

Activity	Partner	Description
Technical Standards Agreement	Community/Regional/State Agency	Adoption of specific technical standards or processes appropriate for local conditions for NFIP flood mapping purposes.

(e) *Standards.* Unless otherwise indicated in specific Mapping Activity Statements, all flood hazard identification activities will be accomplished according to the relevant portions of 44 CFR parts 59–77, as well as the technical standards contained in FEMA's *Guidelines and Specifications for Study Contractors* (FEMA 37) dated 1/95 and FEMA's *Guidelines and Specifications for Flood Map Production Coordination Contractors* dated 2/17/99, and all subsequent revision to these documents.

(f) *Certification.* All data generated under CTP Mapping Activity Statements must meet the applicable certification requirements for the identification and publication of flood hazard information in Flood Insurance Rate Map (FIRM) form as indicated in 44 CFR, part 65, Identification and Mapping of Special Hazard Areas. For those States that have adopted more stringent mapping requirements that have been sanctioned by FEMA, all Mapping Activity Statements must be reviewed, coordinated with, and concurred upon by the State and all map products must meet State certification requirements.

(g) *Evaluation Criteria.* The performance of each CTP will be evaluated upon completion of the period of performance for each Mapping Activity Statement. This evaluation will determine the adequacy of the performance by the CTP and the eligibility for future Mapping Activity Statements to be initiated. Insufficient performance by the CTP may result in cancellation of FEMA funding at any point during the period of performance for a Mapping Activity Statement. Evaluation will be based upon the following criteria:

(1) The continued maintenance, (funded/supported by the CTP), for existing and/or future processes or systems in place to support mapping or data collection activities that contribute to flood hazard identification, e.g., continued data collection for changing flood hazards and related development, continued upgrades to data collection or mapping capabilities to incorporate new technologies, preparation of multi-year mapping or data collection plans, etc.

(2) The demonstrated commitment by the CTP for existing and continued support of flood hazard identification and mapping activities conducted with and by FEMA.

(3) Adherence to timeliness and completeness of report submittal to the Regional Office.

(4) Adherence to timeliness and completeness of mapping product submittal to the Regional Office.

(5) Quality of product(s) submitted to the Regional Office.

(6) Ability to cooperate and coordinate with the FEMA Regional Office, the Technical Services Division of the Mitigation Directorate in Washington, and/or FEMA's Mapping Coordination Contractor during all phases of the Mapping Activity as needed.

FEDERAL EMERGENCY MANAGEMENT AGENCY

Privacy Act of 1974: Flood Map Customer Records

AGENCY: Federal Emergency Management Agency (FEMA).

ACTION: Notice of a new system of records.

SUMMARY: In accordance with the Privacy Act of 1974 (5 U.S.C. 552a), we (FEMA) give notice that we are establishing a new system of records under the authority of the Flood Insurance Act of 1968 as amended, 42 U.S.C. 4100, et seq. That Act established the National Flood Insurance Program (NFIP), a critical component of which is the identification and mapping of the nation's floodplains to provide the data necessary for community floodplain management programs and to actuarially rate flood insurance. Pursuant to statute, we distribute conventional and digital flood map products without charge to federal, state and municipal governments. We charge all other users for our products and services. This system of records will enable us, through the NFIP Flood Map Store, to fill written, telephonic and electronic orders from these users for the various map products; to cumulate and retrieve their order information; and to disseminate new product information to them.

DATES: This new system of records takes effect July 18, 2001. We will accept public comments until July 18, 2001.

ADDRESSES: We invite your comments on this system of records. Please address to the Rules Docket Clerk, Office of the General Counsel, Federal Emergency Management Agency, Room 840, 500 C Street, SW, Washington, DC 20472; (telefax) (202)-646-4536, or (email) rules@fema.gov.

FOR FURTHER INFORMATION CONTACT:

Eileen Leshan, FOIA/Privacy Act Specialist, Federal Emergency Management Agency, Room 840, 500 C Street, SW, Washington, DC 20472, (telephone) (202)-646-4115, (telefax) (202)-646-4536, or (email) Eileen.Leshan@fema.gov.

SUPPLEMENTARY INFORMATION: We published a notice of Fee Schedule for Processing Requests for Map Changes, for Flood Insurance Study Backup Data, and for National Flood Insurance Program Map and Insurance Products on May 3, 2000, 65 FR 25726.

The new systems of records report, required by 5 U.S.C. 552a(r), is being simultaneously submitted to the Committee on Government Operations of the House of Representatives, the Committee on Governmental Affairs of the Senate, and the Office of Management and Budget, pursuant to Appendix 1 to OMB Circular A-130.

