**BILLING CODE 4160-01-F**

**DEPARTMENT OF STATE****Bureau of Consular Affairs****22 CFR Part 42**

**[Public Notice 3555]**

**Visas: Documentation of Immigrants—  
International Broadcasters**

**AGENCY:** Bureau of Consular Affairs,  
DOS.

**ACTION:** Interim rule with request for  
comments.

**SUMMARY:** This rule incorporates into existing regulation a new special immigrant visa classification for certain international broadcasting employees of the International Broadcasting Bureau of the Broadcasting Board of Governors or grantees of that Board. This addition to the regulation results from an amendment to the pertinent legislation. The change will permit certain broadcasting employees to receive immigrant visas and apply for entry into the United States as immigrants.

**DATES:** Effective date: This interim rule is effective on April 18, 2001.

Comment date: Written comments must be submitted on or before May 18, 2001.

**ADDRESSES:** Submit comments in duplicate to the Chief, Legislation and Regulations Division, Visa Services, Department of State, 20520-0106, (202) 663-1204, e-mail *odomhe@state.gov*, or fax at (202) 663-3898.

**FOR FURTHER INFORMATION CONTACT:** H. Edward Odom, Chief, Legislation and Regulations Division, Visa Services, Department of State, Washington, DC 20520-0106.

**SUPPLEMENTARY INFORMATION:****What Is the Authority for This Rule?**

Pub. L. 106-536 created a new class of special immigrants under INA 203(b)(4) for international broadcasting employees. Such aliens must be seeking to enter the United States to work as a broadcaster for the International Broadcasting Bureau of the Broadcasting Board of Governors, or for a grantee of the Broadcasting Board of Governors. The alien's accompanying spouse and child(ren) are entitled to derivative status. The law limits the number of immigrants in this category to 100 annually, excluding spouses and children for whom there is no numerical limitation.

**Interim Rule****How Is the Department Amending its  
Regulation?**

The Department is amending its regulation at 22 CFR 42.32 by adding a new paragraph (d)(8).

**What Effect Will This Rule Have on  
Current Regulations?**

This rule authorizes consular officers to accord fourth preference employment-based special immigrant classification to certain international broadcasters. As with other classes of fourth preference employment-based immigrants, the alien must be the beneficiary of an approved petition.

**Administrative Procedure Act**

The Department's implementation of this regulation as an interim rule is based upon the “good cause” exceptions found at 5 U.S.C. 553(b)(B) and (d)(3). As the amendment to the regulation simply implements without interpretation a legislative mandate that provides a benefit to aliens by extending special immigrant status to a specific class of aliens, the Department has determined that it is unnecessary to publish a proposed rule or to solicit comments from the public. In view of this benefit and since the amendment applies to visas made available in any fiscal year beginning on or after October 1, 2000, the rule will be made effective

immediately upon publication in the **Federal Register**.

**Regulatory Flexibility Act**

The Department of State, in accordance with the Regulatory Flexibility Act (5 U.S.C. 605(b)), has reviewed this regulation and, by approving it, certifies that this rule will not have a significant economic impact on a substantial number of small entities.

**Unfunded Mandates Reform Act of  
1995**

This rule will not result in the expenditure by state, local and tribal governments, in the aggregate, or by the private sector, of \$100 million or more in any year and it will not significantly or uniquely affect small governments. Therefore, no actions were deemed necessary under the provisions of the Unfunded Mandates Reform Act of 1995.

**Small Business Regulatory Enforcement  
Fairness Act of 1996**

This rule is not a major rule as defined by section 804 of the Small Business Regulatory Enforcement Act of 1996. This rule will not result in an annual effect on the economy of \$100 million or more; a major increase in costs or prices; or significant adverse effects on competition, employment, investment, productivity, innovation, or on the ability of United States-based companies to compete with foreign-based companies in domestic and export markets.

**Executive Order 12866**

The Department of State does not consider this rule, to be a “significant regulatory action” under Executive Order 12866, section 3(f), Regulatory Planning and Review, and the Office of Management and Budget has waived its review process under section 6(a)(3)(A).

**Executive Order 13132**

This regulation will not have substantial direct effects on the states, on the relationship between the national government and the states, or on the distribution of power and responsibilities among the various levels of government. Therefore, in accordance with section 6 of Executive Order 13132, it is determined that this rule does not have sufficient federalism implications to warrant the preparation of a federalism summary impact statement.

**Paperwork Reduction Act**

This rule does not impose any new reporting or record-keeping requirements.

**List of Subjects in 22 CFR Part 42**

Aliens, Immigrants, Passports and Visas.

**PART 42—[AMENDED]**

1. The authority citation for Part 42 shall continue to read:

**Authority:** 8 U.S.C. 1104.

2. Amend § 42.32 by adding a new paragraph (d)(8) to read as follows:

**§ 42.32 [Amended]**

\* \* \* \* \*

(d) \* \* \*

(8) Certain United States international broadcasting employees.

(i) Entitlement to status. An alien is classifiable as a special immigrant under INA 203(b)(4) as described in INA 101(a)(27)(M), if the consular office has received a petition approved by the INS to accord such classification, or official notification of such an approval, and the consular officer is satisfied from the evidence presented that the alien is within the class described in INA 101(a)(27)(M).

