## DEPARTMENT OF HEALTH AND HUMAN SERVICES

### Agency for Toxic Substances and Disease Registry

[Program Announcement 01041]

### Exposure to Tremolite Asbestos in Vermiculite Ore Site-Specific Health Activities; Notice of Availability of Funds

#### A. Purpose

The Agency for Toxic Substances and  
Disease Registry (ATSDR) announces

the availability of fiscal year (FY) 2001  
funds for a cooperative agreement  
program to conduct site-specific health  
activities related to human exposure to  
contaminated vermiculite ore at sites  
around the United States that received  
and/or processed ore from the mine in  
Libby, Montana.

This program addresses the "Healthy  
People 2010" focus area of  
Environmental Health. The purpose of  
the program is to assist public health  
agencies in conducting site-specific  
health activities related to human  
exposure to contaminated vermiculite  
ore at sites identified by the  
Environmental Protection Agency (EPA)  
as receiving and/or processing ore.

#### B. Eligible Applicants

Assistance will be provided only to  
public health agencies of States or their  
bona fide agents or instrumentalities.  
State organizations, including State  
universities, must establish that they  
meet their respective State legislature's  
definition of a State entity or political  
subdivision to be considered an eligible  
applicant.

**Note:** Public Law 104-65 states that an  
organization described in section 501(c)(4) of  
the Internal Revenue Code of 1986 that  
engages in lobbying activities is not eligible  
to receive Federal funds constituting an  
award, grant, cooperative agreement,  
contract, loan, or any other form.

#### C. Availability of Funds

Approximately \$1,000,000 is available  
in FY 2001 to fund approximately 10  
awards. It is expected that the average  
award will range from a maximum of  
\$10,000 for the conduct of health  
statistics reviews to a maximum of  
\$500,000 for epidemiologic  
investigations. It is expected that the  
awards will begin on or about either  
July 1, 2001 and will be made for a 12-  
month budget period within a project  
period of up to 3 years. Funding  
estimates may change.

Continuation awards within an  
approved project period will be made  
on the basis of satisfactory progress as  
evidenced by required reports and the  
availability of funds.

#### Use of Funds

Funds may be expended for  
reasonable program purposes, such as  
personnel, travel, supplies, and services.  
Funds for contractual services may be  
requested; however, the grantee, as the  
direct and primary recipient of PHS  
grant funds, must perform a substantive  
role in carrying out project activities  
and not merely serve as a conduit for an  
award to another party or provide funds

to an ineligible party. Funds may not be  
used to purchase equipment.

#### D. Program Requirements

In conducting activities to achieve the  
purpose of this program, the recipient  
will be responsible for activities under  
1. Recipient Activities, and ATSDR will  
be responsible for the activities listed  
under 2. ATSDR Activities.

##### 1. Recipient Activities

a. For health statistics reviews:  
Analyze existing health outcome data of  
select asbestos-related diseases.  
Mortality data will be the most readily  
available data for asbestos-related  
diseases such as mesothelioma, lung  
cancer, and asbestosis, although cancer  
registry data should be utilized where  
available.

b. For epidemiologic investigations:  
Develop a protocol and conduct the  
recommended investigation. This  
protocol will undergo scientific peer  
review as required by ATSDR.

c. Provide proof by citing a State code  
or regulation or other State  
pronouncement under authority of law,  
that medical information obtained  
pursuant to the agreement will be  
protected from disclosure when the  
consent of the individual to release  
identifying information is not obtained.  
d. Develop a mechanism for ongoing  
interaction with, and education of  
affected community.

##### 2. ATSDR Activities

a. For the health statistics review:  
Make available to states both technical  
assistance and a standard protocol to  
use to analyze existing health outcome  
data of select asbestos-related diseases.

b. For epidemiologic investigations:  
Provide consultation and assist in  
monitoring the data; participate if  
requested in the study analysis and  
collaborate, if requested, in interpreting  
the study findings.

c. Conduct technical and peer review.

#### E. Application Content

In a narrative form, the application  
should include a discussion of areas  
under the "Evaluation Criteria" section  
of this announcement as they relate to  
the proposed program. These criteria  
serve as the basis for evaluating the  
application; therefore, omissions or  
incomplete information may affect the  
rating of the application. This program  
does not require in-kind support or  
matching funds, however, the applicant  
should describe any in-kind support in  
the application.

The narrative should be no more than  
30 pages, double-spaced, printed on  
one-side, with 1" margins, and

unreduced fonts (font size 12 point) on 8½" by 11" paper. The pages must be clearly numbered, and a complete index to the application and its appendices must be included. The original and two copies of the application must be submitted unstapled and unbound.

## F. Submission and Deadline

### Application

Submit the original and two copies of PHS 5161-1 (OMB Number 0937-0189). Forms are available at the following Internet address: [www.cdc.gov/](http://www.cdc.gov/).

Forms, or in the application kit. The proposed timetable for receiving new applications and making awards is shown below:

Submission deadlines	Review dates	Award dates
May 1, 2001 .....	June 1, 2001 .....	July 1, 2001.
August 1, 2001 .....	September 1, 2001 .....	September 30, 2001.

