BILLING CODE 4150-04-P

DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

[Docket No. FR-4644-N-41]

Federal Property Suitable as Facilities To Assist the Homeless

AGENCY: Office of the Assistant Secretary for Community Planning and Development, HUD.

ACTION: Notice.

SUMMARY: This Notice identifies unutilized, underutilized, excess, and surplus Federal property reviewed by HUD for suitability for possible use to assist the homeless.

EFFECTIVE DATE: October 12, 2001.

FOR FURTHER INFORMATION CONTACT:

Clifford Taffet, Department of Housing and Urban Development, Room 7262, 451 Seventh Street SW, Washington, DC 20410; telephone (202) 708–1234; TTY number for the hearing- and speechimpaired (202) 708–2565, (these telephone numbers are not toll-free), or call the toll-free Title V information line at 1–800–927–7588.

SUPPLEMENTARY INFORMATION: In

accordance with the December 12, 1988 court order in *National Coalition for the Homeless* v. *Veterans Administration*, No. 88–2503–OG (D.D.C.), HUD

publishes a notice, on a weekly basis, identifying unutilized, underutilized, excess and surplus Federal buildings and real property that HUD has reviewed for suitability for use to assist the homeless. Today's Notice is for the purpose of announcing that no additional properties have been determined suitable or unsuitable this week.

Dated: October 4, 2001.

Iohn D. Garrity.

Director, Office of Special Needs Assistance Programs.

BILLING CODE 4210-29-M

DEPARTMENT OF THE INTERIOR

Fish and Wildlife Service

Migratory Bird Hunting; Draft Environmental Impact Statement on Light Goose Management

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of meetings.

SUMMARY: The U.S. Fish and Wildlife Service (Service) has prepared a Draft **Environmental Impact Statement (DEIS)** on light goose management which is available for public review. The DEIS analyzes the potential environmental impacts of several management alternatives for addressing problems associated with overabundant light goose populations. The Service is issuing this notice to invite further public participation in the review process, identify the location, date, and time of public hearings, and identify the Service official to whom questions and comments may be directed.

DATES: Written comments regarding the DEIS should be submitted by December 14, 2001, to the address below. Dates for eight public scoping meetings are identified in the **SUPPLEMENTARY INFORMATION** section.

ADDRESSES: Requests for copies of the DEIS should be mailed to Chief, Division of Migratory Bird Management, U.S. Fish and Wildlife Service, Department of the Interior, ms 634— ARLSQ, 1849 C Street NW., Washington, DC 20240. Copies of the DEIS can be downloaded from the Division of Migratory Bird Management Web site at http:// migratorybirds.fws.gov/issues/snowgse/ tblcont.html. Comments on the DEIS should be sent to the above address. Alternatively, comments may be submitted electronically to the following address:

white_goose_eis@fws.gov. Locations for eight public hearings are identified in the SUPPLEMENTARY INFORMATION section.

FOR FURTHER INFORMATION CONTACT: Jon Andrew, Chief, Division of Migratory Bird Management, (703) 358–1714; or James Kelley (612) 713–5409.

SUPPLEMENTARY INFORMATION: On May 13, 1999, a notice was publish in the Federal Register (64 FR 26268) announcing that the Service intended to prepare an Environmental Impact Statement addressing problems associated with overabundant light goose populations. Comments were received and considered and are reflected in the DEIS. On October 5, 2001, we notified the public of the availability of the DEIS in the Federal Register (66 FR 51274). In our October 5, 2001 notice we indicated that the comment period would end on November 28, 2001. Due to the timing of public hearings, we have extended the comment period on the DEIS to December 14, 2001. This notice is provided pursuant to Fish and Wildlife Service regulations for implementing the National Environmental Policy Act of 1969 (40 CFR 1506.6).

Public Scoping Meetings

Eight public hearings will be held on the following dates at the indicated locations and times:

- 1. November 13, 2001; Washington, DC at the Auditorium of the Department of the Interior Building, 1849 C Street NW., 9 a.m. to 11:30 a.m.
- 2. November 13, 2001; Dover, DE at the Richardson and Robbins Auditorium, Delaware Department of Natural Resources and Environmental Control, 89 Kings Highway, 7 p.m. to 9:30 p.m.
- 3. November 27, 2001; Bismarck, ND at the North Dakota Game and Fish Department Auditorium, 100 N. Bismarck Expressway, 7 p.m. to 9:30 p.m.
- 4. November 28, 2001; Bloomington, MN at the Minnesota Valley National Wildlife Refuge Visitors Center, 3815 East 80th Street, 7 p.m. to 9:30 p.m.
- 5. November 29, 2001; Egg Harbor Township, NJ at the Clarion Hotel and Convention Center, 6821 Black Horse Pike, 7 p.m. to 9:30 p.m.
- 6. December 5, 2001; Blue Springs, MO at the Auditorium of the Burr Oak Woods Nature Center, 1401 Northwest Park Road, 7 p.m. to 9:30 p.m.
- 7. December 12, 2001; Rosenberg, TX at the Texas Agricultural Extension Service Education Center, 1402 Band Road, 7:30 p.m. to 9:30 p.m.
- 8. December 13, 2001; Baton Rouge, LA at the Louisiana Room, First Floor,

Louisiana Department of Wildlife and Fisheries Building, 2000 Quail Drive, 7

p.m. to 9:30 p.m.