Accordingly, we add FEMA/MIT-7 of the FEMA Privacy Act systems of records to read as follows:

FEMA/MIT-7

ROUTINE USE OF RECORDS MAINTAINED IN THE SYSTEM, INCLUDING CATEGORIES OF USERS AND THE PURPOSES OF SUCH USES:

In addition to use of the records by a contractor engaged to assist the Agency in performing a contract service related to this system of records and who requires access to the records in order to perform the activity, disclosure of records outside FEMA or the map sales contractor may be made to:

(1) The U.S. Department of Justice or a court or adjudicative body when (a) the United States, FEMA, a component of FEMA, the map sales servicing contractor or, when represented by the Government, an employee of FEMA is a party to litigation or anticipated litigation or has an interest in such litigation, and (b) FEMA determines that the disclosure is relevant or necessary to the litigation and is compatible with the purpose for which the records were compiled;

Records in this system are temporarily stored in a database (i.e., on computer hard drives and computer disks) and subsequently archived in magnetic media. Paper printouts of these data may be made as necessary. Paper copies of customer orders are stored in manual files and destroyed after three months.

RETRIEVABILITY:

Retrievable by name of organization, individual, account number or order number.

SAFEGUARDS:

Records are maintained by the FEMA map sales servicing contractor in areas occupied by contractor personnel during working hours with the building locked and secured by alarm during off hours. In addition, the risk of unauthorized access to or disclosure of personal data in the proposed system is minimized through the use of passwords and security profiles and permissions to enter the computer system in which data are maintained. The computerized records and paper records are stored in secured areas that are accessible only to employees who require the information in performing their official duties. Paper documents are stored either in lockable file cabinets within locked rooms or in otherwise secured areas. All personnel with access to records are screened, cleared and trained.

RETENTION AND DISPOSAL:

Records are retained and disposed of in accordance with the retention and disposition schedules set forth in FEMA Manual 5400 (August 1989), "Records Management: Disposition, Retention and Files Plan." Means of disposal are appropriate to the storage medium (e.g., erasure of disks, shredding of paper records, etc.).

SUPPLEMENTARY INFORMATION:**Definitions**

For the purposes of this announcement, the following definitions apply:

Application/Proposal (used interchangeably)—a request for financial support of a project submitted to OPA on specified forms and in accordance with instructions provided.

Grant—financial assistance in the form of money, awarded by the Federal Government to an eligible recipient (a *grantee* or *recipient* is the entity that receives a Federal grant and assumes the legal and financial responsibility and accountability for the awarded funds and performance of activities approved for funding).

Project—those activities described in the grant application and supported under the approved budget.

Eligible Applicants—any public or private nonprofit entity located in a state (which includes the District of Columbia, Guam, the Commonwealth of

Puerto Rico, the Northern Mariana Islands, the U.S. Virgin Islands, American Samoa, the U.S. Outlying Islands [Midway, Wake *et al.*], the Marshall Islands, the Federated States of Micronesia and the Republic of Palau) is eligible to apply for a Title X family planning services grant.

Title X of the Public Health Service Act, 42 U.S.C. 300, *et seq.* authorizes the Secretary of Health and Human Services (HHS) to award grants to public or private nonprofit organizations to establish and operate voluntary family planning projects. Projects must offer a broad range of acceptable and effective medically approved family planning methods and services. The statute requires that, to the extent practicable, Title X service providers should encourage family participation. Title X family planning funds may not be used in programs where abortion is a method of family planning.

Requirements regarding the provision of family planning services under title X can be found in the Title X statute, the implementing regulations which govern project grants for family planning services (42 CFR part 59, Subpart A), and the “Program Guidelines for Project Grants for Family Planning Service,” published in January 2001. All Title X requirements—including those derived from the statute, the regulations, and the Program Guidelines—apply to all activities funded under this announcement. (For example, projects must meet the regulatory requirements set out at 42 CFR 59.5 regarding charges to clients, and the funding criteria set out at 42 CFR 59.7 apply to all applicants under this announcement. As stipulated in § 59.7(b) “* * * No grant may be made for less than 90 percent of the project’s costs, as so estimated, unless the grant is to be made for a project that was supported, under section 1001, for less than 90 percent of its costs in fiscal year 1975. In that case, the grant shall be not be for less than the percentage of costs covered by the grant in fiscal year 1975.” Furthermore, § 59.7(c) stipulates that “No grant may be made for an amount equal to 100 percent for the project’s estimated costs.”)
