

than September 30, 2001. *See* Decision Memorandum from Holly A. Kuga to Bernard T. Carreau dated concurrently with this notice, which is on file in the Central Records Unit, Room B-099 of the main Commerce building. We intend to issue the final results no later than 120 days after the publication of the preliminary results notice.

This extension is in accordance with section 751(a)(3)(A) of the Act.

Dated: May 22, 2001.

Bernard T. Carreau,

Deputy Assistant Secretary, Import Administration, Group II.

Welded Large Diameter Line Pipe From Mexico: Postponement of Preliminary Determination of Antidumping Duty Investigation

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Notice of postponement of preliminary determination of antidumping duty investigation.

EFFECTIVE DATE: May 25, 2001.

FOR FURTHER INFORMATION CONTACT: Rick Johnson at (202) 482-3818; Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230.

Statutory Time Limits

Section 733(b)(1)(A) of the Tariff Act of 1930, as amended (the Act), requires the Department of Commerce (the Department) to issue the preliminary determination of an antidumping duty investigation within 140 days after the date of initiation. However, if the case is extraordinarily complicated and additional time is necessary to make the preliminary determination, and the parties concerned are cooperating in the investigation, section 733(c)(1)(B) of the Act allows the Department to extend the time limit for the preliminary determination until not later than 190 days after the date of initiation.

Background

On January 30, 2001, the Department initiated the above-referenced investigation. *See Notice of Initiation of Antidumping Duty Investigations: Welded Large Diameter Line Pipe from*

Mexico and Japan, 66 FR 11266 (February 23, 2001). The preliminary determinations are currently due no later than June 19, 2001.

Extension of Preliminary Determination

The Department has now concluded, consistent with section 733(c)(1)(B) of the Act, that this investigation is extraordinarily complicated, and that additional time is necessary to issue the preliminary determination due to the complexity of certain issues raised in these cases, including the complexity of the transactions to be investigated and adjustments to be considered and the novelty of the issues presented. Specifically, the Department must investigate complicated matters of affiliation between the respondent and another producer. Simultaneously, it must analyze and respond to petitioners' recent allegation of sales-below-cost.

Therefore, in light of the fact that the parties to this proceeding have been cooperating, pursuant to section 733(c)(1) of the Act, and that additional time is necessary to make this preliminary determination in accordance with section 733(c)(1)(B)(ii) of the Act, the Department is postponing the deadline for issuing this determination until August 8, 2001.

Dated: June 4, 2001.

Faryar Shirzad,

Assistant Secretary for Import Administration.

Application for Duty-Free Entry of Scientific Instrument

Pursuant to section 6(c) of the Educational, Scientific and Cultural Materials Importation Act of 1966 (Pub. L. 89-651; 80 Stat. 897; 15 CFR part 301), we invite comments on the question of whether an instrument of equivalent scientific value, for the purposes for which the instrument shown below is intended to be used, is being manufactured in the United States.

Comments must comply with 15 CFR 301.5(a)(3) and (4) of the regulations and be filed within 20 days with the Statutory Import Programs Staff, U.S. Department of Commerce, Washington, DC 20230. Applications may be examined between 8:30 A.M. and 5 P.M. in Room 4211, U.S. Department of

Commerce, 14th Street and Constitution Avenue, NW., Washington, DC.

Docket Number: 01-011. **Applicant:** The Burnham Institute, 10901 North Torrey Pines Road, Building #7, La Jolla, CA 92037. **Instrument:** Brain Slice Physiology Setup. **Manufacturer:** Luigs and Neumann, Germany. **Intended Use:** The instrument is intended to be used to prepare acute slices of the rat and mouse brain. These slices will then be visualized under the microscope, microelectrodes will be inserted into single, optically identified nerve cells and stimulation electrodes placed in other identified regions of the brain slice. The main research objective is to understand neuronal information acquisition, processing and storage in the mammalian brain under physiological and pathological conditions. A main focus will be on brain structures involved in sensory perception, memory storage and motor control. In addition, the instrument will be used for guided research training for graduate and undergraduate students in the course BISP 199. Application accepted by Commissioner of Customs: May 4, 2001.

Gerald A. Zerdy,

Program Manager, Statutory Import Programs Staff.

North American Free Trade Agreement (NAFTA), Article 1904 Binational Panel Reviews: Notice of Termination of Panel Review

AGENCY: NAFTA Secretariat, United States Section, International Trade Administration, Department of Commerce.