In order to be considered, electronic submission of comments must include your name and postal mailing address; we will not consider anonymous comments. All comments received, including names and addresses, will become part of the public record. The public may inspect comments during normal business hours in Room 634-Arlington Square Building, 4401 N. Fairfax Drive, Arlington, Virginia. Requests for such comments will be handled in accordance with the Freedom of Information Act and the Council on Environmental Quality's National Environmental Policy Act regulations [40 CFR 1506.6(f)]. Our practice is to make comments available for public review during regular business hours. Individual respondents may request that we withhold their home address from the record, which we will honor to the extent allowable by law. If a respondent wishes us to withhold his/her name and/or address, this must be stated prominently at the beginning of the comment.

The DĔIS evaluates four management alternatives to address habitat destruction and agricultural depredations caused by light geese on various breeding, migration, and wintering areas: (1) No action or continue to manage light goose populations through existing wildlife management policies and practices (Alternative A); (2) modify harvest regulation options and refuge management (Alternative B) (PREFERRED); (3) implement direct agency control of light goose populations on migration and wintering areas in the United States (Alternative C); (4) seek direct light goose population control on breeding grounds in Canada (Alternative D). Our preferred alternative (Alternative B) modifies existing light goose hunting regulations to expand methods of take during normal hunting season frameworks. In addition, we propose to create a conservation order to allow take of light geese outside of normal hunting season frameworks, authorize new methods of take, and allow shooting hours until one-half hour after sunset. We would also modify management practices on certain National Wildlife Refuges to alter the availability of food and sanctuary to light geese.

Dated: October 1, 2001.

Kevin Adams,

Director.

DEPARTMENT OF THE INTERIOR

Bureau of Land Management [WO-220-01-1020-JA-VEIS]

Notice of Intent To Prepare an Environmental Impact Statement for the Conservation and Restoration of Vegetation, Watershed, and Wildlife Habitat Treatments on Public Lands Administered by the Bureau of Land Management in the Western United States Including Alaska

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of intent to prepare a national, programmatic environmental impact statement (EIS).

summary: Pursuant to Section 102 (2) (C) of the National Environmental Policy Act of 1969 (NEPA), the BLM will prepare a national, programmatic EIS and conduct public scoping meetings on (1) management opportunities and treatment methods for noxious weeds and other invasive species, and (2) the conservation and restoration of native vegetation, watersheds, and wildlife habitat. The EIS will cover the public lands administered by BLM in eleven western States, including Alaska.

DATES: Written or e-mailed comments for this initial scoping phase will be accepted for 30 days following publication of this notice. In addition, BLM will hold public scoping meetings to focus on relevant issues and environmental concerns, identify possible alternatives, and help determine the scope of the EIS. Times and locations will be announced in a separate Federal Register notice and through local press releases and advertisements.

ADDRESSES: For further information, to provide written comments, or to be placed on the mailing list, contact Brian Amme, Acting Project Manager, Bureau of Land Management, P.O. Box 12000, Reno, Nevada 89520–0006; e-mail brian_amme@nv.blm.gov; telephone, (775) 861–6645. Comments will be available for public inspection at the Bureau of Land Management Nevada State Office, 1340 Financial Blvd., Reno, Nevada 89502.

Individual respondents may request confidentiality. If you wish your name and/or address withheld from public review or disclosure under the Freedom of Information Act, you must state this prominently at the beginning of your written or e-mailed comment. Such requests will be honored to the extent allowed by law. The BLM will not,

however, consider anonymous comments. All submissions from organizations or businesses, and from individuals identifying themselves as representatives or officials of organizations or businesses, will be available for public inspection in their entirety.

SUPPLEMENTARY INFORMATION: This national, programmatic EIS will provide a comprehensive cumulative analysis of BLM conservation and restoration treatments involving vegetation communities, watersheds, and wildlife habitats. It will also consider Statespecific reasonably foreseeable activities, including hazardous fuels reduction treatments. Restoration activities may include but are not limited to prescribed fire; riparian restoration; native plant community restoration; invasive plants and noxious weeds treatments; under-story thinning; forest health treatments; or other activities related to restoring fireadapted ecosystems. The analysis area will include all surface estate public lands administered by the BLM in the following western States: Alaska, Arizona, California, Colorado, Idaho, Kansas, Montana, Nevada, North and South Dakota, New Mexico, Oklahoma, Oregon, Utah, Washington, and Wyoming. The EIS will update analyses that are contained in four existing BLM vegetation treatment and noxious weed management EIS's and analyze similar activities on public lands in Alaska, which were not included in the existing

The BLM has initially identified the following issues for analysis in this programmatic EIS: hazardous fuels reduction and treatment including mechanical treatments; wildlife habitat improvement; restoration of ecosystem processes; protection of cultural resources; watershed and vegetative community health; new listings of threatened and endangered species and consideration of other sensitive and special status species; new chemical formulations for herbicides deemed to be more environmentally favorable; smoke management and air quality; emergency stabilization and restoration; and watershed and water quality improvement. The EIS will also provide human health risk assessments for a broad array of newly available chemical herbicides, and inert ingredients used in combination with chemical treatment activities.
