

burden under the provisions of the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*).

The Congressional Review Act, 5 U.S.C. 801 *et seq.*, as added by the Small Business Regulatory Enforcement Fairness Act of 1996, generally provides that before a rule may take effect, the agency promulgating the rule must submit a rule report, which includes a copy of the rule, to each House of the Congress and to the Comptroller General of the United States. EPA will submit a report containing this rule and other required information to the U.S. Senate, the U.S. House of Representatives, and the Comptroller General of the United States prior to publication of the rule in the **Federal Register**. A major rule cannot take effect until 60 days after it is published in the **Federal Register**. This action is not a "major rule" as defined by 5 U.S.C. 804(2).

Under section 307(b)(1) of the Clean Air Act, petitions for judicial review of this action must be filed in the United States Court of Appeals for the appropriate circuit by July 23, 2001. Filing a petition for reconsideration by the Administrator of this final rule does not affect the finality of this rule for the purposes of judicial review nor does it extend the time within which a petition for judicial review may be filed, and shall not postpone the effectiveness of such rule or action. This action may not be challenged later in proceedings to enforce its requirements. (See section 307(b)(2).)

Extension of Tolerances for Emergency Exemptions (Multiple Chemicals)

AGENCY: Environmental Protection Agency (EPA).

ACTION: Final rule.

SUMMARY: This regulation extends time-limited tolerances for the pesticides listed in Unit II. of the **SUPPLEMENTARY INFORMATION**. These actions are in response to EPA's granting of emergency exemptions under section 18 of the Federal Insecticide, Fungicide, and Rodenticide Act authorizing use of these pesticides. Section 408(l)(6) of the Federal Food, Drug, and Cosmetic Act (FFDCA) requires EPA to establish a time-limited tolerance or exemption from the requirement for a tolerance for pesticide chemical residues in food that will result from the use of a pesticide under an emergency exemption granted by EPA.

DATES: This regulation is effective May 24, 2001. Objections and requests for hearings, identified by docket control number OPP-301125, must be received by EPA on or before June 25, 2001.

ADDRESSES: Written objections and hearing requests may be submitted by mail, in person, or by courier. Please follow the detailed instructions for each method as provided in Unit III. of the **SUPPLEMENTARY INFORMATION**. To ensure proper receipt by EPA, your objections and hearing requests must identify docket control number OPP-301125 in the subject line on the first page of your response.

SUPPLEMENTARY INFORMATION:

I. General Information

A. Does this Action Apply to Me?

You may be affected by this action if you are an agricultural producer, food

manufacturer, or pesticide manufacturer. Potentially affected categories

Categories	NAICS codes	Examples of Potentially Affected Entities
Industry	111 112 311 32532	Crop production Animal production Food manufacturing Pesticide manufacturing

This listing is not intended to be exhaustive, but rather provides a guide for readers regarding entities likely to be affected by this action. Other types of entities not listed in the table could also be affected. The North American Industrial Classification System (NAICS) codes have been provided to assist you and others in determining whether or not this action might apply to certain entities. If you have questions regarding the applicability of this action to a particular entity, consult the person listed under **FOR FURTHER INFORMATION CONTACT**.

B. How Can I Get Additional Information, Including Copies of this Document and Other Related Documents?

1. *Electronically.* You may obtain electronic copies of this document, and certain other related documents that might be available electronically, from the EPA Internet Home Page at <http://www.epa.gov/>. To access this document, on the Home Page select "Laws and Regulations," "Regulations and Proposed Rules," and then look up the entry for this document under the "Federal Register—Environmental Documents." You can also go directly to the **Federal Register** listings at <http://www.epa.gov/fedrgstr/>. A frequently updated electronic version of 40 CFR part 180 is available at http://www.access.gpo.gov/nara/cfr/cfrhtml/00/Title_40/40cfr180_00.html, a beta site currently under development.

2. *In person.* The Agency has established an official record for this action under docket control number OPP-301125. The official record consists of the documents specifically referenced in this action, and other information related to this action, including any information claimed as Confidential Business Information (CBI). This official record includes the documents that are physically located in the docket, as well as the documents that are referenced in those documents. The public version of the official record does not include any information claimed as CBI. The public version of

the official record, which includes printed, paper versions of any electronic comments submitted during an applicable comment period is available for inspection in the Public Information and Records Integrity Branch (PIRIB), Rm. 119, Crystal Mall #2, 1921 Jefferson Davis Hwy., Arlington, VA, from 8:30 a.m. to 4 p.m., Monday through Friday, excluding legal holidays. The PIRIB telephone number is (703) 305-5805.