ACTION: Notice of consent motion to terminate the panel review of the final antidumping duty administrative review made by the International Trade Administration, respecting cut-to-length carbon steel plate from Canada (Secretariat File No. USA-CDA-00-1904-01).

SUMMARY: Pursuant to the Notice of Consent Motion to Terminate the Panel Review by the complainants, the panel review is terminated as of May 11, 2001. No panel has been appointed to this panel review. Pursuant to Rule 71(2) of the *Rules of Procedure for Article 1904 Binational Panel Review*, this panel review is terminated.

FOR FURTHER INFORMATION CONTACT: Caratina L. Alston, United States Secretary, NAFTA Secretariat, Suite 2061, 14th and Constitution Avenue, Washington, DC 20230, (202) 482-5438.

SUPPLEMENTARY INFORMATION: Chapter 19 of the North American Free-Trade Agreement ("Agreement") establishes a mechanism to replace domestic judicial review of final determinations in antidumping and countervailing duty cases involving imports from a NAFTA country with review by independent binational panels. When a Request for Panel Review is filed, a panel is established to act in place of national courts to review expeditiously the final determination to determine whether it conforms with the antidumping or countervailing duty law of the country that made the determination.

Under Article 1904 of the Agreement, which came into force on January 1, 1994, the Government of the United States, the Government of Canada and the Government of Mexico established *Rules of Procedure for Article 1904 Binational Panel Reviews* ("Rules"). These Rules were published in the **Federal Register** on February 23, 1994 (59 FR 8686). The panel review in this matter was requested and terminated pursuant to these Rules.

Dated: May 29, 2001.

Caratina L. Alston,

United States Secretary, NAFTA Secretariat.

Notice of Solicitation of Comments on Modification of Worsted Wool Fabric Tariff Rate Quotas

AGENCY: Department of Commerce, International Trade Administration.

ACTION: Notice of solicitation of comments on a request for modification of tariff rate quota limitations on the import of certain worsted wool fabrics.

DATES: To be considered, comments must be received or postmarked by 5:00 p.m. on July 2, 2001

ADDRESSES: Comments must be submitted to: Deputy Assistant Secretary for Textiles, Apparel and Consumer Goods Industries, Room 3001, United States Department of Commerce, Washington, D.C. 20230. Six copies of comments should be submitted.

FOR FURTHER INFORMATION CONTACT: Sergio Botero, Office of Textiles and Apparel, U.S. Department of Commerce, (202) 482-4058.

The Department of Commerce (Department) hereby solicits comments on a request for an increase in the limitations on the quantity of imports of certain worsted wool fabric under the 2001 tariff rate quotas established by the Trade and Development Act of 2000. To be considered, comments must be received or postmarked by 5:00 p.m. on July 2, 2001 and must comply with the requirements of 15 CFR 340 (66 FR 6459, published January 22, 2001). Thirty days after the end of the comment period, the Department will determine whether the limitations should be modified.

SUPPLEMENTARY INFORMATION:

I. Background

Title V of the Trade and Development Act of 2000 (the Act) creates two tariff rate quotas, providing for temporary reductions in the import duties on two categories of worsted wool fabrics suitable for use in making suits, suit-type jackets, or trousers. For worsted wool fabric with average fiber diameters greater than 18.5 microns (new Harmonized Tariff Schedule of the United States (HTS) heading 9902.51.11), the reduction in duty is limited to 2,500,000 square meter equivalents per year. For worsted wool fabric with average fiber diameters of 18.5 microns or less (new HTS heading 9902.51.12), the reduction is limited to 1,500,000 square meter equivalents per year. Both these limitations may be modified by the President, not to exceed 1,000,000 square meter equivalents per year for each tariff rate quota.

The Act requires the annual consideration of requests by U.S. manufacturers of men's or boys' worsted wool suits, suit-type jackets and trousers for modification of the limitations on the quantity of fabric that may be imported under the tariff rate quotas, and grants the President the authority to proclaim modifications to the limitations. In determining whether to modify the limitations, specified U.S. market conditions with respect to worsted wool fabric and worsted wool apparel must be considered. On January 22, 2001, the Department published regulations establishing procedures for considering requests for modification of the limitations. 66 FR 6459, 15 CFR 340.

On March 29, 2001, the Department published a notice in the Federal Register soliciting requests for modification of the tariff rate quota limitations. The Department received one such request, from Hartmarx
