(Catalog of Federal Domestic Assistance No. 83.100, "Flood Insurance.")

Dated: June 18, 2001.

Robert F. Shea,

Acting Administrator, Federal Insurance Administration and Mitigation.

[FR Doc. 01-15925 Filed 6-25-01; 8:45 am]

BILLING CODE 6718-04-P

FEDERAL EMERGENCY MANAGEMENT AGENCY

44 CFR Part 67

Final Flood Elevation Determinations

AGENCY: Federal Emergency Management Agency (FEMA).

ACTION: Final rule.

SUMMARY: Base (1% annual chance) Flood Elevations (BFEs) and modified BFEs are made final for the communities listed below. The BFEs and modified BFEs are the basis for the floodplain management measures that each community is required either to adopt or to show evidence of being already in effect in order to qualify or remain qualified for participation in the

National Flood Insurance Program (NFIP).

EFFECTIVE DATE: The date of issuance of the Flood Insurance Rate Map (FIRM) showing BFEs and modified BFEs for each community. This date may be obtained by contacting the office where the FIRM is available for inspection as indicated in the table below.

ADDRESSES: The final BFEs for each community are available for inspection at the office of the Chief Executive Officer of each community. The respective addresses are listed in the table below.

FOR FURTHER INFORMATION CONTACT: Matthew B. Miller, P.E., Chief, Hazards Study Branch, Mitigation Directorate, FEMA, 500 C Street SW., Washington, DC 20472, (202) 646-3461, or (e-mail) matt.miller@fema.gov.

SUPPLEMENTARY INFORMATION: FEMA makes final determinations listed below of BFEs and modified BFEs for each community listed. The proposed BFEs and proposed modified BFEs were published in newspapers of local circulation and an opportunity for the community or individuals to appeal the proposed determinations to or through the community was provided for a period of ninety (90) days. The proposed BFEs and proposed modified BFEs were also published in the **Federal Register**.

This final rule is issued in accordance with Section 110 of the Flood Disaster Protection Act of 1973, 42 U.S.C. 4104, and 44 CFR Part 67.

FEMA has developed criteria for floodplain management in floodprone areas in accordance with 44 CFR Part 60.

Interested lessees and owners of real property are encouraged to review the proof Flood Insurance Study and FIRM available at the address cited below for each community.

The BFEs and modified BFEs are made final in the communities listed below. Elevations at selected locations in each community are shown.

National Environmental Policy Act. This rule is categorically excluded from the requirements of 44 CFR part 10, Environmental Consideration. No environmental impact assessment has been prepared.

Regulatory Flexibility Act. The Acting Administrator, Federal Insurance Administration and Mitigation certifies that this rule is exempt from the requirements of the Regulatory Flexibility Act because final or modified BFEs are required by the Flood Disaster Protection Act of 1973, 42 U.S.C. 4104, and are required to establish and

maintain community eligibility in the NFIP. No regulatory flexibility analysis has been prepared.

Regulatory Classification. This final rule is not a significant regulatory action under the criteria of Section 3(f) of Executive Order 12866 of September 30, 1993, Regulatory Planning and Review, 58 FR 51735.

Executive Order 12612, Federalism. This rule involves no policies that have federalism implications under Executive Order 12612, Federalism, dated October 26, 1987.

Executive Order 12778, Civil Justice Reform. This proposed rule meets the applicable standards of Section 2(b)(2) of Executive Order 12778.

List of Subjects in 44 CFR Part 67

Administrative practice and procedure, Flood insurance, Reporting and recordkeeping requirements.

Accordingly, 44 CFR Part 67 is amended to read as follows:

PART 67—[AMENDED]

1. The authority citation for Part 67 continues to read as follows:

Authority: 42 U.S.C. 4001 *et seq.*; Reorganization Plan No. 3 of 1978, 3 CFR, 1978 Comp., p. 329; E.O. 12127, 44 FR 19367, 3 CFR, 1979 Comp., p. 376.

