

b. The extent to which the applicant describes the specific activities and methods to achieve each objective.

c. The extent to which the proposed time-table for developing the demonstration model is clearly defined. It should include a tentative work plan and time table for the remaining years of the proposed project.

3. Program Development Plan (30 Points)

a. The extent to which the applicant's program development plan is clear, feasible, scientifically sound, and describes the approach and activities necessary to carry out the health department's role in providing essential environmental health services under the three core functions of assessment, policy development, and assurance.

b. The extent to which the applicant has demonstrated its ability to develop a comprehensive, state-of-the-art environmental health program based on the ten Essential Public Health Services, ten Essential Environmental Health Services, and the Core Competencies for Effective Practice of Environmental Health. Each element will be specifically evaluated in terms of how it applies directly to the provision or delivery and improvement of environmental health services.

4. Coordination and Collaboration (10 Points)

The extent to which the applicant involves collaborators in the development of the demonstration model. This includes describing its relationship with other health department components and government agencies, academia, and CBOs as evidenced by letters of support, memoranda of agreement, and other documented evidence.

5. Project Management and Staffing (15 Points)

The extent to which the applicant documents skills, ability, and experience of key health department staff who will be responsible for developing, implementing, and carrying out the requirements of the demonstration model. Specifically, the applicant should: (a) Describe health department staff roles in the development and implementation of the model, their specific responsibilities and their level of effort and time commitment. It should provide assurances that positions to be filled by the applicant's personnel system will be done within reasonable time after receiving funding.

6. Program Evaluation (15 Points)

a. The evaluation plan should describe useful and appropriate strategies and approaches to monitor and improve the quality, effectiveness, and efficiency of the demonstration model.

b. The extent to which the applicant proposes to measure the overall impact of the demonstration model in terms of its contribution to improving the delivery of environmental health services, as may be evidenced by the reduction of environmentally related risk factors known to contribute to disease, and/or the impact on incidence and prevalence of environmentally induced illness and disease.

7. Budget Justification (Not Scored)

The extent to which the budget is clearly explained, adequately justified, and is reasonable and consistent with the stated objectives and planned activities.

H. Other Requirements

Public Health Disease Surveillance Initiative; Notice of Availability of Funds

A. Purpose

The Centers for Disease Control and Prevention (CDC) announces the availability of fiscal year (FY) 2001 funds for a one year grant program for the State of Delaware, Department of Health and Social Services, Public Health Disease Surveillance Initiative. This program addresses the "Healthy

People 2010" focus area of Immunization and Infectious Diseases.

The purpose of the program is to build an integrated data management system that will allow the sharing of core data elements needed by the state to effectively fulfill their responsibilities for the surveillance and reporting of communicable diseases.

B. Eligible Applicants

Assistance will be provided only to the State of Delaware, Department of Health and Social Services, Public Health Disease Surveillance Initiative. No other applications are solicited. Eligibility is limited to the Delaware Department of Health and Social Services because fiscal year 2001 Federal appropriations specially directs the Centers for Disease Control and Prevention (CDC) to award to the Department of Health funds to build an integrated disease surveillance system.

Note: Title 2 of the United States Code, Chapter 26, Section 1611 states that an organization described in section 501(c)(4) of the Internal Revenue Code of 1986 that engages in lobbying activities is not eligible to receive Federal funds constituting an award, grant, cooperative agreement, contract, loan or other form.

C. Availability of Funds

Approximately \$1,843,000 is available in FY 2001 to fund the award. It is expected that the award will begin on or about July 15, 2001, and will be made for a 12-month budget period within a project period of one year.

D. Where To Obtain Additional Information

To obtain additional information, contact: Juanita Crowder, Grants Management Specialist, Grants Management Branch, Procurement and Grants Office, Centers for Disease Control and Prevention, 2920 Brandywine Road, Room 3000, Atlanta, GA 30341-4146, Telephone: 770-488-2734, Email address: Jcrowder@cdc.gov.

Network-Based Surveillance System Initiative; Notice of Availability of Funds

A. Purpose

The Centers for Disease Control and Prevention (CDC) announces the availability of fiscal year (FY) 2001 funds for a one-year grant program for the University of New Mexico in Albuquerque, Emerging Infectious Disease Center. This program addresses the "Healthy People 2010" focus area of Immunization and Infectious Diseases.

The purpose of the program is to build a center that will allow the unique interdisciplinary expertise of multiple institutions, as well as national laboratories, be applied to epidemics and other instances of emerging infectious diseases. The intent of a center is to develop a network-based surveillance system to understand, detect, intervene and prevent emerging epidemics by working at the intersection of public health.

B. Eligible Applicants

Assistance will be provided only to the University of Mexico in Albuquerque. No other applications are solicited. Eligibility is limited to the University of New Mexico because fiscal year 2001 Federal appropriations specifically directs the Centers for Disease Control and Prevention (CDC) to award this University funds to develop a network-based surveillance system.

Note: Title 2 of the United States Code, Chapter 26, Section 1611 states that an organization described in section 501(c)(4) of the Internal Revenue Code of 1986 that engages in lobbying activities is not eligible to receive Federal funds constituting an award, grant, cooperative agreement, contract, loan or other form.

C. Availability of Funds

Approximately \$921,000 is available in FY 2001 to fund the award. It is expected that the award will begin on or about July 15, 2001, and will be made for a 12-month budget period within a project period of one year.

D. Where To Obtain Additional Information

To obtain additional information, contact: Juanita Crowder, Grants Management Specialist, Grants Management Branch, Procurement and Grants Office, Centers for Disease

Control and Prevention, 2920 Brandywine Road, Room 3000, Atlanta, GA 30341-4146, Telephone: 770-488-2734, Email address: JCrowder@cdc.gov.