(ii) Entitlement to derivative status. Pursuant to INA 203(d), and whether or not named in the petition, the spouse or child of any alien classified under INA 203(b)(4) as a special immigrant qualified under this section, if not otherwise entitled to an immigrant status and the immediate issuance of a visa, is entitled to derivative status corresponding to the classification and priority date of the beneficiary of the petition.

\* \* \* \* \*

Dated: December 22, 2000.

**Maura Harty,**

*Acting Assistant Secretary for Consular Affairs, U.S. Department of State.*

**DEPARTMENT OF TRANSPORTATION****Coast Guard****33 CFR Part 165**

**[COTP Western Alaska-01-001]**

**RIN 2115-AA97**

**Safety Zone; Gulf of Alaska, Southeast of Narrow Cape, Kodiak Island, AK**

**AGENCY:** Coast Guard, DOT.

**ACTION:** Temporary final rule.

**SUMMARY:** The Coast Guard is establishing a temporary safety zone in the Gulf of Alaska, southeast of Narrow Cape, Kodiak Island, Alaska. The zone is needed to protect the safety of persons and vessels operating in the vicinity of the safety zone during a rocket launch from the Alaska Aerospace Development Corporation, Narrow Cape, Kodiak Island facility. Entry of vessels or persons into this zone is prohibited unless specifically authorized by the Commander, Seventeenth Coast Guard District, and the Coast Guard Captain of the Port, Western Alaska, or his on scene representative. The intended affect of the proposed safety zone is to ensure the safety of human life and property during the rocket launch.

**DATES:** This temporary final rule is effective from 11 a.m. on March 23, 2001, until 8 p.m. on March 30, 2001.

**ADDRESSES:** The public docket for this rulemaking is maintained by Coast Guard Marine Safety Office Anchorage, 510 "L" Street, Suite 100, Anchorage, AK 99501. Materials in the public docket are available for inspection and copying at Coast Guard Marine Safety Office Anchorage. Normal Office hours are 7:30 a.m. to 4 p.m., Monday through Friday, except federal holidays.

**FOR FURTHER INFORMATION CONTACT:** LCDR Rick Rodriguez, Marine Safety Office Anchorage, at (907) 271-6700.

**SUPPLEMENTARY INFORMATION:****Regulatory History**

Pursuant to 5 U.S.C. 553, a notice of proposed rulemaking (NPRM) was not published for this regulation. Good cause exists for not publishing a NPRM and for making this regulation effective in less than 30 days after **Federal Register** publication. The parameters of the zone will not unduly impair business and transits of vessels. The Coast Guard will announce via Broadcast Notice to Mariners the anticipated date and time of each launch and will grant general permission to enter the safety zone during those times in which the launch does not pose a hazard to mariners. Because the hazardous condition is expected to last for approximately 5 hours of each day for eight days, and because general permission to enter the safety zone will be given during non-hazardous times, the impact of this rule on commercial and recreational traffic is expected to be minimal. Therefore, notice and comment is unnecessary. Additionally, the process of scheduling a rocket launch is uncertain due to unforeseen delays that can cause cancellation of the launch. The Coast

Guard attempts to publish a Final Rule, with a 30-day window, as close to the expected launch date as possible, when it is conveyed to them in time. Any delay encountered in this regulation's effective date would be unnecessary and contrary to public interest since immediate action is needed to protect human life and property from possible fallout from the rocket launch. This safety zone should have minimal impact on vessel transits and announcements via Broadcast Notice to Mariners will give vessels advanced notice of the launch.

**Background and Purpose**

The Alaska Aerospace Development Corporation (AADC) will launch an unmanned rocket from their facility at Narrow Cape, Kodiak Island, Alaska sometime between 1 p.m. and 6 p.m. each day between March 23, 2001 and March 30, 2001. The safety zone is necessary to protect spectators and transiting vessels from the potential hazards associated with the launch.

The Coast Guard will announce via Broadcast Notice to Mariners the anticipated date and time of the launch and will grant general permission to enter the safety zone during those times in which the launch does not pose a hazard to mariners. Because the hazardous condition is expected to last for approximately 5 hours of each day for eight days, and because general permission to enter the safety zone will be given during non-hazardous times, the impact of this rule on commercial and recreational traffic is expected to be minimal.

**Discussion of Regulation**

From the latest information received from the Alaska Aerospace Development Corporation, the launch window is scheduled for 5 hours each day between March 23, 2001 and March 30, 2001. The size of the safety zone has been set based upon the trajectory information in order to provide a greater safety buffer in the event that the launch is aborted shortly after take-off. The proposed safety zone includes an area approximately 133 square nautical miles in the Gulf of Alaska, southeast of Narrow Cape, Kodiak Island, Alaska. Specifically, the zone includes the waters of the Gulf of Alaska that are within the area by a line drawn from a point located at 57(30.5' North, 152°23.5' West, thence southeast to a point located at 57°22.0' North, 151°52.5' West, thence southwest to a point located at 57°15.0' North, 152°00.0' West, and thence northwest to a point located at 57°25.0' North, 152°29.5' West, and thence northeast to