II. Background and Statutory Findings

EPA published final rules in the **Federal Register** for each chemical/commodity listed below. The initial issuance of these final rules announced that EPA, on its own initiative, under section 408 of the FFDCA, 21 U.S.C. 346a, as amended by the Food Quality Protection Act of 1996 (FQPA) (Public Law 104-170) was establishing time-limited tolerances.

EPA established the tolerances because section 408(l)(6) of the FFDCA requires EPA to establish a time-limited tolerance or exemption from the requirement for a tolerance for pesticide chemical residues in food that will result from the use of a pesticide under an emergency exemption granted by EPA under section 18 of the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA). Such tolerances can be established without providing notice or time for public comment.

EPA received requests to extend the use of these chemicals for this year's growing season. After having reviewed these submissions, EPA concurs that emergency conditions exist. EPA assessed the potential risks presented by residues for each chemical/commodity. In doing so, EPA considered the safety standard in FFDCA section 408(b)(2), and decided that the necessary tolerance under FFDCA section 408(l)(6) would be consistent with the safety standard and with FIFRA section 18.

The data and other relevant material have been evaluated and discussed in the final rule originally published to support these uses. Based on that data and information considered, the Agency reaffirms that extension of these time-

limited tolerances will continue to meet the requirements of section 408(l)(6). Therefore, the time-limited tolerances are extended until the date listed below. EPA will publish a document in the **Federal Register** to remove the revoked tolerances from the Code of Federal Regulations (CFR). Although these tolerances will expire and are revoked on the date listed, under FFDCA section 408(l)(5), residues of the pesticide not in excess of the amounts specified in the tolerance remaining in or on the commodity after that date will not be unlawful, provided the residue is present as a result of an application or use of a pesticide at a time and in a manner that was lawful under FIFRA, the tolerance was in place at the time of the application, and the residue does not exceed the level that was authorized by the tolerance. EPA will take action to revoke these tolerances earlier if any experience with, scientific data on, or other relevant information on this pesticide indicate that the residues are not safe.

Tolerances for the use of the following pesticide chemicals on specific commodities are being extended:

1. *Diuron.* EPA has authorized under FIFRA section 18 the use of diuron, in catfish ponds for control of blue green algae in Arkansas and Mississippi. This regulation extends a time-limited tolerance for combined residues of the herbicide, diuron (3-(3,4-dichlorophenyl)-1,1-dimethylurea) and its metabolites convertible to 3,4-dichloroaniline in or on catfish fillets at 2.0 ppm for an additional 2-year period. This tolerance will expire and is revoked on June 30, 2003. A time-limited tolerance was originally published in the **Federal Register** on July 30, 1999 (64 FR 41297) (FRL-6087-2).

2. *Terbacil.* EPA has authorized under FIFRA section 18 the use of terbacil on watermelon for control of weeds in Delaware, Maryland, and Virginia. This regulation extends a time-limited tolerance for residues of the herbicide terbacil (3-tert-butyl-5-chloro-6-methyluracil) and its metabolites 3-tert-

butyl-5-chloro-6-hydroxymethyluracil, 6-chloro-2,3-dihydro-7-hydroxymethyl-3,3-dimethyl-5H-oxazolo (3,2-a) pyrimidin-5-one, and -6-chloro-2,3-dihydro-3,3,7-trimethyl-5H-oxazolo (3,2-a) pyrimidin-5-one), calculated as terbacil in or on watermelon at 0.4 ppm for an additional 2-year, 1-month period. This tolerance will expire and is revoked on June 30, 2003. A time-limited tolerance was originally published in the **Federal Register** on June 20, 1997 (62 FR 33557) (FRL-6080-5).

3. *Hydramethylnon*. EPA has authorized under FIFRA section 18 the use of hydramethylnon on pineapple for control of big-headed and Argentine ants in Hawaii. This regulation extends a time-limited tolerance for residues of the insecticide hydramethylnon; tetrahydro-5,5-dimethyl-2-(1H)-pyrimidinoine (3-(4-trifluoromethyl)phenyl)-1-[2-[4(trifluoromethyl)phenyl]ethenyl)-2-propenylidene] hydrazone in or on pineapple at 0.05 ppm for an additional 2-year, 1-month period. This tolerance will expire and is revoked on June 30, 2003. A time-limited tolerance was originally published in the **Federal Register** on March 4, 1998 (63 FR 10537) (FRL-5767-1).

4. *Clopyralid*. EPA has authorized under FIFRA section 18 the use of clopyralid on canola for control of Canada thistle and perennial sowthistle in Minnesota, Montana, and North Dakota. This regulation extends a time-limited tolerance for residues of the herbicide clopyralid in or on canola at 3 ppm for an additional 1-year, 11-month period. This tolerance will expire and is revoked on June 30, 2003. A time-limited tolerance was originally published in the **Federal Register** on May 16, 1997 (62 FR 26949) (FRL-5718-2).

