

how the evaluation will be accomplished and identifying the criteria to be used in measuring performance.

(7) *Technical Assistance.* The Indian Highway Safety Program staff will be available to tribes for technical assistance in the development of tribal projects.

(8) *Section 402 Project Length.* Section 402 funds may not be used to fund the same project at one location or jurisdiction for more than 3 years.

(9) *Certification Regarding Drug-free Workplace Requirement.* Indian tribes receiving highway safety grants through the Indian Highway Safety Program must certify that they will maintain a drug-free workplace. An individual authorized to sign for the tribe or reservation must sign the certification. The Department of Transportation must receive the certification before it will release grant funds for that tribe or reservation. The certification must be submitted with the tribal Highway Safety Project proposal.

Submission Deadline

Each tribe must submit its funding request to the BIA Indian Highway Safety Program, Albuquerque, New Mexico. The request must be received by the Indian Highway Safety Program by close of business June 1 of each program year. Requests for extension to this deadline will not be granted. Modifications of the funding request received after the close of the funding period will not be considered in the review and selection processes.

Selection Criteria

Each funding request will be reviewed and evaluated by the Indian Highway Safety Program staff, Law Enforcement staff, Department of Education staff, Office of Alcohol and Substance Abuse staff, and BIA Division of Transportation staff. Each staff member will rank the projects by assigning points to four areas of consideration. The areas of consideration are: (1) Magnitude of the problem, 50 points; (2) countermeasure selection, 40 points; (3) tribal leadership and community support, 10 points; and (4) past performance, 10 points.

Notification of Selection

The tribes selected to participate will be notified by letter. Each tribe selected must include in its proposal a certification regarding drug-free workplace requirements and a duly authorized tribal resolution. The certification and resolution must be on file before grant funds for the tribe or reservation can be released.

Notification of Non-Selection

The Program Administrator will notify each tribe of non-selection. The tribe will be provided the reason for non-selection.

Uniform Administrative Requirements for Grant-in-Aid

Uniform grant administration procedures have been established on a national basis for all grant-in-aid programs by DOT/NHTSA under 49 CFR part 18, "Uniform Administrative Requirements for Grants and Cooperative Agreements to State and Local Governments." NHTSA and FHWA have codified uniform procedures for State Highway Safety Programs in 23 CFR parts 1200, 1204 and 1205. OMB Circular A-87 and NHTSA Order 462-13A have established cost principles applicable to grants and contracts with State and local government. It is the responsibility of the Indian Highway Safety Program to establish operating procedures consistent with the applicable provisions of these rules.

Standards for Financial Management System

Tribal financial management systems must provide:

- (1) Accurate, current, and complete disclosure of financial results of the Highway Safety project.
 - (2) Adequate record keeping.
 - (3) Control over and accountability for all funds and assets.
 - (4) Comparison of actual expenditures with budgeted amounts.
 - (5) Documentation of accounting records.
 - (6) Appropriate auditing. Highway Safety Projects will be included in the Tribal A-128 single audit requirement.
- Tribes will provide a quarterly financial and program status report to the BIA Indian Highway Safety Program Coordinator, 505 Marquette, NW, Suite 1705, Albuquerque, New Mexico 87102. These reports will be submitted no later than 7 days beyond the reporting month.

Project Monitoring

During the program year, it is the responsibility of the BIA Indian Highway Safety Program to maintain a degree of project oversight, provide technical assistance as needed to assist the project in fulfilling its objectives, and assure that grant provisions are complied.

Project Evaluation

The BIA will conduct a performance evaluation for each Highway Safety project. The evaluation will measure the

actual accomplishments to the planned activity. The BIA will evaluate the project on-site at the discretion of the Indian Highway Safety Program Administrator.
