Revocation of Antidumping Duty Order on Aramid Fiber Formed of Poly Para-Phenylene Terephthalamide From the Netherlands

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Notice of revocation of antidumping duty order on aramid fiber formed of poly para-phenylene terephthalamide from the Netherlands

SUMMARY: Pursuant to section 751(c) of the Tariff Act of 1930, as amended ("the Act"), the United States International Trade Commission ("the Commission") determined that revocation of the antidumping duty order on aramid fiber formed of poly para-phenylene terephthalamide ("Aramid Fiber") from the Netherlands is not likely to lead to continuation or recurrence of material injury to an industry in the United States within a reasonably foreseeable time, 66 FR 12810 (February 28, 2001). Therefore, pursuant to section 751(d)(2) of the Act and 19 CFR 351.222(i)(1), the

Department of Commerce ("the Department") is revoking the antidumping duty order on aramid fiber from the Netherlands. Pursuant to section 751(c)(6)(A)(iv) of the Act and 19 CFR 351.222(i)(2)(ii) the effective date of revocation is January 1, 2000.

FOR FURTHER INFORMATION CONTACT:

Martha V. Douthit or James P. Maeder, Office of Policy for Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Ave., NW, Washington, DC 20230; telephone: (202) 482-5050 or (202) 482-3330, respectively.

EFFECTIVE DATE: January 1, 2000.

Background

On December 1, 1999, the Department initiated (64 FR 67247), and the Commission instituted (64 FR 67302), a sunset review of the antidumping duty order on aramid fiber from the Netherlands, pursuant to section 751(c) of the Act. As a result of its review, the Department found that revocation of the antidumping duty order on aramid fiber from the Netherlands would likely lead to continuation or recurrence of dumping, and notified the Commission of the magnitude of the margin likely to prevail were the antidumping duty order revoked. See Final Results of Full Sunset Review: Aramid Fiber Formed of Poly Para-Phenylene Terephthalamide From the Netherlands, 65 FR 65294 (November 1, 2000).

On February 28, 2001, the Commission determined, pursuant to section 751(c) of the Act, that revocation of the antidumping duty order on aramid fiber from the Netherlands would not likely lead to continuation or recurrence of material injury to an industry in the United States within a reasonably foreseeable time. See Aramid Fiber Formed of Poly Para-Phenylene Terephthalamide From the Netherlands, 66 FR 12810 (February 28, 2001), and USITC Publication 3394, (February 2001), Investigation No. 731-TA-652 (Review).

Scope

The merchandise subject to this antidumping duty order includes all forms of aramid fiber from the Netherlands. These consist of aramid fiber in the form of filament yarn (including single and corded), staple fiber, pulp (wet or dry), spun-laced and spun-bonded nonwovens, chopped fiber, and floc. Tire cord is excluded from the class or kind of merchandise subject to this order. This merchandise is currently classifiable under the Harmonized Tariff Schedule of the

United States ("HTSUS") item numbers 5402.10.3020, 5402.10.3040, 5402.10.6000, 5503.10.1000, 5503.10.9000, 5601.30.0000, and 5603.00.9000. The HTSUS item numbers are provided for convenience and Customs purposes. The written description of the scope remains dispositive.

Determination

As a result of the determination by the Commission that revocation of this antidumping duty order is not likely to lead to continuation or recurrence of material injury to an industry in the United States, the Department, pursuant to section 751(d)(2) of the Act and 19 CFR 351.222(i)(1), is revoking the antidumping duty order on aramid fiber from the Netherlands. Pursuant to section 751(c)(6)(A)(iv) of the Act and 19 CFR 351.222(i)(2)(ii), this revocation is effective January 1, 2000. The Department will instruct the Customs Service to discontinue the suspension of liquidation and collection of cash deposit rates on entries of the subject merchandise entered or withdrawn from warehouse on or after January 1, 2000 (the effective date). The Department will complete any pending administrative reviews of this order and will conduct administrative reviews of subject merchandise entered prior to the effective date of revocation in response to appropriately filed requests for review.