5. *Imidacloprid—Blueberries*. EPA has authorized under FIFRA section 18 the use of imidacloprid on blueberries for control of oriental beetles and blueberry aphids in New Jersey. This regulation extends a time-limited tolerance for combined residues of the insecticide imidacloprid; (1-6-chloro-3-pyridinyl)methyl-N-nitro-2-imidazolidinimine and its metabolites containing the 6-chloropyridinyl moiety, all expressed as parent in or on blueberries at 1.0 ppm for an additional 2-year, 1-month period. This tolerance will expire and is revoked on June 30, 2003. A time-limited tolerance was originally published in the **Federal Register** on July 21, 1999 (64 FR 39041) (FRL-6088-3).

6. *Spinosad*. EPA has authorized under FIFRA section 18 the use of

spinosad on cranberries for control of sparganothis fruitworm in Massachusetts. This regulation extends a time-limited tolerance for residues of the insecticide spinosad; Spinosyn A (Factor A; CAS #131929-60-7) or 2-[(6-deoxy-2,3,4-tri-O-methyl- α -L-mannopyranosyl)oxy-13-[[5-(dimethylamino)-tetrahydro-6-methyl-2H-pyran-2-yl]oxy]-9-ethyl-2, 3, 3a, 5a, 5b, 6, 9, 10, 11, 12, 13, 14, 16a, 16b-tetradecahydro-14-methyl-1H-as-indaceno[3,2-doxacyclododecin-7,15-dione; and Spinosyn D (Factor D; CAS #131929-63-0) or 2-(6-deoxy-2,3,4-tri-O-methyl- α -L-manno-pyranosyl)oxy-13[[5-(dimethylamino)-tetrahydro-6-methyl-2H-pyran-2-yl]oxy]-9-ethyl-2, 3, 3a, 5a, 5b, 6, 9, 10, 11, 12, 13, 14, 16a, 16b-tetradecahydro 4,14-methyl-1H-as-indaceno[3,2]-doxacyclododecin-7, 15-dione in or on cranberries at 0.02 ppm for an additional 2-year, 1-month period. This tolerance will expire and is revoked on June 30, 2003. A time-limited tolerance was originally published in the **Federal Register** on July 21, 1999 (64 FR 39053) (FRL-6086-7).

III. Objections and Hearing Requests

Under section 408(g) of the FFDCA, as amended by the FQPA, any person may file an objection to any aspect of this regulation and may also request a hearing on those objections. The EPA procedural regulations which govern the submission of objections and requests for hearings appear in 40 CFR part 178. Although the procedures in those regulations require some modification to reflect the amendments made to the FFDCA by the FQPA of 1996, EPA will continue to use those procedures, with appropriate adjustments, until the necessary modifications can be made. The new section 408(g) provides essentially the same process for persons to "object" to a regulation for an exemption from the requirement of a tolerance issued by EPA under new section 408(d), as was provided in the old FFDCA sections 408 and 409. However, the period for filing objections is now 60 days, rather than 30 days.

A. What Do I Need to Do to File an Objection or Request a Hearing?

You must file your objection or request a hearing on this regulation in accordance with the instructions provided in this unit and in 40 CFR part 178. To ensure proper receipt by EPA, you must identify docket control number OPP-301125 in the subject line on the first page of your submission. All requests must be in writing, and must be mailed or delivered to the Hearing Clerk on or before June 25, 2001.

1. *Filing the request*. Your objection must specify the specific provisions in the regulation that you object to, and the grounds for the objections (40 CFR 178.25). If a hearing is requested, the objections must include a statement of the factual issues(s) on which a hearing is requested, the requestor's contentions on such issues, and a summary of any evidence relied upon by the objector (40 CFR 178.27).

Information submitted in connection with an objection or hearing request may be claimed confidential by marking any part or all of that information as CBI. Information so marked will not be disclosed except in accordance with procedures set forth in 40 CFR part 2. A copy of the information that does not contain CBI must be submitted for inclusion in the public record. Information not marked confidential may be disclosed publicly by EPA without prior notice.

Mail your written request to: Office of the Hearing Clerk (1900), Environmental Protection Agency, 1200 Pennsylvania Ave., NW., Washington, DC 20460. You may also deliver your request to the Office of the Hearing Clerk in Rm. C400, Waterside Mall, 401 M St., SW., Washington, DC 20460. The Office of the Hearing Clerk is open from 8 a.m. to 4 p.m., Monday through Friday, excluding legal holidays. The telephone number for the Office of the Hearing Clerk is (202) 260-4865.

