

annually for the first year and annually thereafter to include: (1) The groundwater monitoring of seven groundwater monitoring wells; (2) the surface water monitoring of the West Branch Floyd River at upstream and downstream locations; and (3) depth-to-water measurements in groundwater monitoring wells.

The award of the remedial action contract in 1995 provided for the initiation of the remedial action work by the responsible party. The responsible party conducted groundwater monitoring and surface water monitoring in January 1996, July 1996, November 1997, September 1998, September 1999, and October 2000 in accordance with the IDNR Consent Order.

#### *Clean-Up Standards*

The site was considered to be cleaned up and all requirements of the IDNR Consent Order satisfied when the groundwater monitoring revealed no exceedance of MCLs, or state action levels, for CERCLA contaminants of concern for three consecutive groundwater sampling events at least six months apart. This condition of the Consent Order has been met and the clean-up standards have been shown to be achieved.

#### *Operations and Maintenance*

The operation and maintenance and the groundwater and surface water monitoring at the site have been conducted by the responsible party in accordance with the IDNR Consent Order. The responsible party continues to own the property which is considered the site. In April 2000, IDNR agreed with the recommendation by the responsible party to discontinue groundwater monitoring for herbicides and abandon 12 groundwater monitoring wells. During October 2000, the abandonment of monitoring wells was conducted in accordance with Iowa Administrative Code 567, Chapter 39.

#### *Five-Year Review*

A statutory Five-Year Review Report was completed on September 7, 2000, pursuant to CERCLA 121 (c) and to Section 300.430(f)(4)(ii) of the National Oil and Hazardous Substances Contingency Plan (NCP). Contaminants of concern have been shown to be below drinking water standards. The remedy of natural attenuation has been shown to be effective. Due to the fact that CERCLA hazardous substances, pollutants, or contaminants no longer remain at the site above levels that allow for unrestricted use and unlimited exposure, another five-year review

report is not required. The remedy continues to be protective of human health and the environment.

#### *Community Involvement*

Public participation activities have been satisfied as required in CERCLA section 113(k), 42 U.S.C. 9613(k), and CERCLA section 117, 42 U.S.C. 9617. Documents in the Deletion Docket which EPA relied on for recommendation of the deletion from the NPL are available to the public in the information repositories.

#### **V. Deletion Action**

The EPA, with concurrence of the state of Iowa, has determined that all appropriate responses under CERCLA have been completed, and that no further response actions, under CERCLA, are necessary. Therefore, EPA is deleting the site from the NPL.

Because EPA considers this action to be noncontroversial and routine, EPA is taking it without prior publication. This action will be effective November 13, 2001 unless EPA receives adverse comments by October 11, 2001. If adverse comments are received within the 30-day public comment period, EPA will publish a timely withdrawal of this direct final notice of deletion before the effective date of the deletion and it will not take effect and, EPA will prepare a response to comments and continue with the deletion process on the basis of the notice of intent to delete and the comments already received. There will be no additional opportunity to comment.

**SUPPLEMENTARY INFORMATION:** The Museum and Library Services Act of 1996 (the “Act”), set forth at 20 U.S.C. 9101 et seq., expanded the functions of the existing Institute of Museum Services to create the Institute of Museum and Library Services. IMLS published a final rule changing the name of the agency’s chapter in the Code of Federal Regulation (Dec. 19, 1997, 62 FR 66529). This rule further updates our regulations by eliminating all references to the Institute of Museum Services and replacing those references with the Institute of Museum and Library Services.

The Institute of Museum and Library Services considers this rule to be a technical amendment that is exempt from notice-and-comment under 5 U.S.C. 553(b)(3)(A). This rule is not a significant rule for purposes of Executive Order 12866 and has not been reviewed by the Office of Management and Budget. As required by the Regulatory Flexibility Act, the Institute certifies that these regulatory amendments will not have a significant impact on small business entities.

EFFECTIVE DATE: October 1, 2001.

FOR FURTHER INFORMATION CONTACT: Ms. Susan Schneider, Defense Acquisition Regulations Council, OUSD(AT&L)DP(DAR), IMD 3C132, 3062 Defense Pentagon, Washington, DC 20301-3062. Telephone (703) 602-0326; facsimile (703) 602-0350. Please cite DFARS Case 2001-D004.

SUPPLEMENTARY INFORMATION:

A. Background

This final rule contains Fiscal Year 2002 requirements for completion of DD Form 350, Individual Contracting Action Report, and DD Form 1057, Monthly Summary of Contracting Actions. DoD uses these forms to collect statistical data on its contracting actions. This rule contains reporting changes related to bundled contracts, indefinite-delivery contracts, information technology products, commercial items, and recovered materials.

DD Forms 350 and 1057, and other forms prescribed by the DFARS, are not included in the Code of Federal Regulations. The forms are available electronically via the Internet at <http://web1.whs.osd.mil/icdhome/ddeforms.htm>.

This rule was not subject to Office of Management and Budget review under Executive Order 12866, dated September 30, 1993.

B. Regulatory Flexibility Act

This final rule does not constitute a significant revision within the meaning of FAR 1.501 and Public Law 98-577 and publication for public comment is not required. However, DoD will consider comments from small entities concerning the affected DFARS subparts in accordance with 5 U.S.C. 610. Such comments should cite DFARS Case 2001-D004.

C. Paperwork Reduction Act

The Paperwork Reduction Act does not apply because the rule does not

impose any information collection requirements that require the approval of the Office of Management and Budget under 44 U.S.C. 3501, et seq.
