**Drawbridge Operation Regulations;
State Road 84 Bridge, South Fork of
the New River, Mile 4.4, Fort
Lauderdale, Broward County, FL**

AGENCY: Coast Guard, DOT.

ACTION: Notice of temporary deviation from regulations.

SUMMARY: The Commander, Seventh Coast Guard District, has approved a temporary deviation from the regulations governing the operation of the State Road 84 bridge across the South Fork of the New River, Fort Lauderdale, Florida. This deviation allows the drawbridge owner or

operator to not open the bridge for a period of time. This temporary deviation is required to allow the bridge owner to safely complete repairs of the bridge.

DATES: This deviation is effective from August 2, 2001 to August 20, 2001.

FOR FURTHER INFORMATION CONTACT: Mr. Barry Dragon, Chief, Operations Section, Seventh Coast Guard District, Bridge Section at (305) 415-6743.

SUPPLEMENTARY INFORMATION: The State Road 84 bridge across the South Fork of the New River at Fort Lauderdale, Broward County, Florida is a single leaf bridge with a vertical clearance of 21 feet above mean high water (MHW) measured at the fenders in the closed position with a horizontal clearance of 40 feet. On June 20, 2001, the Florida Department of Transportation, the drawbridge owner, requested a deviation from the current operating regulation in 33 CFR 117.315(b) which requires the draw of the State Road 84 bridge, mile 4.4 at Fort Lauderdale, to open on signal if at least 24 hours notice is given. This temporary deviation will allow the bridge owner to complete necessary repairs to the drawbridge in a critical time sensitive manner.

The District Commander has granted a temporary deviation from the operating requirements listed in 33 CFR 117.315(b) for the purpose of repair completion of the drawbridge. Under this deviation, the State Road 84 bridge need not open from August 2, 2001 through August 9, 2001. Additionally, from August 10 to August 20, 2001, the bridge need not open except in the event of heavy weather with an opening schedule broadcast locally during this period.

Dated: July 9, 2001.

Greg E. Shapley,

Chief, Bridge Administration, Seventh Coast Guard District.

Drawbridge Operation Regulations: Miami River, Miami, Dade County, FL

AGENCY: Coast Guard, DOT.

ACTION: Final rule.

SUMMARY: The Coast Guard is permanently changing the operating

regulations of all drawbridges on the Miami River, from the mouth to and including the N.W. 27th Avenue bridge, mile 3.7, Miami, FL. This rule will allow the bridge owner or operator to open the bridge on signal for all Federal holidays, in addition to the six listed in the current regulation.

DATES: This rule is effective August 20, 2001.

ADDRESSES: Comments and material received from the public, as well as documents indicated in this preamble as being available in the docket, will become part of this docket [CGD07-01-053] and are available for inspection or copying at Commander (obr), Seventh Coast Guard District, 909 S.E. 1st Avenue, Miami, FL 33131, between 7:30 a.m. and 4 p.m., Monday through Friday, except Federal Holidays.

FOR FURTHER INFORMATION CONTACT: Mr. Barry Dragon, Project Officer, Seventh Coast Guard District, Bridge Branch, at (305) 415-6743.

SUPPLEMENTARY INFORMATION:

Regulatory Information

On January 10, 2001, we published a notice of proposed rulemaking (NPRM) entitled Drawbridge Operation Regulations: Miami River, Miami, Dade County, FL in the **Federal Register**. (66 FR 1923). We did not receive any letters commenting on the proposed rule. No public hearing was requested and none was held.

Background and Purpose

The current rule governing the Miami River Drawbridges, from the mouth to and including the N.W. 27th Avenue bridge, mile 3.7, is inconsistent with current bridge operating practices on Federal holidays. The current regulation was written when there were only six Federal holidays. That regulation states that the bridge can open on signal during those six holidays listed in the regulation. This rule will change the bridge operating regulations to include all Federal holidays and will reduce confusion of which Federal holidays apply.

Regulatory Evaluation

This rule is not a "significant regulatory action" under section 3(f) of Executive Order 12866 and does not require an assessment of potential costs and benefits under section 6(a)(3) of that Order. The Office of Management and Budget has not reviewed it under that Order. It is not significant under the regulatory policies and procedures of the Department of Transportation (DOT) (44 FR 11040, February 26, 1979). This rule only changes the bridge

operating schedule to include all Federal holidays instead of only some Federal holidays.

Small Entities

Under the Regulatory Flexibility Act (5 U.S.C. 601-612), we considered whether this final rule would have a significant economic impact on a substantial number of small entities. The term "small entities" comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000.

The Coast Guard certifies under 5 U.S.C. 605(b) that this final rule would not have a significant economic impact on a substantial number of small entities because the rule only slightly alters the current bridge operating schedule.

If you think that your business, organization, or governmental jurisdiction qualifies as a small entity and that this rule would have a significant economic impact on it, please submit a comment (see **ADDRESSES**) explaining why you think it qualifies and how and to what degree this rule would economically affect it.

Assistance for Small Entities

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Public Law 104-121), we offered to assist small entities in understanding the rule so that they could better evaluate its effects on them and participate in the rulemaking process. If the rule will affect your small business, organization, or government jurisdiction and you have questions concerning its provisions or options for compliance, please contact the person listed under **FOR FURTHER INFORMATION CONTACT** for assistance in understanding this rule.

We also have a point of contact for commenting on actions by employees of the Coast Guard. Small businesses may send comments on the actions of Federal employees who enforce, or otherwise determine compliance with, Federal regulations to the Small Business and Agriculture Regulatory Enforcement Ombudsman and the Regional Small Business Regulatory Fairness Boards. The Ombudsman evaluates these actions annually and rates each agency's responsiveness to small business. If you wish to comment on actions by employees of the Coast Guard, call 1-888-REG-FAIR (1-888-734-3247).
