Science Advisory Board; Notification of Public Advisory Committee Meetings

Pursuant to the Federal Advisory Committee Act, Public Law 92–463, notice is hereby given that the National-Scale Air Toxics Assessment (NATA) Review Panel (hereafter, “NATA Review Panel”) of the USEPA Science Advisory Board’s (SAB) Executive Committee (EC) will meet on the dates and times noted below. All times noted are Eastern Standard Time. All meetings are open to the public; however, seating is limited and available on a first come basis. *Important Notice:* Documents that are the subject of SAB reviews are normally available from the originating EPA office and are not available from the SAB Office—information concerning availability of documents from the relevant Program Office is included below.

1. EC/NATA Review Panel Conference Call—May 25, 2001

The NATA Review Panel will conduct a public conference call as a technical editing working session on Friday, May 25, 2001 from 10 am to 12 noon (Eastern Standard Time). The call will be hosted out of the EPA Science Advisory Board Conference Room (Room 6013), Ariel Rios Federal Building, 1200 Pennsylvania Avenue, NW., Washington, DC 20004. Interested members of the public may attend in person or connect to the conference by phone. The original purpose of the call was to provide Panel Members with the opportunity to reach closure and to receive public comments on the draft report. However, during the May 14 public conference call, the NATA Panelists requested additional time to edit the draft report (see 66 FR 24137, May 11, 2001). It is anticipated that the draft report, once it becomes a consensus draft, will also be posted on the SAB website. It is now anticipated

to be posted around June 1, 2001. See below for details of the review, to request any supplemental materials from the Agency or ask questions on materials already received from the Agency.

Providing Public Comments—The NATA Review Panel will not be accepting public comments at this conference call, because this will be a continued technical editing working session for the NATA Review Panel to complete its preparation of the public draft report. Oral and written public comments were previously accepted at the March 20–21, 2001 meeting in review of this topic.

Availability of Review Materials—All the Agency OAQPS NATA-related review and informational materials, including the NATA Report, the Appendices, all briefing and presentation materials previously provided to the SAB and may be obtained on the web at the following URL site: <http://www.epa.gov/ttn/uatw/sab/sabrev.html>. Further information on obtaining the Agency's review document and supporting appendices is found in previous FR notices (see 66 FR 9846, February 12, 2001 and 66 FR 24137, May 11, 2001).

For Further Information: Members of the public desiring additional information about the meeting should contact Dr. K. Jack Kooyoomjian, Designated Federal Officer (DFO), National-Scale Air Toxics Assessment Review Panel, US EPA Science Advisory Board (1400A), U.S. EPA, 1200 Pennsylvania Avenue, NW., Washington, DC 20460 (FedEx address: US EPA Science Advisory Board, Suite 6450, 1200 Pennsylvania Avenue, NW., Washington, DC 20004); telephone/voice mail at (202) 564–4557; fax at (202) 501–0582; or via e-mail at kooyoomjian.jack@epa.gov. To obtain information for logging onto the conference call, please contact Ms. Betty Fortune. The draft agenda will be available approximately one week prior to the meeting on the SAB website (<http://www.epa.gov/sab>) or from Ms. Betty Fortune at (202) 564–4534; fax: (202) 501–0582; or e-mail at: fortune.betty@epa.gov.

2. EC/NATA Review Panel Conference Call—June 13, 2001

On Wednesday, June 13, 2001, the NATA Review Panel will conduct a public conference call from 11:00 am to 1:00 pm (Eastern Standard Time) to reach closure on its draft report in review of the EPA document entitled "National-Scale Air Toxics Assessment for 1996," EPA–453/R–01–003, dated January, 2001 and supporting

appendices. This EPA document represents an initial national-scale assessment of the potential health risks associated with inhalation exposures to 32 air toxics identified as priority pollutants by the Agency's Integrated Urban Air Toxics Strategy, plus diesel emissions. More information about the previous meetings can be found in 66 FR 9846, February 12, 2001, and 66 FR 24137, May 11, 2001. The NATA Review Panel is commenting on the charge questions which were outlined in the above **Federal Register** notices and pertain to appropriateness of the overall approach, including the data, models, and methods used, and the ways these elements have been integrated, as well as to suggest ways to improve these approaches for subsequent national-scale assessments. The public and the Agency will be able to comment on three aspects of the NATA Panel's draft report, namely: (1) Has the NATA Review Panel adequately responded to the questions posed in the charge?; (2) Are any statements or responses made in the draft unclear?; and, (3) Are there any technical errors?

