I. Statutory Framework

Title XIII of the Housing and Community Development Act of 1992, Pub. L. No. 102-550, entitled the "Federal Housing Enterprises Financial Safety and Soundness Act of 1992" (the

"Act"),¹ established the Office of Federal Housing Enterprise Oversight ("OFHEO") as an independent office within the Department of Housing and Urban Development. OFHEO is the financial safety and soundness regulator of the nation's two largest housing-related Government-sponsored enterprises: the Federal National Mortgage Association ("Fannie Mae") and the Federal Home Loan Mortgage Corporation ("Freddie Mac") (collectively, the "Enterprises"). In addition to establishing OFHEO, the Act made amendments to the Enterprises' enabling statutes (collectively, "the Charter Acts")² among other things, accommodate the restructured regulatory regime under the Act.

The National Flood Insurance Act of 1968 ("NFIA")³ and the Flood Disaster Protection Act of 1973 ("FDPA"),⁴ as amended by the National Flood Insurance Reform Act of 1994 ("NFIRA"),⁵ together create a comprehensive National Flood Insurance Program ("NFIP") that includes various provisions designed to ensure that structures built in flood plains are covered by statutory minimum amounts of flood insurance. NFIRA added specific requirements explicitly applicable to the Enterprises,⁶ designated OFHEO as the Federal agency responsible for determining compliance of the Enterprises' flood insurance responsibilities, required OFHEO to report their compliance in the agency's 1996, 1998 and 2000 annual reports,⁷ and provided OFHEO with the authority to issue any regulations necessary to carry out the applicable provisions of NFIRA.⁸ NFIRA also authorized OFHEO to impose civil money penalties upon an Enterprise that fails to implement procedures reasonably designed to ensure that the loans it purchases comply with the mandatory flood insurance purchase requirements.⁹

More specifically, NFIRA requires that the Enterprises each implement procedures reasonably designed to ensure that any mortgage loan that is purchased and is secured by property located in a designated flood hazard

area is covered for the term of the loan by flood insurance in an amount at least equal to the lesser of (1) the outstanding principal balance of the loan or (2) the maximum limit of coverage made available for that type of property under the NFIP. OFHEO is authorized under NFIRA to levy a civil money penalty of \$350 per violation, not to exceed \$100,000 per year, against an Enterprise that it finds to have engaged in a pattern or practice of purchasing loans in violation of the procedures.¹⁰

II. Background

The Enterprises have a key role in the implementation of the Federal Government's flood insurance program, particularly with regard to lenders that are not subject to direct supervision by a Federal regulatory agency. The Enterprises use their seller/servicer guidelines and other quality control review procedures to ensure that lenders with whom they contract comply with the applicable flood insurance laws. The Enterprises are required to establish procedures designed to prevent their purchase of loans that do not comply with these laws. NFIRA tasks OFHEO with reviewing the adequacy of such procedures as well as the Enterprises' compliance with them.

A primary purpose of the proposed regulation is to reiterate the relevant statutory provisions specifically applicable to the Enterprises and to OFHEO and to codify them in OFHEO's regulations. The proposed regulation is intended to provide guidance as to the procedures to be applied if an enforcement action were to be required, to add statutory civil money penalty amounts for infractions of the flood insurance requirements to the schedule of penalties in OFHEO's regulations and to adjust such penalty amounts as contemplated by law for inflation.

The Inflation Adjustment Act

The Federal Civil Penalties Inflation Adjustment Act of 1990, as amended by the Debt Collection Improvement Act of 1996 (the Inflation Adjustment Act),¹¹ requires Federal agencies with the authority to issue civil money penalties, to adopt regulations to adjust each civil money penalty authorized by law that the agency has jurisdiction to administer. The purpose of these adjustments is to maintain the deterrent effect of civil money penalties and promote compliance with the law. The Inflation Adjustment Act requires agencies to make an initial adjustment

of their civil money penalties upon the statute's enactment, and to make additional adjustments on an ongoing basis, at least once every four years following the initial adjustment.