2. *Tolerance fee payment*. If you file an objection or request a hearing, you must also pay the fee prescribed by 40 CFR 180.33(i) or request a waiver of that fee pursuant to 40 CFR 180.33(m). You must mail the fee to: EPA Headquarters Accounting Operations Branch, Office of Pesticide Programs, P.O. Box 360277M, Pittsburgh, PA 15251. Please identify the fee submission by labeling it "Tolerance Petition Fees."

EPA is authorized to waive any fee requirement "when in the judgement of the Administrator such a waiver or refund is equitable and not contrary to the purpose of this subsection." For additional information regarding the waiver of these fees, you may contact James Tompkins by phone at (703) 305-5697, by e-mail at tompkins.jim@epa.gov, or by mailing a request for information to Mr. Tompkins at Registration Division (7505C), Office of Pesticide Programs, Environmental Protection Agency, 1200 Pennsylvania Ave., NW., Washington, DC 20460.

If you would like to request a waiver of the tolerance objection fees, you must mail your request for such a waiver to: James Hollins, Information Resources and Services Division (7502C), Office of Pesticide Programs, Environmental

Protection Agency, 1200 Pennsylvania Ave., NW., Washington, DC 20460.

3. *Copies for the docket.* In addition to filing an objection or hearing request with the Hearing Clerk as described in Unit III.A., you should also send a copy of your request to the PIRIB for its inclusion in the official record that is described in Unit I.B.2. Mail your copies, identified by docket control number OPP-301125, to: Public Information and Records Integrity Branch, Information Resources and Services Division (7502C), Office of Pesticide Programs, Environmental Protection Agency, 1200 Pennsylvania Ave., NW., Washington, DC 20460.

In person or by courier, bring a copy to the location of the PIRIB described in Unit I.B.2. You may also send an electronic copy of your request via e-mail to: opp-docket@epa.gov. Please use an ASCII file format and avoid the use of special characters and any form of encryption. Copies of electronic objections and hearing requests will also be accepted on disks in WordPerfect 6.1/8.0 file format or ASCII file format. Do not include any CBI in your electronic copy. You may also submit an electronic copy of your request at many Federal Depository Libraries.

B. When Will the Agency Grant a Request for a Hearing?

A request for a hearing will be granted if the Administrator determines that the material submitted shows the following: There is a genuine and substantial issue of fact; there is a reasonable possibility that available evidence identified by the requestor would, if established resolve one or more of such issues in favor of the requestor, taking into account uncontested claims or facts to the contrary; and resolution of the factual issues(s) in the manner sought by the requestor would be adequate to justify the action requested (40 CFR 178.32).

IV. Regulatory Assessment Requirements

This final rule establishes time-limited tolerances under FFDCA section 408. The Office of Management and Budget (OMB) has exempted these types of actions from review under Executive Order 12866, entitled *Regulatory Planning and Review* (58 FR 51735, October 4, 1993). This final rule does not contain any information collections subject to OMB approval under the Paperwork Reduction Act (PRA), 44 U.S.C. 3501 *et seq.*, or impose any enforceable duty or contain any unfunded mandate as described under Title II of the Unfunded Mandates Reform Act of 1995 (UMRA) (Public Law 104-4). Nor does it require any

special considerations under Executive Order 12898, entitled Federal Actions to Address Environmental Justice in Minority Populations and Low-Income Populations (59 FR 7629, February 16, 1994); or require OMB review or any other Agency action under Executive Order 13045, entitled *Protection of Children from Environmental Health Risks and Safety Risks* (62 FR 19885, April 23, 1997). This action does not involve any technical standards that would require Agency consideration of voluntary consensus standards pursuant to section 12(d) of the National Technology Transfer and Advancement Act of 1995 (NTTAA), Public Law 104-113, section 12(d) (15 U.S.C. 272 note). Since tolerances and exemptions that are established under FFDCA section 408(l)(6) in response to an exemption under FIFRA section 18, such as the tolerances in this final rule, do not require the issuance of a proposed rule, the requirements of the Regulatory Flexibility Act (RFA) (5 U.S.C. 601 *et seq.*) do not apply. In addition, the Agency has determined that this action will not have a substantial direct effect on States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government, as specified in Executive Order 13132, entitled *Federalism* (64 FR 43255, August 10, 1999). Executive Order 13132 requires EPA to develop an accountable process to ensure "meaningful and timely input by State and local officials in the development of regulatory policies that have federalism implications." "Policies that have federalism implications" is defined in the Executive Order to include regulations that have "substantial direct effects on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government." This final rule directly regulates growers, food processors, food handlers and food retailers, not States. This action does not alter the relationships or distribution of power and responsibilities established by Congress in the preemption provisions of FFDCA section 408(n)(4).