On or before above dates, submit the application to the Grants Management Specialist identified in the "Where to Obtain Additional Information" section of this announcement.

Deadline: Applications shall be considered as meeting the deadline if they are either:

(1) Received on or before the deadline date; or

(2) Sent on or before the deadline date and received in time for submission to the independent review group.

(Applicants must request a legibly dated U.S. Postal Service postmark or obtain a legibly dated receipt from a commercial carrier or U.S. Postal Service. Private metered postmarks shall not be acceptable as proof of timely mailing.)

Late Applications: Applications which do not meet the criteria in (1) or (2) above are considered late applications, will not be considered, and will be returned to the applicant.

## G. Evaluation Criteria

Each application will be evaluated individually against the following criteria by an independent review group appointed by ATSDR.

### 1. Proposed Program (50 Percent)

The extent to which the application addresses (a) the approach, feasibility, adequacy, and rationale of the proposed project design; (b) the technical merit of the proposed project, including the degree to which the project can be expected to yield results that meet the program objective as described in the Background (attachment II) sections of this announcement and the technical merit of the methods and procedures (including quality assurance and quality control procedures) for the proposed project; (c) the proposed project timeline, including clearly established project objectives for which progress toward attainment can and will be measured; (d) the proposed community involvement strategy; (e) the proposed method to disseminate the results to State and local public health officials, community residents, and other

concerned individuals and organizations; and (f) the degree to which the applicant has met the CDC Policy requirements regarding the inclusion of women, ethnic, and racial groups in the proposed research. This includes the proposed plan for the inclusion of both sexes and racial and ethnic minority populations for appropriate representation.

### 2. Program Personnel (30 Percent)

The extent to which the application has described (a) the qualifications, experience, and commitment of the principal investigator (or project director) and his/her ability to devote adequate time and effort to provide effective leadership; and (b) the competence of associates to accomplish the proposed activity, their commitment, and the time they will devote.

### 3. Applicant Capability and Coordination Efforts (20 Percent)

The extent to which the application has described (a) the capability of the applicant's administrative structure to foster successful scientific and administrative management of a study; (b) the capability of the applicant to demonstrate an appropriate plan for interaction with the community; (c) the suitability of facilities and (d) equipment available or to be purchased for the project.

### 4. Program Budget—(Not Scored)

The extent to which the budget is reasonable, clearly justified, and consistent with intended use of cooperative agreement/grant funds.

### 5. Human Subjects (Not Scored)

Does the application adequately address the requirements of Title 45 CFR Part 46 for the protection of human subjects?

## H. Other Requirements

### Technical Reporting Requirements

Provide CDC and ATSDR with original plus two copies of—

1. Annual progress reports;

2. Financial status report, no more than 90 days after the end of the budget period; and

3. final financial and performance reports, no more than 90 days after the end of the project period.

Send all reports to the Grants Management Specialist identified in the "Where to Obtain Additional Information" section of this announcement.

The following additional requirements are applicable to this program. For a complete description of each, see Attachment I in the application kit.

AR-1 Human Subjects Requirements

AR-2 Requirements for Inclusion of

Women and Racial and Ethnic Minorities in Research

AR-7 Executive Order 12372 Review

AR-9 Paperwork Reduction Act

Requirements

AR-10 Smoke-Free Workplace Requirements

AR-11 Healthy People 2010

AR-12 Lobbying Restrictions

AR-17 Peer and Technical Reviews of

Final Reports of Health Studies—ATSDR

AR-18 Cost Recovery—ATSDR

AR-19 Third Party Agreements—ATSDR

## I. Authority and Catalog of Federal Domestic Assistance Number

This program is authorized under section 104 (i)(1)(E), (7), (14) and (15) of the Comprehensive Environmental Response, Compensation and Liability Act (CERCLA) of 1980 as amended by the Superfund Amendments and Reauthorization Act (SARA) of 1986 [42 U.S.C. 9604 (i)(1)(E)(6),(7),(14), and (15)]. The Catalog of Federal Domestic Assistance number is 93.161.

## J. Where To Obtain Additional Information

A complete copy of the announcement may be downloaded from CDC's home page on the Internet at: <http://www.cdc.gov>. Click on "Funding" then "Grants and Cooperative Agreements." To receive

additional written information and to request an application kit, call 1-888-GRANTS4 (1-888-472-6874). You will be asked to leave your name and address and will be instructed to identify the Announcement number of interest.

If you have questions after reviewing the contents of all the documents, business management technical assistance may be obtained from: Nelda Y. Godfrey, Grants Management Specialist, Grants Management Branch, Procurement and Grants Office, Centers for Disease Control and Prevention, Room 3000, 2920 Brandywine Road, Atlanta, GA 30341-4146, Telephone number (770) 488-2722, E-mail address nag9@cdc.gov.