Under the Inflation Adjustment Act, the inflation adjustment for each applicable civil money penalty is determined by increasing the maximum civil money penalty amount by a cost-of-living adjustment. As is described in detail below, the Inflation Adjustment Act provides that this cost-of-living adjustment is to reflect the percentage increase in the Consumer Price Index since the civil money penalties were last adjusted or established.

NFIRA sets forth the procedures under which the Director of OFHEO could impose civil money penalties against an Enterprise and the amounts of these civil money penalties. In this rulemaking, the amounts of these civil money penalties are being adjusted in accordance with the requirements of the Inflation Adjustment Act. The increases in maximum civil money penalty amounts contained in this proposed rule do not mandate the amount of any civil money penalty that OFHEO may seek for a particular violation; OFHEO would determine each civil money penalty on a case-by-case basis in light of the circumstances of the case.

The Inflation Adjustment Act directs Federal agencies to calculate each civil money penalty adjustment as the percentage by which the CPI-U for June of the calendar year preceding the adjustment exceeds the CPI-U for June of the calendar year in which the amount of such civil money penalty was last set or adjusted pursuant to law. OFHEO has not previously adjusted these CMP amounts, so the base period is 1994, the year in which the CMPs were enacted into law by NFIRA. Because OFHEO is making these adjustments in calendar year 2001, and NFIRA was enacted in 1994, the inflation adjustment amount for each civil money penalty was calculated by comparing the CPI-U for June 1994 (148.0) with the CPI-U for June 2000 (172.4), resulting in an inflation adjustment of 16.5 percent. For each civil money penalty, the product of this inflation adjustment and the previous maximum penalty amount was then rounded in accordance with the specific requirements of the Inflation Adjustment Act,¹² then added to the

previous maximum penalty amount to determine the new adjusted maximum penalty amount. However, the Inflation Adjustment Act further specifies that the first adjustment of any CMP pursuant to such Act may not exceed ten percent of the penalty. Accordingly, the original civil money penalty maximum of \$350 under NFIA is increased to \$385 for each violation and the civil money penalty maximum of \$100,000 is increased to \$110,000 for the total assessed penalties against any Enterprise during any calendar year.

Section-By-Section Analysis

Section 1773.1 Authority and Scope

Section 1773.1 sets forth the authority upon which this proposed regulation is based, namely the National Flood Insurance Act of 1968 and the Flood Disaster Protection Act of 1973, as amended by the National Flood Insurance Reform Act of 1994. The National Flood Insurance Reform Act of 1994 requires OFHEO to examine the Enterprises to ascertain their compliance with these statutes and to report to Congress on their compliance, and provides OFHEO with the authority to issue any regulations necessary to carry out the applicable provisions of NFIRA. OFHEO is authorized to impose civil money penalties on an Enterprise for violation of procedures established pursuant to the National Flood Insurance Act of 1968, as amended, or rules or regulations adopted pursuant thereto.¹³

Section 1773.2 Requirements

Section 1773.2(a) sets forth the requirement that each Enterprise is to implement procedures reasonably designed to ensure that the properties securing particular loans described in paragraph (a) are properly insured in accordance with the National Flood Insurance Act of 1968 and the Flood Disaster Protection Act of 1973, as amended by the National Flood Insurance Reform Act of 1994. This requirement applies to any loan purchased by an Enterprise that is secured by improved real estate or a mobile home located in an area that has been identified, at the time of the origination of the loan or at any time during the term of the loan, by the Director of the Federal Emergency Management Agency as an area having special flood hazards and in which

¹² The statute's rounding rules require that each increase be rounded to the nearest multiple as follows: \$10 in the case of penalties less than or equal to \$100; \$100 in the case of penalties greater than \$100 but less than or equal to \$1,000; \$1,000 in the case of penalties greater than \$1,000 but less than or equal to \$10,000; \$5,000 in the case of

penalties greater than \$10,000 but less than or equal to \$100,000; \$100,000 in the case of penalties greater than \$100,000 but less than or equal to \$200,000; and \$5,000 in the case of penalties greater than \$200,000.

flood insurance is available under the National Flood Insurance Program. As explained in paragraph (a), the Enterprise is required to ensure that a building or mobile home, and any personal property securing such loan are covered for the term of the loan by flood insurance in an amount at least equal to the lesser of the outstanding principal balance of the loan or the maximum limit of coverage made available with respect to the particular type of property under the National Flood Insurance Program.