For these same reasons, the Agency has determined that this rule does not have any "tribal implications" as described in Executive Order 13175, entitled *Consultation and Coordination with Indian Tribal Governments* (65 FR 67249, November 6, 2000). Executive Order 13175, requires EPA to develop an accountable process to ensure "meaningful and timely input by tribal

officials in the development of regulatory policies that have tribal implications." "Policies that have tribal implications" is defined in the Executive Order to include regulations that have "substantial direct effects on one or more Indian tribes, on the relationship between the Federal government and the Indian tribes, or on the distribution of power and responsibilities between the Federal government and Indian tribes." This rule will not have substantial direct effects on tribal governments, on the relationship between the Federal government and Indian tribes, or on the distribution of power and responsibilities between the Federal government and Indian tribes, as specified in Executive Order 13175. Thus, Executive Order 13175 does not apply to this rule.

V. Submission to Congress and the Comptroller General

The Congressional Review Act, 5 U.S.C. 801 *et seq.*, as added by the Small Business Regulatory Enforcement Fairness Act of 1996, generally provides that before a rule may take effect, the agency promulgating the rule must submit a rule report, which includes a copy of the rule, to each House of the Congress and to the Comptroller General of the United States. EPA will submit a report containing this rule and other required information to the U.S. Senate, the U.S. House of Representatives, and the Comptroller General of the United States prior to publication of this final rule in the **Federal Register**. This final rule is not a "major rule" as defined by 5 U.S.C. 804(2).

BILLING CODE 6560-50-S

DEPARTMENT OF THE INTERIOR

Bureau of Land Management

43 CFR Part 1820

[WO-850-1820-XZ-24-1A]

RIN 1004-AD34

Application Procedures

AGENCY: Bureau of Land Management, Interior.

ACTION: Final rule.

SUMMARY: This administrative final rule amends the regulations pertaining to execution and filing of forms in order to reflect the new address of the California and Montana State Offices of the Bureau of Land Management (BLM). All filings and other documents relating to public lands in California and Montana must be filed at the new address of the State Offices. This rule will have no impact or cost to the public. The benefits of the rule are limited.

EFFECTIVE DATE: May 24, 2001.

FOR FURTHER INFORMATION CONTACT: Kelly Odom, at (202) 452-5028. To reach Ms. Odom, persons who use a telecommunications device for the deaf (TDD) may call the Federal Information

Relay Service at 1-800-877-8339, 24 hours a day, 7 days a week.

SUPPLEMENTARY INFORMATION: This administrative final rule reflects the administrative action of changing the addresses of the California and Montana State Offices of BLM. It changes the addresses for the filing of documents relating to public lands in California and Montana, but makes no other changes in filing requirements. Therefore, this amendment is published as a final rule with the effective date shown above.

Because this final rule is an administrative action to change the address for two BLM State Offices, BLM has determined that it has no substantive impact on the public. It imposes no costs, and merely updates a list of addresses included in the Code of Federal Regulations for the convenience of the public. The Department of the Interior, therefore, for good cause finds under 5 U.S.C. 553(b)(B) and 553(d)(3) that notice and public procedure thereon are unnecessary and that this rule may take effect upon publication.

Because this final rule is a purely administrative regulatory action having no effects upon the public or the environment, it has been determined that the rule is categorically excluded from review under section 102(2)(C) of the National Environmental Policy Act (42 U.S.C. 4332(2)(C)).

This rule was not subject to review by the Office of Management and Budget under Executive Order 12866.

As required by Executive Order 12630, the Department of the Interior has determined that the rule would not cause a taking of private property. No private property rights would be affected by a rule that merely reports address changes for BLM State Offices. The Department therefore certifies that this proposed rule does not represent a governmental action capable of interference with constitutionally protected property rights.

Further, the Department has determined under the Regulatory Flexibility Act (5 U.S.C. 601, *et seq.*) that it will not have a significant economic impact on a substantial number of small entities. Reporting address changes for BLM State Offices will not have any economic impact whatsoever.

This rule does not contain information collection requirements that require approval by the Office of Management and Budget under 44 U.S.C. 3501 *et seq.*

BLM has determined that this rule is not significant under the Unfunded Mandates Reform Act of 1995, because

it will not result in the expenditure by State, local, and tribal governments, in the aggregate, or by the private sector, of \$100 million or more in any one year. Further, this rule will not significantly or uniquely affect small governments.
