**ACTION:** Final rule amendments.

**SUMMARY:** The Commission is correcting certain previously published adjustments to civil penalty amounts within its jurisdiction. These corrections will maintain the civil penalty amounts currently published in Commission Rule 1.98, as last adjusted

in 1996. These corrections will not affect certain related amendments intended to incorporate previously omitted adjustments in civil penalty amounts for Recycled Oil Rule violations.

**EFFECTIVE DATE:** These amendments are effective November 20, 2000.

**FOR FURTHER INFORMATION CONTACT:** Alex Tang, Attorney, Office of General Counsel, FTC, 600 Pennsylvania Avenue, NW, Washington, DC 20580, (202) 326-2447, atang@ftc.gov.

**SUPPLEMENTARY INFORMATION:** The Commission is correcting certain civil penalty inflation adjustments, 65 FR 60857 (Oct. 13, 2000), that were intended to update civil penalty amounts that the Commission last adjusted for inflation in 1996 under the Federal Civil Penalties Inflation Adjustment Act of 1990 (FCPIAA), as amended by the Debt Collection Improvement Act of 1996 (DCIA), 28 U.S.C. 2461 note. *See* 61 FR 54548 (Oct. 21, 1996), 55840 (Oct. 29, 1996). Section 5 of the FCPIAA requires, in relevant part, that any inflation "increase" since the last adjustment be rounded to the nearest multiple of \$10 (for "penalties less than or equal to \$100"), the nearest \$100 (for "penalties greater than \$100 but less than or equal to \$1,000"), the nearest \$1,000 (for "penalties greater than \$1,000 but less than or equal to \$10,000"), or the nearest \$5,000 (for "penalties greater than \$10,000 but less than or equal to \$100,000").

In determining how these rounding categories apply, the Commission had referred to the original statutory penalty amounts. For example, for penalties under section 5 of the FTC Act, the Commission used the rounding category "for penalties greater than \$1,000 but less than or equal to \$10,000" (i.e., increases are rounded in multiples of \$1,000), even though section 5 penalties had been increased to \$11,000 in 1996.

The rounding categories, however, do not expressly rely upon or refer to the original statutory amounts of the penalties, nor is the Commission aware of any legislative history to support a retroactive reading of "penalties" once the original statutory penalty amount has been increased. Rather, in calculating increases, the statute expressly refers to the increase since the penalties were last set "or adjusted" by law. *See* FCPIAA Sec. 5(b) (defining cost-of-living adjustment). Thus, for example, increases in the penalty for a violation of section 5 of the FTC Act (i.e., \$11,000) must be rounded in multiples of \$5,000 (rather than multiples of \$1,000, as when the penalty was only \$10,000).