Following the June 13, 2001 conference call meeting, the NATA Review Panel plans to revise its draft report and forward it to the SAB Executive Committee for final review and approval, prior to transmittal to the Agency. This review will be announced in a subsequent **Federal Register** notice.

Providing Comments—In accord with the Federal Advisory Committee Act (FACA), the public and the Agency are invited to submit written or oral comments on the above three questions that are the focus of the review. Requests to make comments should be received by June 6, 2001 by Ms. Betty Fortune, EPA Science Advisory Board, Mail Code 1400A, U.S. Environmental Protection Agency, 1200 Pennsylvania Ave., NW., Washington DC 20460. (Telephone (202) 564–4534, FAX (202) 501–0582; or via e-mail at fortune.betty@epa.gov). The SAB will have a brief period available during the conference call for applicable oral public comment. Therefore, anyone wishing to make oral comments on the three focus questions above, but that are not duplicative of the written comments previously submitted on this topic, must contact Dr. K. Jack Kooyoomjian, Designated Federal Officer for the NATA Review Panel (see contact information below), *in writing* no later than June 6, 2001. In order to be accepted into the public record, all comments must be received (postmarked) no later than two working days following the meeting.

For Further Information: Any member of the public wishing further information concerning this meeting should contact Dr. K. Jack Kooyoomjian, Designated Federal Officer, US EPA Science Advisory Board (1400A), 1200 Pennsylvania Avenue, NW, Washington, DC 20460–0001; telephone (202) 564–4557; FAX (202) 501–0582; or via e-mail at kooyoomjian.jack@epa.gov. To obtain information on how to participate in the conference call, please contact Ms. Betty Fortune (see contact information below). A draft agenda for the teleconference will be posted on the SAB website (www.epa.gov/sab) approximately one week prior to the conference call.

Providing Oral or Written Comments at SAB Meetings

It is the policy of the Science Advisory Board to accept written public comments of any length, and to accommodate oral public comments whenever possible. The Science Advisory Board expects that public statements presented at its meetings will not be repetitive of previously submitted oral or written statements.

Oral Comments: In general, each individual or group requesting an oral presentation at a face-to-face meeting will be limited to a total time of ten minutes. For conference call meetings, opportunities for oral comment will usually be limited to no more than three minutes per speaker and no more than fifteen minutes total, unless otherwise stated. Deadlines for getting on the public speaker list for a meeting are given above. Speakers should bring at least 35 copies of their comments and presentation slides for distribution to the reviewers and public at the meeting.

Written Comments: Although the SAB accepts written comments until the date of the meeting (unless otherwise stated), written comments should be received in the SAB Staff Office at least one week prior to the meeting date so that the comments may be made available to the committee for their consideration. Comments should be supplied to the appropriate DFO at the address/contact information noted above in the following formats: One hard copy with original signature, and one electronic copy via e-mail (acceptable file formats: WordPerfect, Word, or Rich Text files (in IBM-PC/Windows 95/98 format). Those providing written comments and who attend the meeting are also asked to bring 25 copies of their comments for public distribution.

General Information—Additional information concerning the EPA Science Advisory Board, its structure, function, and composition, may be found on our Website (<http://www.epa.gov/sab>) and

in The FY2000 Annual Report of the Staff Director which is available from the SAB Publications Staff at (202) 564-4533 or via fax at (202) 501-0256. Committee rosters, draft Agendas and meeting calendars are also located on our website.

Meeting Access—Individuals requiring special accommodation at this meeting, including wheelchair access to the conference room, should contact the appropriate Dr. Kooyoomjian at least five business days prior to the meeting so that appropriate arrangements can be made.

Dated: May 17, 2001.

Donald G. Barnes,

Staff Director, Science Advisory Board.

