BILLING CODE 6210-01-S

FEDERAL RETIREMENT THRIFT INVESTMENT BOARD

Sunshine Act Meeting

TIME AND DATE: 9 a.m., September 10, 2001.

PLACE: National Finance Center, TANO Building, Conference Room 7, 13800 Old Gentilly Road, New Orleans, Louisiana.

STATUS: Open.

MATTERS TO BE CONSIDERED:

1. Approval of the minutes of the August 13, 2001, Board member meeting.
2. Thrift Savings Plan activity report by the Executive Director.
3. Review of FY 2001 budget and projected expenditures, approval of FY 2002 proposed budget, and review of FY 2003 budget estimate.

CONTACT PERSON FOR MORE INFORMATION: Thomas J. Trabucco, Director, Office of External Affairs, (202) 942-1640.

Dated: August 28, 2001.

Elizabeth S. Woodruff,

Secretary to the Board, Federal Retirement Thrift Investment Board.

BILLING CODE 6760-01-M

GENERAL SERVICES ADMINISTRATION

Office of Communications; Cancellation of a Standard Form by the Office of Personnel Management (OPM)

AGENCY: Office of Communications, GSA.

ACTION: Notice.

SUMMARY: The Office of Personnel Management (OPM) cancelled SF SF 1150A, Transfer of Leave Records for Leave Recipient Covered by the Voluntary Leave Transfer Program since

they no longer prescribe any standard data elements when a current leave recipient transfers to another employing agency without a break in service. Each agency needs to set their own policy on how this process is handled. OPM developed their own form which they are happy to share with you but is NOT for mandatory use. You can obtain a copy of this form from the internet (Address: <http://www.opm.gov/forms>).

FOR FURTHER INFORMATION CONTACT: Ms. Barbara Williams, General Services Administration, (202) 501-0581.

DATES: Effective August 30, 2001.

Dated: August 23, 2001.

Barbara M. Williams,

Deputy Standard and Optional Forms Management Officer, General Services Administration.

BILLING CODE 6820-34-M

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Centers for Disease Control and Prevention

[60 Day-01-58]

Proposed Data Collections Submitted for Public Comment and Recommendations

In compliance with the requirement of section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995 for opportunity for public comment on proposed data collection projects, the Centers for Disease Control and Prevention (CDC) will publish periodic summaries of proposed projects. To request more information on the proposed projects or to obtain a copy of the data collection plans and instruments, call the CDC Reports Clearance Officer on (404) 639-7090.

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the

burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Send comments to Anne O'Connor, CDC Assistant Reports Clearance Officer, 1600 Clifton Road, MS-D24, Atlanta, GA 30333. Written comments should be received within 60 days of this notice.

Proposed Project

Evaluation of the Graduate Certificate Program—New—National Center for HIV, STD, and TB Prevention (NCHSTP), the Centers for Disease Control and Prevention (CDC). The National Center for HIV, STD and TB, CDC proposes to collect data to evaluate the Graduate Certificate Program (GCP). From July 1997 through January 2001, NCHSTP Prevention Support Office administered the GCP which funded 130 CDC public health professionals and 130 state and local public health professionals to attend a distance learning program that consisted of approximately one-half of the requirements of a graduate-level degree. The purpose of the proposed project is to evaluate the process, impact, and outcome measures of the GCP that were described in the original Request for Proposal (RFP). CDC is looking to establish perceived or measurable benefits of the program, as well as to evaluate the effectiveness of the distance-based education approach.

The data collected will be used to determine the effectiveness of the distance-based training approach, and to provide recommendations for developing similar training strategies in the future.

Data will be collected through an attitudinal survey that will be available in both paper and electronic copies. The survey will be administered to 520 respondents (approximately 260 state and local public health professionals (130 participants and 130 nonparticipants) and 260 supervisors (130 supervisors of participants and 130 supervisors of nonparticipants). It is estimated that it will take respondents approximately 20 minutes to complete the survey. There are no costs to respondents.

