Notice Before Waiver With Respect to Land at Niagara Fall International Airport, Niagara Falls, New York

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice of intent of waiver with respect to land.

SUMMARY: The FAA is publishing notice of the proposed release of approximately 4.9 acres of land located directly across Niagara Falls Boulevard from the terminal building at Niagara Falls International Airport, to allow its sale for non-aviation development. The parcel was part of the airport land deeded to the City of Niagara Falls under a quit claim conveyance from the United States. When the airport property was conveyed to the Niagara Frontier Transportation Authority (NFTA), this parcel was not transferred, and remains under the ownership of the city of Niagara Falls. The City of Niagara Falls proposes to sell the land to a developer who will it develop it as a car dealership or another similar use.

FAA's action is to release the land from a deed provision requiring aeronautical use of the property. The NFTA has stated that it has no aeronautical use for the parcel now or in the near future according to the

Niagara Falls Intl. Airport Layout Plan. The Fair Market Value of the land will be paid to the NFTA for the maintenance, operation and capital development of the Niagara Falls International Airport.

Any comments the agency receives will be considered as a part of the decision.