ENVIRONMENTAL PROTECTION AGENCY

[FRL-6985-2]

Proposed CERCLA Administrative Cost Recovery Settlement; Frost Manufacturing Company Site

AGENCY: Environmental Protection Agency.

ACTION: Notice; request for public comment.

SUMMARY: In accordance with section 122(i) of the Comprehensive Environmental Response, Compensation, and Liability Act, as amended ("CERCLA"), 42 U.S.C. 9622(i), notice is hereby given of a proposed administrative settlement for recovery of past response costs concerning the Frost Manufacturing Company site in Kenosha, Wisconsin with the following settling parties: S.R. Smith, LLC, and Household Commercial Financial Services, Inc. The settlement requires the settling parties to pay \$100,00.00 to the Hazardous Substance Superfund. The settlement includes a covenant not to sue the settling parties pursuant to section 107(a) of CERCLA, 42 U.S.C. 9607(a). For thirty (30) days following the date of publication of this notice, the Agency will receive written comments relating to the settlement. The Agency will consider all comments received and may modify or withdraw its consent to the settlement if comments received disclose facts or considerations which indicate that the settlement is inappropriate, improper, or inadequate. The Agency's response to any comments received will be available for public inspection at the United States Environmental Protection Agency, Region 5 Records Center,

seventh floor, 77 West Jackson Boulevard, Chicago, Illinois 60604.

DATES: Comments must be submitted on or before June 25, 2001.

ADDRESSES: The proposed settlement is available for public inspection at the United States Environmental Protection Agency, Region 5 Records Center, seventh floor, 77 West Jackson Boulevard, Chicago, Illinois 60604. A copy of the proposed settlement may be obtained from Carol Ropski, U.S. EPA Region 5, Mail Code SE-5J, 77 West Jackson Boulevard, Chicago, Illinois 60604, (312) 353-7647. Comments should reference the Frost Manufacturing Company Site, Kenosha, Wisconsin and EPA Docket No. V-W-01-C-639 and should be addressed to Ms. Rospki at the address shown above.

FOR FURTHER INFORMATION CONTACT: Carol Ropski, U.S. EPA Region 5, Mail Code SE-5J, 77 West Jackson Boulevard, Chicago, Illinois 60604, (312) 353-7647.

Dated: May 15, 2001

William E. Munro,

Director, Superfund Division, Region 5.

FEDERAL COMMUNICATIONS COMMISSION

Public Information Collection Approved by Office of Management and Budget

May 15, 2001.

The Federal Communications Commission (FCC) has received Office of Management and Budget (OMB) approval for the following public information collections pursuant to the Paperwork Reduction Act of 1995, Public Law 96-511. An agency may not conduct or sponsor a collection of information unless it displays a currently valid control number. Notwithstanding any other provisions of law, no person shall be subject to any penalty for failing to comply with a collection of information subject to the Paperwork Reduction Act (PRA) that does not display a valid control number. Questions concerning the OMB control numbers and expiration dates should be directed to Judy Boley, Federal Communications Commission, (202) 418-0214.

Federal Communications Commission

OMB Control No.: 3060-0809.

Expiration Date: 04/30/03.

Title: Communications Assistance for Law Enforcement Act, Report and Order and Order on Reconsideration.

Form No.: N/A.

Estimated Annual Burden: 36,000 burden hours annually, 6 hours per response; 6,000 responses.

Description: The information filed with the Commission will be used to verify telecommunications carriers' conformance with the CALEA requirements, and the information made available to law enforcement officials will be used to determine the accountability and accuracy of telecommunications carriers' compliance with lawful electronic surveillance orders.

OMB Control No.: 3060-0957.

Expiration Date: 05/31/04.

Title: Wireless Enhanced 911 Service, Fourth MO&O.

Form No.: N/A.

Estimated Annual Burden: 7,500 burden hours annually, approximately 3 hours per response; 2,500 responses.

Description: The Commission will use the information submitted by petitioners to ensure that carriers comply with critically important Phase II requirements in an orderly, timely, comprehensive fashion with no unnecessary delay.

Federal Communications Commission.

Magalie Roman Salas,
Secretary.
