Also, pursuant to Title V of the North American Free Trade Agreement Implementation Act (Pub. L. 103-182) concerning transitional adjustment assistance hereinafter called (NAFTA-TAA) and in accordance with Section 250(a), Subchapter D, Chapter 2, Title II, of the Trade Act as amended, the Department of Labor presents summaries of determinations regarding eligibility to apply for NAFTA-TAA issued during the month of September, 2001.

In order for an affirmative determination to be made and a certification of eligibility to apply for NAFTA-TAA the following group eligibility requirements of Section 250 of the Trade Act must be met:

(1) That a significant number or proportion of the workers in the workers' firm, or an appropriate subdivision thereof, (including workers in any agricultural firm or appropriate subdivision thereof) have become totally or partially separated from employment and either—

(2) That sales or production, or both, of such firm or subdivision have decreased absolutely,

(3) That imports from Mexico or Canada of articles like or directly competitive with articles produced by such firm or subdivision have increased, and that the increases imports

contributed importantly to such workers' separations or threat of separation and to the decline in sales or production of such firm or subdivision; or

(4) That there has been a shift in production by such workers' firm or subdivision to Mexico or Canada of articles like or directly competitive with articles which are produced by the firm or subdivision.

Negative Determinations NAFTA-TAA

In each of the following cases the investigation revealed that criteria (3) and (4) were not met. Imports from Canada or Mexico did not contribute importantly to workers' separations. There was no shift in production from the subject firm to Canada or Mexico during the relevant period.

Owens-Brockway, Glass Containers, Brockway, PA; Notice of Revised Determination on Reconsideration

By letter of April 5, 2001, the Glass, Molders, Pottery, Plastics & Allied Workers International Union requested administrative reconsideration of the Department's denial of North American Free Trade Agreement-Transitional Adjustment Assistance (NAFTA-TAA) and Trade Adjustment Assistance (TAA), applicable to workers of Owens-Brockway, Glass Containers, Brockway, Pennsylvania. The notices were published in the **Federal Register** on April 5, 2001, NAFTA-4323 (66 FR 18118), and TA-W-38,397 (66 FR 18117).

The workers were primarily engaged in the production of glass bottles.

The workers were denied NAFTA-TAA on the basis that there was no shift in production to Mexico or Canada, nor were there company or customer imports of glass bottles from Mexico or Canada. The workers were denied TAA because the "contributed importantly" test of the Group Eligibility Requirements of the Trade Act was not met.

The union request for reconsideration indicated that the subject plant imported glass bottles from South America. Upon further examination of available glass bottle import statistics, it is now apparent that aggregate U.S. imports of glass bottles increased significantly from Canada and Mexico during the relevant period. The review further depicts a meaningful increase in aggregate U.S. imports of glass bottles during the relevant period.

Conclusion

After careful consideration of the new facts obtained on reconsideration, it is

concluded that the workers of Owens-Brockway, Glass Containers, Brockway, Pennsylvania, were adversely affected by increased imports (including those from Canada and Mexico) of articles like or directly competitive with glass bottles produced at the subject firm.

All workers of Owens-Brockway, Glass Containers, Brockway, Pennsylvania, who became totally or partially separated from employment on or after November 14, 1999, through two years from the date of certification, are eligible to apply for NAFTA-TAA under Section 250 of the trade Act of 1974; and

All workers of Owens-Brockway, Glass Containers, Brockway, Pennsylvania, who became totally or partially separated from employment on or after November 14, 1999, through two years from the date of certification, are eligible to apply for adjustment assistance under section 223 of the Trade Act of 1974.

Signed at Washington, DC, this 18th day of September 2001.

Edward A. Tomchick,

Director, Division of Trade Adjustment Assistance.

reconsideration of the Department of Labor's Notice of Negative Determination Regarding Eligibility to Apply for Worker Adjustment Assistance, applicable to petition number TA-W-39,001. The denial notice was signed on April 26, 2001 and was published in the **Federal Register** on May 9, 2001 (66 FR 23733).

The petitioner presented new information concerning possible increased company imports of the product produced by the subject plant.

Conclusion

After careful review of the application, I conclude that the claim is of sufficient weight to justify reconsideration of the Department of Labor's prior decision. The application is, therefore, granted.
