

Commission's Rules of Practice and Procedure, 19 CFR 210.13. Pursuant to 19 CFR 201.16(d) and 210.13(a), such responses will be considered by the Commission if received no later than 20 days after the date of service by the Commission of the complaint and the notice of investigation. BILLING CODE 7020-02-P

DEPARTMENT OF JUSTICE

Notice of Lodging of Consent Decree Pursuant to the Comprehensive Environmental Response, Compensation, and Liability Act

In accordance with Departmental policy and 28 CFR 50.7, the Department of Justice gives notice that a proposed consent decree with Appleton Papers Inc. and NCR Corporation in the case captioned *United States and the State of Wisconsin v. Appleton Papers Inc. and NCR Corporation*, Civil Action No. 01-C-0816 (E.D. Wis.) was lodged with the United States District Court for the Eastern District of Wisconsin on August 14, 2001. The complaint filed in the case by the United States and the State of Wisconsin (the "Plaintiffs") alleges that Appleton Papers Inc. and NCR Corporation (the "Defendants") are parties liable for response costs and injunctive relief associated with the release and threatened release of hazardous substances from facilities at or near the Fox River/Green Bay Site in northeastern Wisconsin (the "Site"), pursuant to the Comprehensive Environmental Response, Compensation, and Liability Act, 42 U.S.C. 9601 *et seq.*

The proposed consent decree sets forth the terms of a proposed interim settlement between the Plaintiffs and the Defendants. Under the interim settlement, the Defendants would agree to pay up to \$10 million each year for four years (\$40 million in total) to fund cleanup-related response action projects and natural resource damage restoration projects to be selected by the responsible governmental agencies. The U.S. Environmental Protection Agency and the Wisconsin Department of Natural Resources would jointly select the cleanup projects and the Federal, State, and Tribal natural resources trustees would jointly select the restoration projects. The funding for cleanup projects would allow an early start on some facets of the cleanup at the Site. The restoration projects would be designed to restore or protect natural resources at the Site, or natural resources equivalent to those injured at the Site. In addition to the \$40 million to be paid for cleanup and restoration projects, the Defendants would pay \$1.5

million toward natural resource damage assessment costs incurred by the U.S. Department of the Interior.

For a period of thirty (30) days from the date of this publication, the Department of Justice will receive comments relating to the proposed consent decree. Comments should be addressed to the Assistant Attorney General, Environment and Natural Resources Division, United States Department of Justice, P.O. Box 7611, Washington, DC 20044-7611, and should refer to *United States and the State of Wisconsin v. Appleton Papers Inc. and NCR Corporation*, Civil Action No. 01-C-0816 (E.D. Wis.), and DOJ Reference Numbers 90-11-2-1045 and 90-11-2-1045Z.

An electronic copy of the proposed consent decree is posted on the U.S. Environmental Protection Agency's web site at www.epa.gov/region5/foxriver and on the Wisconsin Department of Natural Resource's web site at www.dnr.state.wi.us/org/water/wm/lowerfox. Notice of Lodging of Consent Decree Pursuant to the Clean Air Act

Notice is hereby given that a proposed consent decree in *United States v. Gulf Oil L.P., and Catamount Management Co.*, Civ. No. 3:98CV2226 (AVC), was lodged on July 5, 2001 with the United States District Court for the District of Connecticut. The consent decree would resolve this action as the Gulf Oil, L.P.

and Catamount Management Co., as a general partner in Gulf Oil L.P., (collectively, "Gulf"), against whom the United States asserted a claim for penalties on behalf of the United States Environmental Protection Agency under 42 U.S.C. 7401 *et seq.*, the Connecticut State Implementation Plan, authorized pursuant to Section 110 of the Act, 42 U.S.C. 7210, and the New Source Performance Standards for Bulk Gasoline Terminals ("NSPS"), 40 CFR Part 60, Subpart XX, for violations which took place at a bulk gasoline terminal in New Haven, Connecticut. The Complaint, which was filed in November 1998, seeks penalties for (1) failure to apply for and obtain valid pre-construction and operating permits for changes made to gas loading bays in 1993; (2) failure to conduct performance tests of emissions of volatile organic compound ("VOCs") from the Terminal in 1994; (3) failure to apply for and obtain permits to construct and operate one of its liquid storage tanks (Tank 13) at the Terminal; (4) emission of excess VOCs from on or about March 7, 1997, through on or about March 10, 1997; and (5) failure to maintain emission controls according to good air pollution practices. Under the Consent Decree, Gulf will pay \$40,000 in a civil penalty, and will perform supplemental environmental projects ("SEPs") designed to reduce VOC emissions at Gulf facilities at a minimum cost of \$421,000. Gulf will be required to limit gasoline throughput so as to qualify as a minor source of VOCs, and to apply to the Connecticut Department of Environmental Protection ("CT DEP") for a permit amendment that restricts its potential emissions to minor source levels. For the SEPS, Gulf will make improvements to gasoline storage tanks at its facilities in Connecticut, Massachusetts, Maine, Pennsylvania, and New Jersey.

The Department of Justice will receive, for a period of thirty (30) days from the date of this publication, comments relating to the proposed consent decree. Comments should be addressed to the Assistant Attorney General, Environment and Natural Resources Division, P.O. Box 7611, U.S. Department of Justice, Washington, D.C. 20044-7611, and should refer to *United States v. Gulf Oil L.P. and Catamount Management Co.*, DOJ Ref. # 90-5-2-1-06457.

The proposed consent decree may be examined at the office of the United States Attorney for the District of Connecticut, 157 Church Street, 23rd Floor, New Haven, Connecticut 06510 (contact Assistant United States Attorney Carolyn Ikari); and the Region

I Office of the Environmental Protection Agency, 1 Congress Street, Suite 1100, Boston, Massachusetts 02114-2023 (contact Senior Enforcement Counsel, Thomas T. Olivier). A copy of the proposed consent decree may be obtained by mail from the Consent Decree Library, P.O. Box 7611, Washington, D.C. 20044-7611. In requesting a copy please refer to the reference case and enclose a check in the amount of \$6.25 (25 cents per page reproduction costs) for the Consent Decree without Appendices, or in the amount of \$7.00 for the Consent Decree with all Appendices, payable to the Consent Decree Library.