Section 1773.2(b) proposes that the procedures in paragraph (a) need apply only to loans made, increased, extended, or renewed after September 22, 1995. It further provides that paragraph (a) does not apply to any loan having an original outstanding principal balance of \$5,000 or less and a repayment term of one year or less.

Section 1773.3 Civil Money Penalties

Section 1773.3 sets forth procedures under this proposed section under which the Director of OFHEO may impose civil money penalties against an Enterprise. Section 1773.3(a) sets forth that the Director of OFHEO may assess a civil money penalty against an Enterprise determined by the Director to have engaged in a pattern or practice of purchasing loans in violation of the procedures established pursuant to § 1773.2.

Section 1773.3(b) sets forth notice and hearing requirements prior to the imposition of civil money penalties under this section. A civil money penalty may be issued only after notice and an opportunity for a hearing on the record has been provided under 12 CFR part 1780.

Section 1773.3(c) sets forth the maximum amount of civil money penalties that may be imposed on an Enterprise under this section. A civil money penalty under this section may not exceed the adjusted statutory amount of \$385 for each violation and the total amount of penalties assessed under this section against an Enterprise during any calendar year may not exceed the adjusted statutory cap of \$110,000 for such total penalties.

Section 1773.3(d) sets forth procedures for the deposit of civil money penalties. Any civil money penalties collected under this section shall be paid into the National Flood Mitigation Fund in accordance with 42 U.S.C. 4104d.

Section 1773.3(e) provides that any civil money penalty under this section shall be in addition to any civil remedy or criminal penalty otherwise available.

Section 1773.3(f) provides that no penalty may be imposed under this section after the expiration of the four-year period beginning on the date of the occurrence of the violation for which the penalty is authorized.

Regulatory Impact

Executive Order 12866, Regulatory Planning and Review

This proposed rule is not deemed to be a significant rule under Executive Order 12866 because it will not result in (1) an annual effect on the economy of \$100 million or more; (2) a major increase in costs or prices for consumers, individual industries, Federal, State, or local government agencies, or geographic regions; or (3) significant adverse effects on competition, employment, investment, productivity, innovation or on the ability of United States-based enterprises to compete with foreign-based enterprises in domestic or foreign markets. Accordingly, no regulatory impact assessment is required and this proposed rule has not been submitted to the Office of Management and Budget for review.

Regulatory Flexibility Act

The Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*) requires that a rule that has a significant economic impact on a substantial number of small entities, small businesses, or small organizations must include an initial regulatory flexibility analysis describing the regulation's impact on small entities. Such an analysis need not be undertaken if the agency has certified that the regulation will not have a significant economic impact on a substantial number of small entities. 5 U.S.C. 605(b). OFHEO has considered the impact of this proposed rule under the Regulatory Flexibility Act. The General Counsel certifies that this proposed rule will not have a significant economic impact on a substantial number of small business entities.

Paperwork Reduction Act

This proposed rule does not contain any information collection requirements that require the approval of the Office of Management and Budget under the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*).

Unfunded Mandates Reform Act of 1995

This proposed rule does not require the preparation of an assessment statement in accordance with the Unfunded Mandates Reform Act of 1995, 2 U.S.C. 1531. Assessment statements are not required for regulations that incorporate

requirements specifically set forth in law. As explained in the preamble, this rule implements specific statutory requirements. In addition, this rule does not include a Federal mandate that may result in the expenditure by State, local, and tribal governments, in the aggregate, or by the private sector, of \$100 million or more (adjusted annually for inflation) in any one year.