For program technical assistance, contact:

Sharon Campolucci, RN, MSN, Deputy Director, Division of Health Studies, Agency for Toxic Substances and Disease Registry, Executive Park, Building 4, Suite 2300, Atlanta, GA 30305, Telephone (404) 639-6200, E-mail Address [ssc1@cdc.gov](mailto:ssc1@cdc.gov).

or

Maggie Warren, Funding Resource Specialist, Division of Health Studies, Agency for Toxic Substances and Disease Registry, 1600 Clifton Rd., NE., Mail Stop E-31, Atlanta, GA 30333, Telephone (404) 639-5114, E-mail Address [mcs9@cdc.gov](mailto:mcs9@cdc.gov).

Dated: March 20, 2001.

## DEPARTMENT OF HEALTH AND HUMAN SERVICES

### Administration for Children and Families

#### Preliminary Finding of No Significant Impact

**AGENCY:** Administration on Children, Youth and Families (ACYF), ACF, DHHS.

**ACTION:** Final Finding of No Significant Impact.

**SUMMARY:** The Administration for Children and Families published a Notice in the **Federal Register** on November 9, 2000, (65 FR 67377) notifying interested parties that a Draft Programmatic Environmental Assessment issued by ACF was available for review and comment. The document assessed the environmental

impacts of activities undertaken by Head Start and Early Head Start grantees when purchasing, renovating or constructing child care facilities with grant funds. This document was prepared in accordance with the National Environmental Policy Act of 1969, as amended, the regulations of the Council on Environmental Quality (40 CFR 1500-1508), and the Revised General Administration Manual, HHS Part 30, Environmental Protection. ACF received no comments on the Draft Programmatic Environmental Assessment. ACF reviewed the conclusion of the Environmental Assessment (EA), and agreed with its findings.

In the **Federal Register** on January 25, 2001, (66 FR 7768) ACF invited public comment on a preliminary determination that regulates governing the purchase, construction and renovation of Head Start and Early Head Start child care centers. They will not have a significant impact on the quality of the human environment and that preparation of an environmental impact statement will not be necessary. ACF received no comments on the preliminary determination pertinent to the findings of the Environmental Assessment. ACF is therefore issuing a Final Finding of No Significant Impact by finding that regulations governing the purchase, construction and renovation of Head Start and Early Head Start child care centers will not have a significant impact on the quality of the human environment. ACF finds that the preparation of an environmental impact statement will not be necessary.

**DATES:** This finding is effective on March 26, 2001.

#### FOR FURTHER INFORMATION CONTACT:

Douglas Klafehn, Acting Associate Commissioner, Head Start Bureau, Administration on Children, Youth and Families, P.O. Box 1182, Washington, DC 20013; (202) 205-8572.

**SUPPLEMENTARY INFORMATION:** Head Start and Early Head Start are authorized under the Head Start Act (42 U.S.C. 9801 *et seq.*). It is a national program providing comprehensive developmental services to low-income preschool children, primarily from age three to the age of compulsory school attendance, and their families.

Early Head Start programs enroll children from birth to three years old and pregnant women. To help enrolled children achieve their full potential, Head Start and Early Head Start programs provide comprehensive health, nutritional, educational, social and educational services. ACF has proposed amendments to existing Head

Start regulations (45 CFR part 1309) to establish procedures for grantees to apply to use grant funds to cover the cost of constructing and making major renovations to Head Start and Early Head Start facilities and the steps necessary to protect the Federal interest in those facilities. The regulations at 45 CFR part 1309 currently establish procedures for grantees to request to use Head Start and Early Head Start grant funds to purchase facilities and to protect the Federal interest in those facilities. The authority for use of Head Start and Early Head Start grant funds to purchase, construct or undertake major renovations is found in Section 644 (f) and (g) of the Head Start Act.

ACF prepared and published for comment a Draft Environmental Assessment on November 9, 2000, (65 FR 67377). The alternatives assessed included the Proposed Action, which would include the full range of authorized activities including facility purchase, new construction and major renovation. The Alternative Action to the Proposed Action assessed a more restrictive alternative in which only minor construction and renovations would be conducted. The No Action Alternative under which only incidental alterations and renovations would be conducted was also assessed. The assessment considered the Proposed Action, Alternative Action and the No Action Alternative and the effects of each on water quality, air quality, noise, land use, transportation, waste management, human health and safety, soils, vegetation and wildlife, wetlands, cultural resources, socioeconomic factors, environmental justice, recreation, aesthetics, public services and utilities.

ACF has chosen to implement the Proposed Action. Environmental resources may be affected by implementing the Proposed Action and these impacts are analyzed in the Programmatic Environmental Assessment. Given the nationwide nature of this Assessment and the variety of possible environmental conditions, it was not deemed prudent to define the affected environment for all possible sites. Instead, the Assessment identifies circumstances, which may result in significant impacts, which must be avoided or mitigated when costs of purchasing, constructing or making major renovations to a Head Start facility are met with grant funds. In the course of implementing the Proposed Action, there will be some impacts to environmental resources. Most of these impacts, however, are expected to be minimal, largely due to mitigating measures during the site
