INTERNATIONAL TRADE COMMISSION

[Investigations Nos. 701-TA-403 and 731-TA-895-897 (Final)]

Pure Magnesium From China, Israel, and Russia

AGENCY: United States International Trade Commission.

ACTION: Scheduling of the final phase of an antidumping investigation.

SUMMARY: The Commission hereby gives notice of the scheduling of the final phase of antidumping investigations Nos. 701-TA-403 and 731-TA-895-896 (Final) under section 735(b) of the Tariff Act of 1930 (19 U.S.C. 1673d(b)) (the Act) to determine whether an industry in the United States is materially injured or threatened with material injury, or the establishment of an industry in the United States is materially retarded, by reason of countervailable subsidies by the government of Israel and by less-than-

fair-value imports from China and Israel of pure magnesium, provided for in subheading 8104.11.00, 8104.19.00, and 8104.30.00 of the Harmonized Tariff Schedule of the United States.¹ Section 207.21(b) of the Commission's rules provides that, where the Department of Commerce has issued a negative preliminary determination, the Commission will not publish a notice of scheduling for the final phase of its investigation unless and until it receives an affirmative final determination from Commerce.

Although the Department of Commerce has preliminarily determined that pure magnesium from Russia is not being sold, nor is likely to be sold, in the United States at less than fair value, for purposes of efficiency the Commission hereby waives rule 207.21(b) and gives notice of the scheduling of the final phase of the antidumping investigation No. 731-TA-897 (Final) under section 735(b) of the Act. The Commission is taking this action so that the final phases of the antidumping investigations may proceed concurrently in the event that Commerce makes a final affirmative antidumping determination with respect

¹For purposes of this investigation, the Department of Commerce has defined the subject merchandise as "pure magnesium products, regardless of chemistry, including, without limitation, raspings, granules, turnings, chips, powder, and briquettes, except as noted above. Pure magnesium includes: (1) Products that contain at least 99.95 percent primary magnesium, by weight (generally referred to as "ultra-pure" magnesium); (2) products that contain less than 99.95 percent but not less than 99.8 percent pure magnesium, by weight (generally referred to as "pure" magnesium); (3) chemical combinations of pure magnesium and other material(s) in which the pure magnesium content is 50 percent or greater, but less than 99.8 percent, by weight, and that do not conform to an "ASTM Specification for Magnesium Alloy" (generally referred to as "off-specification pure" magnesium); and (4) physical mixtures of pure magnesium and other material(s) in which the pure magnesium content is 50 percent or greater, but less than 99.8 percent, by weight, except that mixtures containing 90 percent or less pure magnesium, by weight, when mixed with lime, calcium metal, calcium silicon, calcium carbide, calcium carbonate, carbon slag coagulants, and/or fluorspar, are excluded. The merchandise subject to this investigation is classifiable under 8104.30.00 of the Harmonized Tariff Schedule ("HTS"). Although the HTS subheading is provided for convenience and customs purposes, the written description of the merchandise under investigation is dispositive."

There is an existing antidumping duty order on pure magnesium from China. See Notice of Antidumping Duty Orders: Pure Magnesium From the People's Republic of China, the Russian Federation and Ukraine; Notice of Amended Final Determination of Sales at Less Than Fair Value: Antidumping Duty Investigation of Pure Magnesium From the Russian Federation, 60 FR 25691 (May 12, 1995). The scope of this investigation excludes pure magnesium that is already covered by the existing order, and classifiable under 8104.11.00 and 8104.19.00 of the HTS.

to Russia. If Commerce makes a final negative antidumping determination with respect to Russia, the Commission will terminate its antidumping investigation under section 735(c)(2) of the Act (19 U.S.C. 1673d(c)(2)), and § 207.2(d) of the Commission's rules.
