Title: Food Stamp Program Regulations, Part 275—Quality Control.
OMB Number: 0584-0303.

Expiration Date: June 30, 2001.

Type of Request: Extension of a currently approved collection of information.

Abstract: These burdens are required by Part 275 of the Food Stamp Program regulations on QC. The reporting and recordkeeping burden associated with the Food Stamp Program QC System is approved through June 30, 2001, under OMB No. 0584-0303. The approved burden for the QC system includes the burden for the QC sampling plan and the arbitration and good cause processes. The annual reporting burden associated with the QC sampling plan is 265 hours per year. The annual reporting burdens associated with arbitration and good cause processes are estimated to total 1643 and 1917 respectively. The annual recordkeeping burden associated with the QC sampling plan is 1.25 hours per year. The annual recordkeeping burdens associated with arbitration and good cause processes are estimated to total 3.89 and .28 respectively. The total annual burden for the QC system, as proposed by this notice, is 3830 hours.

The QC system contains procedures for resolving differences in review findings between State agencies and FNS. This is referred to as the arbitration process. The QC system also

contains procedures which provide relief for State agencies from all or a part of a QC liability when a State agency can demonstrate that a part or all of an excessive error rate was due to an unusual event which had an uncontrollable impact on the State agency's payment error rate.