§ 67.11 [Amended]

2. The tables published under the authority of § 67.11 are amended as follows:

Source of flooding and location	#Depth in feet above ground. *Elevation in feet (NGVD).
ALASKA	
Shishmaref (City), Unorganized Borough (FEMA Docket No. B-7407)	
<i>Chukchi Sea:</i>	
Approximately 3,140 feet west of Old Gravel Airstrip along north shore of Sarichef Island	18
Approximately 400 feet east of Old Gravel Airstrip along north shore of Sarichef Island	18
<i>Shishmaref Inlet:</i>	
Approximately 1,100 feet east of Old Gravel Airstrip along south shore of Sarichef Island	15
Approximately 3,140 feet west of Old Gravel Airstrip along south shore of Sarichef Island	18
¹ Mean Sea Level.	
Maps are available for inspection at the Shishmaref City Hall, Shishmaref, Alaska.	

Source of flooding and location	#Depth in feet above ground. *Elevation in feet (NGVD).
ARKANSAS	
Texarkana (City), Miller County (FEMA Docket No. B-7404)	
<i>Lost Creek:</i>	
Approximately 1,400 feet downstream of Oats Street ..	+313
Approximately 1,000 feet upstream of Old Post Road ..	+353

FEDERAL EMERGENCY MANAGEMENT AGENCY

44 CFR Part 70

RIN 3067-AD19

National Flood Insurance Program (NFIP); Clarification of Letter of Map Amendment Determinations

AGENCY: Federal Emergency Management Agency (FEMA).

ACTION: Final rule.

SUMMARY: We, FEMA, are amending our procedures for issuing Letters of Map Amendment (also referred to as LOMAs) to add a possible outcome to those already described in our rules. When a property is outside a designated Special Flood Hazard Area (SFHA) as shown on the NFIP map we will issue a LOMA but will not modify the Flood Hazard Boundary Map (FHBM) or Flood Insurance Rate Map (FIRM).

EFFECTIVE DATE: July 26, 2001.

FOR FURTHER INFORMATION CONTACT:

Matthew B. Miller, P.E., Federal Insurance Administration, Federal Emergency Management Agency at (202) 646-3461, or (email) matt.miller@fema.gov.

SUPPLEMENTARY INFORMATION:

Background

Congress created the NFIP in 1968 to provide federally supported flood insurance coverage, which generally had not been available through private insurance companies. The program is based on an agreement between the Federal Government and each flood-prone community that chooses to participate in the program. FEMA makes flood insurance available to property owners within a community provided that the community adopts and enforces floodplain management regulations that meet or exceed the minimum requirements of the NFIP set forth in Title 44, Chapter I, Part 60 of the NFIP Floodplain Management Regulations (44 CFR Part 60).

Mandatory Purchase of Insurance

The Flood Disaster Protection Act of 1973, as amended by the National Flood Insurance Reform Act of 1994, mandates the purchase of flood insurance on structures located in identified SFHAs as a condition of Federal or federally-related financial assistance for acquisition or construction of structures in SFHAs of any community. The Acts prohibit Federal agency lenders, such as the Small Business Administration, United States Department of Agriculture's Rural Housing Service, and Government-Sponsored Enterprises for Housing (Freddie Mac and Fannie Mae) from making, increasing, guaranteeing, or purchasing a loan secured by improved real estate or mobile home(s) in an SFHA, unless flood insurance has been purchased and maintained on the property during the term of the loan. The Acts also prohibit federally-regulated lenders from making, increasing, extending, or renewing any loan secured by improved real estate located in the SFHA in a participating community unless the secured property and any personal property securing the loan is covered by flood insurance. The prohibition of financial assistance also applies to non-participating communities.

Need for Clarification of Determinations

Section 1360 of the National Flood Insurance Act of 1968 (42 U.S.C. 4101) requires the Director of FEMA to
