

FOR FURTHER INFORMATION CONTACT: To obtain a copy of the DEIS/EIR, please write or call William Allan, Environmental Protection Specialist, Pacific Region, Bureau of Indian Affairs, 2800 Cottage Way, Sacramento, California 95825-1846, telephone (916) 978-6043. Copies of the DEIS/EIR are also available for public review in the Torres Martinez Tribal Administrative Headquarters at the Thermal, California, address given above and at public libraries throughout the Coachella Valley, California.

SUPPLEMENTARY INFORMATION: Calpine Corporation, through an agreement with the Torres Martinez Desert Cahuilla Indians, proposes to construct, own and operate the Teayawa Energy Center (TEC), a 600 megawatt, natural-gas-fired power plant to be located on a 41.5 acre parcel of tribal trust land in Riverside County, California. The parcel is located along 62nd Avenue, east of Johnson Street near the Coachella Canal, northeast of the town of Mecca, California.

Natural gas would be supplied to TEC through a new gas pipeline connection to the nearest, Southern California Gas Company intrastate pipeline. The preferred route for this connecting pipeline is north from the proposed TEC site along an existing utility corridor, to an interconnection point on the intrastate line located north of the Interstate 10 freeway.

To provide cooling for TEC, approximately 4000 acre-feet per year of process water would be needed. The preferred source for this water is via connection to the Coachella branch of the All American Canal (Coachella Canal). TEC would use a "zero liquid discharge" system for treatment of process wastewater, including cooling tower blowdown. Water cycled in a cooling tower is concentrated into a sludge-like consistency and evaporated from onsite ponds. The resulting mineral concentration that builds up in the ponds would be stored, dried and eventually hauled off site for disposal at an appropriate landfill.

Potable water would be supplied to TEC by a groundwater well on site. This would also provide a backup source of cooling water when canal water is unavailable. Sanitary waste would be collected in a storage tank and periodically trucked to an offsite treatment plant, or disposed using a septic tank and leach field, if soil conditions permit.

Electricity produced by TEC would be transformed up to transmission level voltage at an onsite switch yard that would be connected to the double

circuit, 230-kilovolt (kV) transmission lines owned by the Imperial Irrigation District (IID). These existing transmission lines are located immediately east of the proposed TEC site, on the eastern edge of the Coachella Canal. To mitigate potential, localized transmission system congestion and reliability problems, TEC would include a new electrical transmission line segment to an IID substation in the city of Coachella, California. In addition, re-conductoring and related improvements will be made to existing offsite transmission lines owned by IID and Southern California Edison (SCE) and situated between the Coachella substation and the SCE grid.

Alternatives to the proposed project that are considered in the DEIS/EIR include alternative natural gas pipeline routes, alternative water sources, a smaller energy center and no action (no project). Resources and issues discussed in the DEIS/EIR include water, biological, agricultural, mineral, paleontological, cultural and visual resources, geology and soils, land use, air quality, noise, traffic and transportation, public health/environmental hazards, worker safety, hazardous materials, hazardous waste handling, public services and utilities, socioeconomic, environmental justice and Indian trust assets.

Public Comment Solicitation

As an alternative to submitting written comments regarding the content of the DEIS/EIR to the location identified in the ADDRESSES section, interested persons may instead comment via the Internet to <http://www.billallan@bia.gov>. Please submit Internet comments as an ASCII file, avoiding the use of special characters and any form of encryption. Include your name, return address and the caption, "DEIS/EIR Comments, Teayawa Energy Center, Riverside County, California," on the first page of your Internet message. If you do not receive confirmation from the system that your Internet message was received, contact William Allan at (916) 978-6043.

Comments, including names and home addresses of respondents, will be available for public review at the BIA address shown in the ADDRESSES section, during regular business hours, 8 a.m. to 4 p.m., Monday through Friday, except holidays. Individual respondents may request confidentiality. If you wish us to withhold your name and/or address from public review or from disclosure under the Freedom of Information Act, you must state this prominently at the beginning of your written comment. Such requests will be

honored to the extent allowed by law. We will not, however, consider anonymous comments. All submissions from organizations or businesses, and from individuals identifying themselves as representatives or officials of organizations or businesses, will be made available for public inspection in their entirety.

