SUPPLEMENTARY INFORMATION:

Background

The regulations in 7 CFR 354.3 (referred to below as the regulations) contain provisions for the collection of user fees for agricultural quarantine and inspection (AQI) services provided by the Animal and Plant Health Inspection Service (APHIS). These services include, among other things, inspecting

commercial vessels, commercial trucks, commercial railroad cars, commercial aircraft, and international airline passengers arriving at ports in the Customs territory of the United States from points outside the United States. (The Customs territory of the United States is defined in the regulations as the 50 States, the District of Columbia, and Puerto Rico.)

These user fees are authorized by 2509(a) of the Food, Agriculture, Conservation, and Trade Act of 1990 (21 U.S.C. 136a). This statute, known as the Farm Bill, was amended by 504 of the Federal Agriculture Improvement and Reform Act of 1996 (Pub. L. 104-127, 110 Stat. 888) on April 4, 1996.

On July 24, 1997, we published in the **Federal Register** (62 FR 39747-39755, Docket No. 96-038-3) a final rule that amended the regulations by adjusting our user fees for servicing commercial vessels, commercial trucks, commercial railroad cars, commercial aircraft, and international airline passengers arriving at ports in the Customs territory of the United States from points outside the United States and by setting user fees for these services for fiscal years 1997 through 2002 and beyond. Additionally, on November 16, 1999, we published in the **Federal Register** (64 FR 62089-62096, Docket No. 98-073-2) another final rule that amended the regulations by updating some of the user fees. When we established the user fees for fiscal years 1997 through 2002 and beyond, we stated that, prior to the beginning of the fiscal year, we would publish a notice to remind the public of the user fees for that fiscal year. This document provides notice to the public of the user fees for fiscal year 2002 (October 1, 2001, through September 30, 2002).

Agricultural Quarantine and Inspection Services

We inspect commercial vessels of 100 net tons or more.¹ As specified in § 354.3(b)(1), our user fee for inspecting commercial vessels will be \$480.50 during fiscal year 2002.

We inspect commercial trucks² entering the Customs territory of the United States. Commercial trucks may pay the APHIS user fee each time they enter the Customs territory of the United

¹ Those commercial vessels subject to inspections are specified in 7 CFR, chapter III, part 330 or in 9 CFR, chapter I, subchapter D of the regulations. Exemptions to these user fees are specified in § 354.3(b)(2).

² Those commercial trucks subject to inspections are specified in 7 CFR, chapter III, part 330 or in 9 CFR, chapter I, subchapter D of the regulations. Exemptions to these user fees are specified in § 354.3(c)(2).

States from Mexico³ or purchase a prepaid APHIS permit for a calendar year. Since commercial trucks are also subject to Customs user fees, our regulations provide that commercial trucks must prepay the APHIS user fee if they are prepaying the Customs user fee. In that case, the required APHIS user fee is 20 times the user fee for each arrival and is valid for an unlimited number of entries during the calendar year (see § 354.3(c)(3)(i) of the regulations). The truck owner or operator, upon payment of the APHIS and the Customs user fees, receives a decal to place on the truck windshield. This is a joint decal, indicating that both the Customs and APHIS user fees for the truck have been paid for that calendar year. As specified in § 354.3(c)(1), our user fee for inspecting commercial trucks will be \$4.75 for individual arrivals and, as specified in § 354.3(c)(3)(i), \$95 for a calendar year 2002 decal.

We inspect commercial railroad cars⁴ entering the Customs territory of the United States. These user fees may be paid per inspection or prepaid. Prepaid user fees cover 1 calendar year's worth of AQI inspections. As specified in § 354.3(d)(1), the user fee for this service will be \$7.00 per loaded commercial railroad car for each arrival or, if user fees are prepaid, \$140 (20 times the

individual arrival fee) for each loaded railcar during fiscal year 2002.

We also inspect international commercial aircraft⁵ arriving at ports in the Customs territory of the United States. As specified in § 354.3(e)(1), the user fee will be \$65.25 during fiscal year 2002.

We also inspect international airline passengers⁶ arriving at ports in the Customs territory of the United States. As specified in § 354.3(f)(1), the international airline passenger user fee will be \$3.10 during fiscal year 2002.

In addition to the user fees described above, APHIS also charges user fees for import- and export-related veterinary services. The regulations in 9 CFR part 130 list user fees for import- and export-related services provided by APHIS for animals, animal products, birds, germ plasm, organisms, and vectors.

These user fees are authorized by 2509(c)(1) of the Food, Agriculture, Conservation, and Trade Act of 1990, as amended (21 U.S.C. 136a). APHIS is authorized to establish and collect fees that will cover the cost of providing import- and export-related services for animals, animal products, birds, germ plasm, organisms, and vectors.

On August 28, 2000, we published in the **Federal Register** (62 FR 51997–52010, Docket No. 97–058–2) a final rule that amended the regulations in 9 CFR part 130 by adjusting our user fees

for import- and export-related services that we provide for animals, animal products, birds, germ plasm, organisms, and vectors and by setting user fees for these services for fiscal years 2001 through 2004 and beyond. Additionally, on August 1, 2001, we published in the **Federal Register** (66 FR 39628–39632, Docket No. 99–060–2) another final rule that amended the regulations by updating some of the user fees. When we established the user fees for fiscal years 2001 through 2004 and beyond, we stated that, prior to the beginning of the fiscal year, we would publish a notice to remind the public of the user fees for that fiscal year. This document provides notice to the public of the user fees for fiscal year 2002 (October 1, 2001, through September 30, 2002).

regulations. Exemptions to these user fees are specified in § 354.3(d)(2).

⁵ Those commercial aircraft subject to inspections are specified in 7 CFR, chapter III, part 330 or in 9 CFR, chapter I, subchapter D of the regulations. Exemptions to these user fees are specified in § 354.3(e)(2).

⁷ Those animals and birds subject to quarantine are specified in 9 CFR, chapter I, subchapter D of the regulations.

Certain conditions or traits, such as pregnancy or aggression, may necessitate special requirements for certain birds or poultry. Birds and poultry receiving nonstandard housing, care, feed, or handling to meet special requirements may receive those services while quarantined in an APHIS-owned or -operated quarantine facility at the request of an importer or as required by an APHIS representative. As specified in § 130.2(b), the daily user fee for each bird or poultry receiving nonstandard housing, care, or handling while quarantined in an APHIS-owned or -operated animal quarantine facility for fiscal year 2002 is \$5.25 for birds weighing 250 grams or less, and doves, pigeons, and quail; \$13.00 for birds

exclusive use of space at APHIS Animal Import Center in Newburgh, NY, for fiscal year 2002 is \$56,054 to occupy a space 5,396 square feet in size, \$92,484 for a space 8,903 square feet in size, and \$9,401 for a space 905 square feet in size. The fees listed in § 130.3(a)(1) cover all costs of quarantine⁸ except feed. The importer either provides the feed or pays for it on an actual cost basis, including the cost of delivery.
