

2. Collaboration: (15 points)

The extent to which the applicant provides evidence of collaborative relationships with prevention research centers, state and local health agencies, local and state government and planning agencies relevant to successful completion of the proposed project(s).

3. Proposed Operational and Evaluation Plan: (35 points)

The extent to which the applicant clearly identifies the specific outcome and process objectives for the proposed projects, deliverables, and the major steps required to meet the objectives; and proposes an evaluation plan that is likely to provide meaningful information about the achievement of the projects.

4. Proposed Implementation Schedule: (10 points)

The extent to which the projected timetable for completion of tasks and for meeting objectives is reasonable and realistic.

5. Project Management and Staffing Plan: (15 points)

The extent to which the applicant demonstrates management structure and staff positions with clear lines of authority and plans for fiscal control, and that designated staff have appropriate qualifications and experience.

6. Budget: (Not Scored)

The extent to which the applicant provides a detailed budget and justification consistent with the proposed program objectives and activities.

H. Other Requirements

Provide CDC with original plus two copies of

1. annual progress reports;
2. financial status report, no more than 90 days after the end of the budget period; and
3. final financial and performance reports, no more than 90 days after the end of the project period.

Send all reports to the Grants Management Specialist identified in the "Where to Obtain Additional Information" section of this announcement.

The following additional requirements are applicable to this program. For a complete description of each, see Attachment I in the application kit.

- AR-9 Paperwork Reduction Act Requirements
- AR-10 Smoke Free Workplace Requirements

- AR-11 Healthy People 2000
- AR-12 Lobbying Restrictions
- AR-14 Accounting System
- AR-15 Proof of Non-Profit Status

I. Authority and Catalog of Federal Domestic

This program is authorized under section 301 (a), 311(b) and (C) and 317(k)(2) of the Public Health Service Act, [42 U.S.C. section 241(a), 243(b) and (c) and 247(k)(2)], as amended. The Catalog of Federal Domestic Assistance number is 93.283.

DEPARTMENT OF HEALTH AND HUMAN SERVICES**Centers for Disease Control and Prevention**

[Program Announcement 01125]

United Nations Foundation: Measles Control and Related Childhood Morbidity Reduction Program; Notice of Availability of Funds**A. Purpose**

The Centers for Disease Control and Prevention (CDC) announces the availability of fiscal year (FY) 2001 funds for a cooperative agreement

program for control of vaccine preventable diseases with an emphasis on reducing morbidity and mortality caused by measles. This program addresses the "Healthy People 2010" focus area of Immunization and Infectious Diseases. The purpose of the program is to support global measles control and morbidity reduction by facilitating the provision of bundled measles vaccine*, technical, laboratory, programmatic consultants, and other services, as needed, to the governments of measles endemic countries.

Note: The term "bundled" refers to vaccine and supplies required to ensure safe injection and safe disposal of vaccine vials and injection materials. Additionally, measles vaccine procurement may include the purchase of vaccine containing antigens for measles (M), measles and rubella (MR), or measles, mumps and rubella (MMR) as per requirements set forth under specific national immunization policies of countries supported under this agreement.

B. Eligible Applicant

Assistance will be provided only to the United Nations Foundation. No other applications are solicited.

Eligibility is limited to the United Nations Foundation (UNF) because it is the most appropriate and qualified agency to conduct the activities under this cooperative agreement:

1. UNF is the only organization whose mission is to serve as the global advocate for United Nations Programmes. The UNF seeks to support the goals and objectives of the United Nations and its Charter in order to promote a more peaceful, prosperous, and just world—with special emphasis on the UN's work, especially on behalf of economic, social, environmental and humanitarian causes. The UNF lists children's health as one of its top four program priorities. Within this priority lies the support of programs seeking to reduce childhood mortality.

2. The proposed program is strongly supportive of, and directly related to, the achievement of United Nations Programmes and CDC/National Immunization Program objectives for the control and prevention of vaccine preventable diseases and coincident reduction in childhood mortality [approximately 900,000 children die per year due to measles related complications].

The UNF's role as a supporter of United Nations Programmes concerned with children's health issues and programs, together with the United States Agency for International Development (USAID), the Canadian International Development Agency, the American Red Cross, CDC, and others,

are partners in an international effort to increase support and visibility for measles control and mortality reduction.

Note: Title 2 of the United States Code, Chapter 26, section 1611 states that an organization described in section 501(c)(4) of the Internal Revenue Code of 1986 that engages in lobbying activities is not eligible to receive Federal funds constituting an award, grant, cooperative agreement, contract, loan, or any other form.

C. Availability of Funds

Approximately \$5 million is available in FY 2001 to fund this award. It is expected that this award will begin on or about September 1, 2001 and will be made for a 12-month budget period within a project period of up to five years. Funding estimates may change.

Continuation awards within an approved project period will be made on the basis of satisfactory progress as evidenced by required reports and the availability of funds.

D. Where To Obtain Additional Information

To obtain business management technical assistance, contact: Mike Smiley, Grants Management Specialist, Grants Management Branch, Procurement and Grants Office, Centers for Disease Control and Prevention, 2920 Brandywine Road, Room 3000, Atlanta, GA 30341-4146, Telephone number: (770) 488-2718, E-mail address: znr6@cdc.gov.

For program technical assistance, contact: Leo Weakland, Deputy Chief, Global Measles Branch, Centers for Disease Control and Prevention, MS-E05, 1600 Clifton Rd., Atlanta, GA 30333, Telephone number: (404) 639-8404, E-mail address: lfw0@cdc.gov.

Dated: May 16, 2001.

Henry S. Cassell III,

Acting Director, Procurement and Grants Office, Centers for Disease Control and Prevention (CDC).