Authority

This notice is published in accordance with section 1503.1 of the Council on Environmental Quality Regulations (40 CFR Parts 1500 through 1508), implementing the procedural requirements of the National Environmental Policy Act of 1969, as amended (42 U.S.C. 4321 *et seq.*), and the Department of the Interior Manual (516 DM 1-6), and is in the exercise of authority delegated to the Assistant Secretary—Indian Affairs by 209 DM 8.1.

Dated: September 27, 2001.

Neal A. McCaleb,

Assistant Secretary—Indian Affairs.

BILLING CODE 4310-02-P

DEPARTMENT OF THE INTERIOR

Minerals Management Service

Environmental Documents Prepared for Proposed Oil and Gas Operations on the Gulf of Mexico Outer Continental Shelf (OCS)

AGENCY: Minerals Management Service, Interior.

ACTION: Notice of the availability of environmental documents prepared for OCS mineral proposals on the Gulf of Mexico OCS.

SUMMARY: Minerals Management Service (MMS), in accordance with Federal Regulations that implement the National Environmental Policy Act (NEPA), announces the availability of NEPA-related Site-Specific Environmental Assessments (SEA) and Findings of No Significant Impact (FONSI), prepared by MMS for the following oil and gas activities proposed on the Gulf of Mexico OCS.

FOR FURTHER INFORMATION CONTACT: Public Information Unit, Information Services Section at the number below. Minerals Management Service, Gulf of Mexico OCS Region, Attention: Public Information Office (MS 5034), 1201 Elmwood Park Boulevard, Room 114, New Orleans, Louisiana 70123-2394, or by calling 1-800-200-GULF.

SUPPLEMENTARY INFORMATION: MMS prepares an EA and FONSI for proposals

that relate to exploration for and the development/production of oil and gas resources on the Gulf of Mexico OCS. The EA examines the potential environmental effects of activities described in the proposals and present MMS conclusions regarding the significance of those effects. Environmental Assessments are used as a basis for determining whether or not approval of the proposals constitutes

major Federal actions that significantly affect the quality of the human environment in the sense of NEPA Section 102(2)(C). A FONSI is prepared in those instances where MMS finds that approval will not result in significant effects on the quality of the human environment. The FONSI briefly presents the basis for that finding and includes a summary or copy of the EA.

This notice constitutes the public notice of availability of environmental documents required under the NEPA Regulations.

This listing includes all proposals for which a FONSI was prepared by the Gulf of Mexico OCS Region in the period subsequent to publication of the preceding notice.

Activity/operator	Location	Date
Kerr-McGee Oil & Gas Corporation, Development Operations, SEA No. N-07077.	East Breaks Area; Blocks 642, 643, 688 and 732; Leases OCS-G 09183, 09184, 09191 and 09194; 114 to 120 miles off the Texas Coast.	08/01/01

BILLING CODE 4310-MR-P

DEPARTMENT OF THE INTERIOR

National Park Service

Native American Graves Protection and Repatriation Review Committee: Meeting

AGENCY: National Park Service, Interior.

ACTION: Notice.

Notice is hereby given in accordance with the Federal Advisory Committee Act, 5 U.S.C. Appendix (1988), of meetings of the Native American Graves Protection and Repatriation Review Committee.

General Information

The Native American Graves Protection and Repatriation Review Committee was established by Public Law 101-601 to monitor, review, and assist in implementation of the inventory and identification process and repatriation activities required under the Native American Graves Protection and Repatriation Act (NAGPRA).

Persons wishing further information concerning review committee meetings may contact Mr. John Robbins, Assistant Director, Cultural Resources Stewardship and Partnerships, Designated Federal Official, Native American Graves Protection and Repatriation Review Committee 1849 C Street NW - 350 NC, Washington, DC 20240, telephone (202) 343-3388, facsimile (202) 343-5260, e-mail john_robbins@nps.gov. Transcripts of review committee meetings are available for public inspection approximately eight weeks after each meeting at the office of the Assistant Director, Cultural Resources Stewardship and Partnerships, Designated Federal Official, Native American Graves Protection and Repatriation Review Committee 800 North Capitol Street NW, Suite 350, Washington, DC 20001.

