straightened and cut rod or wire, and reinforcing bars that have indentations, ribs, grooves, or other deformations produced during the rolling process.

Except as specified above, the term does not include stainless steel semi-finished products, cut length flat-rolled products (i.e., cut length rolled products which if less than 4.75 mm in thickness have a width measuring at least 10 times the thickness, or if 4.75 mm or more in thickness having a width which exceeds

150 mm and measures at least twice the thickness), wire (*i.e.*, cold-formed products in coils, of any uniform solid cross section along their whole length, which do not conform to the definition of flat-rolled products), and angles, shapes and sections.

The SSB subject to these reviews are currently classifiable under subheadings 7222.10.00.05, 7222.10.00.50, 7222.20.00.05, 7222.20.00.45, 7222.20.00.75, and 7222.30.00.00 of the

Harmonized Tariff Schedule of the United States ("HTSUS"). Although the HTSUS subheadings are provided for convenience and customs purposes, our written description of the scope of these orders is dispositive.

With respect to the order on the subject imports from Japan the Department has made two scope rulings. The following products were determined to be within the scope of the order:

Product within scope	Company	Citation
Keystone 2000		63 FR 6722 (February 10, 1998). 64 FR 50273 (September 16, 1999).

Determination

As a result of the determination by the Department and the Commission that revocation of the antidumping duty orders would likely lead to continuation or recurrence of dumping and material injury to an industry in the United States, pursuant to section 751(d)(2) of the Act, the Department hereby orders the continuation of the antidumping duty orders on stainless steel bar from Brazil, India, Japan, and Spain. The effective date of continuation of these orders will be the date of publication in the Federal Register of this Notice of Continuation. Pursuant to section 751(c)(2) of the Act, the Department intends to initiate the next five-year review of these orders not later than March 2006.

Richard W. Moreland is temporarily fulfilling the duties of the Assistant Secretary for Import Administration.
