The purpose of the grants is to mobilize more Americans to observe the Martin Luther King, Jr. federal holiday as a day of service in communities and to bring people together around the common focus of service to others. Eligible organizations may apply for a grant to support national service and community volunteering projects. Grant awards may range from \$2,500 up to \$7,500. Proposals must be cost effective based on the number of people serving and being served.

DATES: The deadline for submission of applications is September 13, 2001, no later than 5 p.m. local time.

ADDRESSES: Obtain applications from and return them to the Corporation state office in your state unless otherwise noted. See Supplementary Information section for Corporation state office addresses. SUPPLEMENTARY INFORMATION:

Background

The Corporation is a federal government corporation, established by Congress in the 1993 amendments to the National and Community Service Act of 1990 (the Act) that engages Americans of all ages and backgrounds in service to communities. This service addresses the nation's education, public safety, environmental, or other human needs to achieve direct and demonstrable results with special consideration to service that affects the needs of children. In doing so, the Corporation fosters civic responsibility, strengthens the ties that bind us together as a people, and provides educational opportunity for those who make a substantial commitment to service. The Corporation supports a range of national service programs including AmeriCorps, Learn and Serve America, and the National Senior Service Corps. The King Center for Nonviolent Social Change, Inc. also supports activities in honor of Dr. King's birth through the "Beloved Community." The "Beloved Community" is a network of partners, organizations and entities that promote the King Holiday or work of Dr. King by disseminating his philosophy, providing direct service, nonviolence training, education or programs ensuring the continuance of Dr. King's work. For more information about the Corporation and the programs it supports, go to http://www.nationalservice.org. For more information about the King Center, go to http://www.thekingcenter.org.

Section 12653(s) of the Act, as amended in 1994, authorizes the Corporation to make grants to share the cost of planning and carrying out service opportunities in conjunction with the federal legal holiday honoring the birthday of Martin Luther King, Jr. We will fund grants to support activities that will (1) get necessary things done in communities, (2) strengthen the communities engaged in the service activity, (3) reflect the life and teaching of Martin Luther King, Jr., (4) respond to one or more of the goals set forth at the Presidents' Summit for America's Future and include young people as service providers, not just recipients of service, and (5) begin or occur in

significant part on the federal legal holiday (January 21, 2002).

Getting things done means that projects funded under the Martin Luther King Jr. holiday grant will help communities meet education, public safety, environmental, or other human needs through direct service and effective citizen action. Accordingly, we expect well designed activities that meet compelling community needs and lead to measurable outcomes and impact.

Strengthening communities means bringing people together in pursuit of a common objective that is of value to the community. Projects should seek to engage a wide range of local partners in the communities served. You should design, implement, and evaluate projects with partners, including local and state King Holiday Commissions; the King Center's Beloved Community network; national service programs (AmeriCorps, Learn and Serve America, and the National Senior Service Corps); state and local organizations affiliated with the campaign for children and youth launched at the Presidents' Summit for America's Future and carried forward by America's Promisethe Alliance for Youth; communitybased agencies; schools and school districts; Volunteer Centers of the Points of Light Foundation and other volunteer organizations; local United Ways, nonprofit organizations meeting urgent community needs, particularly those serving young people; communities of faith; businesses; foundations; state and local governments; labor organizations; and colleges and universities.

Reflecting the life and teaching of Martin Luther King, Jr. means demonstrating his proposition that, "Everybody can be great because everybody can serve." Dr. King's concept of greatness, when expressed through acts of service, offers everyone an opportunity to experience a sense of worth and dignity. His example encourages all ages, races, colors, ethnic groups, genders, nationalities, and abilities to respond to those in need. We are challenged to adopt his philosophy in addressing the evils of discrimination, poverty and violence. Dr. King's abiding faith and earnest belief in the "American Dream" is exemplified by his commitment to justice and his willingness to serve unselfishly as is evident by his statement, "I can never be what I ought to be until you are what you ought to be." Dr. King's strategies and determination to use nonviolence as a means to transform the hearts of millions should be used as a rousing force to encourage others in their desire to be socially responsible through

nonviolent direct actions—direct service. You should consider service opportunities for this program that foster cooperation and understanding among racial and ethnic groups, nonviolent conflict resolution, equal economic and educational opportunities, and social justice.