The protocol for review committee meetings is posted on the National NAGPRA Website (www.cr.nps.gov/nagpra; click "Review Committee," then click "Procedures").

Tribes, Alaska Native Villages and Corporations, and Native Hawaiian Organizations that are considering visits to museums or Federal agencies in review committee meeting locations for the purpose of transfers of repatriated human remains and cultural items may wish to schedule transfers to coincide

with review committee meetings. Note that repatriation transfers may be supported by "repatriation awards" administered under the NAGPRA grants program. Information about NAGPRA grants is posted on the National NAGPRA Website (www.cr.nps.gov/nagpra; click "NAGPRA Grants").

Cambridge, MA, meeting: November 2001

At the invitation of Harvard Law School and Peabody Museum of Archaeology and Ethnology, Harvard University, the review committee will meet on November 17-19, 2001, at Harvard Law School, in the Ropes Gray Room on the second floor of Pound Hall, 1563 Massachusetts Avenue, Cambridge, MA. A Harvard Law School map is available online (www.law.harvard.edu; click "About HLS," then click "Map of Law School campus").

The agenda for the meeting will include consideration of a dispute proposed by the Fallon Paiute-Shoshone Tribe, discussion of Federal agency compliance, contamination of cultural items, discussion of the NAGPRA grants program, and implementation of the statute in the northeastern United States.

Meeting sessions will begin at 8:30 a.m. and will end no later than 5:00 p.m. each day. The meeting is open to the public. Meeting space is limited and persons will be accommodated on a first-come, first-served basis. Persons wishing to make a presentation to the review committee should submit a request to do so by October 19, 2001, including a written abstract of your presentation and your contact information. Persons may also submit written statements for consideration by the review committee by October 19, 2001. Requests and statements should be addressed to the review committee in care of the Assistant Director, Cultural Resources Stewardship and Partnerships, Designated Federal Official, Native American Graves Protection and Repatriation Review Committee 1849 C Street NW - 350 NC, Washington, DC 20240.

No special lodging arrangements have been made for this meeting; accommodations are available in Cambridge, Boston, and nearby communities.

On November 19, 2001, following the conclusion of the review committee meeting, the Peabody Museum of Archaeology and Ethnology invites all meeting attendees to celebrate the raising of a new totem pole, the Kaats and Bear pole, in the Hall of the North American Indian, Peabody Museum of

Archaeology and Ethnology, 11 Divinity Avenue, Cambridge, MA, at 3:30 p.m. A reception at the museum will follow the pole raising.

Tulsa, OK, meeting: May-June 2002

At the invitation of the University of Tulsa, the review committee will meet on May 31 and June 1-2, 2002 (tentative dates) at the University of Tulsa, Tulsa, OK. A notice including final meeting dates, the meeting agenda, and other meeting detail will be published in the Federal Register at least 90 days prior to the Tulsa, OK, meeting.

Dated: July 17, 2001.

John Robbins,

Assistant Director, Cultural Resources Stewardship and Partnerships, Designated Federal Official, Native American Graves Protection and Repatriation Review Committee

DEPARTMENT OF THE INTERIOR

National Park Service

Notice of Inventory Completion for Native American Human Remains and Associated Funerary Objects in the Possession of the Peabody Museum of Archaeology and Ethnology, Harvard University, Cambridge, MA

AGENCY: National Park Service, Interior.
ACTION: Notice.

Notice is hereby given in accordance with provisions of the Native American Graves Protection and Repatriation Act (NAGPRA), 43 CFR 10.9, of the completion of an inventory of human remains and associated funerary objects in the possession of the Peabody Museum of Archaeology and Ethnology, Harvard University, Cambridge, MA.

This notice is published as part of the National Park Service's administrative responsibilities under NAGPRA, 43 CFR 10.2 (c). The determinations within this notice are the sole responsibility of the museum, institution, or Federal agency that has control of these Native American human remains and associated funerary objects. The National Park Service is not responsible for the determinations within this notice.

A detailed assessment of the human remains was made by Peabody Museum of Archaeology and Ethnology professional staff in consultation with representatives of the Caddo Indian Tribe of Oklahoma.

In 1966, human remains representing two individuals were collected from the Bayou Sel site, Clark County, AR, by