Respondents	No. of respondents	No. of responses per respondent	Average burden/response (in hours)	Total burden (in hours)
State and Local Public Health Professionals	520	1	20/60	173
Total				173

Dated: August 21, 2001.

Nancy Cheal,

Acting Associate Director for Policy, Planning and Evaluation, Centers for Disease Control and Prevention.

BILLING CODE 4163-18-P

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Centers for Disease Control and Prevention

The National Center for Environmental Health (NCEH) of the Centers for Disease Control and Prevention (CDC) Announces the Following Meeting

Name: Public Meeting to Review and Re-evaluate Safe Airborne Exposure Limits (AELs) of Chemical Agent Sulfur Mustard (HD).

Time and Dates: 8 am–5 pm, September 11, 2001. 8 am–12 pm, September 12, 2001.

Place: Sheraton Colony Square Hotel, 188 14th Street NE at Peachtree Street, Atlanta, Georgia, 30361, Tel: (404) 892-6000 or (800) 422-7895.

Status: Open to the public, limited only by space available. The meeting room accommodates approximately 50 people.

Background: The chemical warfare material agent HD is no longer manufactured in the United States; however, it is currently stored at seven locations in the continental United States by the Department of Defense (DOD). Public Law 99-145 (50 U.S.C. 1521) mandates that these stockpiled lethal chemical agents be destroyed. In 1970, Public Law 91-121 and Public Law 91-441 (50 U.S.C. 1521) mandated that the Department of Health and Human Services must review DOD plans for disposing of the munitions and make recommendations to protect human health. In 1987, CDC requested public comment on recommendations for protecting human health and the environment against potential adverse effects of long-term exposure to low doses of agents G, GB, VX, mustard (H, HD, T) and lewisite (L). CDC incorporated the public comments and in 1988 recommended control limits for airborne exposures to agents G, GB, VX, H, HD, T and L for protection of workers involved in the demilitarization process and for the general public living in areas adjacent to demilitarization facilities. The U.S. Army adopted these control limits into policy in 1990. CDC held a public meeting in August, 2000 to re-evaluate the limits for agents G, GB, and VX based on newly developed risk models and any updated scientific data.

CDC will soon publish its final recommendations for these levels in the **Federal Register**. As a follow-up to the August, 2000 public meeting, CDC will host a meeting this September to discuss how to conduct a similar re-evaluation of the exposure limits for agent HD in a demilitarization operational setting.

Purpose: The purpose of this meeting is to review the AELs set for HD, based on CDC's 1988 recommendations and to determine any modifications required to update these limits to reflect current findings. Based on newly available scientific studies and data, CDC will engage HD agent experts and the public in an evaluation of the current limits and recommend updated limits based on the public comments. To facilitate the public dialogue, CDC will provide a forum for general public interaction and serve as a vehicle for members of the public to provide their individual concerns.

Matters to be Discussed: Agenda items include (1) presentation of newly available scientific studies and data, (2) panel discussion by HD agent specialists, (3) recommended modifications to existing levels based on panel comments, and (4) collect public comments. There will be time for public input, questions, and comments.

Agenda items are subject to change as priorities dictate.

FOR FURTHER INFORMATION CONTACT:

Sascha Beck, Chemical Demilitarization Branch, Division of Emergency and Environmental Health Services, NCEH, CDC, 4770 Buford Highway, NE (F-16), Atlanta, Georgia, 30341-3724, telephone 770/488-4078, fax 770/488-4127.

The Director, Management Analysis and Services Office, has been delegated the authority to sign **Federal Register** notices pertaining to announcements of meetings and other committee management activities, for both the Centers for Disease Control and Prevention and the Agency for Toxic Substances and Disease Registry.

Dated: August 23, 2001.

Carolyn J. Russell,

Director, Management Analysis and Services Office, Centers for Disease Control and Prevention (CDC).