Effective January 20, 2001, Bernard T. Carreau is fulfilling the duties of the Assistant Secretary for Import Administration.

Dated: March 7, 2001.

SUPPLEMENTARY INFORMATION:

Applicable Statute and Regulations

Unless otherwise indicated, all citations to the Tariff Act of 1930, as amended ("the Act") are references to the provisions effective January 1, 1995, the effective date of the amendments made to the Act by the Uruguay Round Agreements Act ("URAA"). In addition, unless otherwise indicated, all citations to the Department's regulations refer to the regulations codified at 19 CFR part 351 (2000).

Case History

On December 13, 2000, the Department of Commerce ("the Department") published the preliminary results of its new shipper administrative review of the antidumping duty order on certain pasta from Turkey. See Notice of Preliminary Results of New Shipper Antidumping Duty Administrative Review: Certain Pasta from Turkey, 65 FR 77855 ("Preliminary Results"). As discussed in the preliminary results, this review covers shipments by Beslen Makarna Gida Sanayi ve Ticaret A.S., and Beslen Pazarlarma Gida Sanayi ve Ticaret A.S., respectively (collectively "Beslen"), during the period of review ("POR") July 1, 1999 through December 31, 1999. Interested parties did not submit case briefs nor did they request a hearing. There have been no changes since the preliminary results.

Scope of the Review

Imports covered by this review are shipments of certain non-egg dry pasta in packages of five pounds (or 2.27 kilograms) or less, whether or not enriched or fortified or containing milk or other optional ingredients such as chopped vegetables, vegetable purees, milk, gluten, diastases, vitamins, coloring and flavorings, and up to two percent egg white. The pasta covered by this scope is typically sold in the retail market, in fiberboard or cardboard cartons or polyethylene or polypropylene bags, of varying dimensions.

Excluded from the scope of this review are refrigerated, frozen, or canned pastas, as well as all forms of egg pasta, with the exception of non-egg

dry pasta containing up to two percent egg white.

The merchandise subject to review is currently classifiable under item 1902.19.20 of the Harmonized Tariff Schedule of the United States ("HTSUS"). Although the HTSUS subheading is provided for convenience and customs purposes, our written description of the scope is dispositive.

Scope Rulings

The Department has issued the following scope ruling to date:

On October 26, 1998, the Department self-initiated a scope inquiry to determine whether a package weighing over five pounds as a result of allowable industry tolerances is within the scope of the antidumping and countervailing duty orders. On May 24, 1999, we issued a final scope ruling finding that, effective October 26, 1998, pasta in packages weighing or labeled up to (and including) five pounds four ounces is within the scope of the antidumping and countervailing duty orders. See "Memorandum from John Brinkmann to Richard Moreland," dated May 24, 1999, in the case file in the Central Records Unit ("the CRU"), main Commerce building, room B-099.

Price Comparisons

We calculated export price and NV based on the same methodology described in the *Preliminary Results*.

Analysis of Comments Received

We gave interested parties an opportunity to comment on the *Preliminary Results*. As noted above, we received no comments from any party.

Final Results of Review

As a result of our review, we determine that Beslen had a zero weighted-average margin for the period July 1, 1999 through December 31, 1999.

Assessment Rate

Pursuant to 19 CFR 351.212(b), the Department calculated an assessment rate for each importer of the subject merchandise. For assessment purposes, we calculated importer-specific assessment rates for the subject merchandise by aggregating the dumping margins for all U.S. sales to each importer and dividing the amount by the total entered value of the sales to that importer. Where appropriate, in order to calculate the entered value, we subtracted international movement expenses (e.g., international freight) from the gross sales value. Where the importer-specific assessment rate is above de minimis we will instruct Customs to assess antidumping duties