Respond to one or more of the goals of the Presidents' Summit and include young people as service providers, not just recipients of service means that service projects should be designed to help achieve the five basic promises for all children and youth declared at the Presidents' Summit for America's Future and carried forward by America's Promise "the Alliance for Youth. Those five "promises" for young people are: an ongoing relationship with a caring adult "mentor, tutor, coach; safe spaces and structured activities during non-school hours; a healthy start; an effective education that equips with marketable skills; and an opportunity to give back to their communities through their own service. Particularly important is the fifth goal: To challenge and inspire young people to give back to their communities through service. All young people must see themselves and be seen by others "as resources and leaders. Therefore, you should include young people as service providers and resources in project planning, not just as the recipients of

Begin or occur in significant part on the federal legal holiday means that a significant portion of the community service activities supported by the grant should occur on the holiday itself to strengthen the link between the observance of Martin Luther King, Jr."s birthday, the federal legal holiday (January 21, 2002), and service that reflects his life and teaching

The direct service you will do on and in connection with the King holiday may include, but is not limited to, the following types of activities: tutoring children or adults, training tutors, feeding the hungry, packing lunches, delivering meals, stocking a food or clothing pantry, repairing a school and adding to its resources, translating books and documents into other languages, recording books for the visually impaired, restoring a public space, organizing a blood drive, registering bone marrow and organ donors, renovating low-income or senior housing, building a playground, removing graffiti and painting a mural, renovating or creating safe spaces for children who are out of school and whose parents are working, collecting oral histories of elders, running health fairs that provide health screenings,

distributing immunization and health insurance information, gleaning and distributing fruits and vegetables, etc. Since involving young people in service is a priority of the Corporation for National Service, you might consider challenging each young person serving to pledge to give back 100 hours of service in the next year, therefore qualifying for a President's Student Service Award.

Although celebrations, parades, and recognition ceremonies may be a part of the activities that you plan on the holiday and lead to or celebrate a commitment to service, these activities do not constitute direct service under this grant and the grant will not fund such activities.

Other service activities we will consider in grant applications include, but are not limited to, the following: A day-of-service you design to produce a sustained long-term service commitment; community-wide servathons that bring a broad crosssection of people together in a burst of energy on one day of service, including schools or school districts that seek to involve all students and teachers in joint service; service-learning projects that link student service in schools and universities with community-based organizations; faith-based service collaborations that bring together communities of faith and secular human service programs (subject to the limitations listed below); and service projects that include a pledge or commitment for continued service throughout the year.

Grant funding will be available on a one-time, non-renewable basis for a budget period not to exceed seven months, beginning no sooner than November 1, 2001 and ending no later than June 30, 2002. By statute, the grants we provide for this program, together with all other federal funds you use to plan or carry out the service opportunity, may not exceed 30 percent

of the total cost.

For example, if you request \$2,500 in federal dollars you must have a nonfederal match of at least 5833 (cash and/ or in-kind contributions) and a total projected cost of at least \$8333. If you request \$7,500 in federal dollars you must have a non-federal match of at least \$17,500 (cash and/or in-kind contributions) and a total projected cost of at least \$25,000. In other words the total project cost multiplied by .30 is the maximum amount of money you can request from the federal government. (Total project cost minus federal dollars requested equals the required match). It may assist in the calculation to apply the formula as follows:

Total Project Cost × .30 = Maximum Federal Contribution. Total Project Cost - Federal Dollars Requested = Non-Federal Match.

The non-federal match may include cash and in-kind contributions (including, but not limited to, supplies, staff time, trainers, food, transportation, facilities, equipment, and services) necessary to plan and carry out the service opportunity. Grants under this program constitute federal assistance and therefore may not be used primarily to inhibit or advance religion in a material way. You may not use any part of an award from the Corporation to fund religious instruction, worship or proselytization. You may not use any part of an award to pay honoraria or fees for speakers. You may not use any part of an award to support a celebration banquet or other activity that is not connected to the actual service.

The total amount of grant funds we will provide under this Notice will depend on the quality of applications and the availability of appropriated funds for this purpose.

Part 32 of the FAR and the clause at 52.232-27, Prompt Payment for Construction Contracts, further require that contractors on construction

- (a) Notify subcontractors/suppliers of any amounts to be withheld and furnish a copy of the notification to the contracting officer;
- (b) Pay interest to subcontractors/ suppliers if payment is not made by 7 days after receipt of payment from the Government, or within 7 days after correction of previously identified deficiencies;
- (c) Pay interest to the Government if amounts are withheld from subcontractors/suppliers after the Government has paid the contractor the amounts subsequently withheld, or if the Government has inadvertently paid the contractor for nonconforming performance; and
- (d) Include a payment clause in each subcontract which obligates the contractor to pay the subcontractor for

satisfactory performance under its subcontract not later than 7 days after such amounts are paid to the contractor, include an interest penalty clause which obligates the contractor to pay the subcontractor an interest penalty if payments are not made in a timely manner, and include a clause requiring each subcontractor to include these clauses in each of its subcontractors and to require each of its subcontractors to include similar clauses in their subcontracts.

These requirements are imposed by Public Law 100–496, the Prompt Payment Act Amendments of 1988.

Contracting officers will be notified if the contractor withholds amounts from subcontractors/suppliers after the Government has already paid the contractor the amounts withheld. The contracting officer must then charge the contractor interest on the amounts withheld from subcontractors/suppliers. Federal agencies could not comply with the requirements of the law if this information were not collected.
