SUPPLEMENTARY INFORMATION:

Title: General Administration Request
for Assistance Programs (Lobbying &
Litigation Certification Amendment),
OMB Control Number 2030-0020, EPA
ICR Number 0938.08, expiring
December 31, 2002. This is a request to
amend the existing approved collection.

Abstract: Public Law 106-377, section
424 of the FY 2001 VA, HUD and
Independent Agencies Appropriations
Act (Appropriations Act) requires "A
chief executive officer of any entity
receiving funds under this Act shall
certify that none of the funds have been
used to engage in the lobbying of the
Federal Government or in litigation
against the United States unless
authorized by law." Public Law 106-74,
section 426 of the FY 2000
Appropriations Act contains a similar
provision. These provisions impose
additional information collection
requirements on EPA assistance
agreements and thus necessitate an
amendment to the existing ICR.

The sole purpose of the certification
is to validate that a chief executive
officer of any entity receiving EPA
assistance funds has certified that none
of the funds were used in lobbying the
Federal Government or in litigation
against the United States. The
certification will consist of a one-
paragraph form that will be signed by a
chief executive officer. It will normally
be submitted with the final Financial
Status Report. Recipients with multiple
awards may choose to submit one
certification covering all their awards on
an annual basis.

An agency may not conduct or
sponsor, and a person is not required to
respond to, a collection of information
unless it displays a currently valid OMB
control number. The OMB control
numbers for EPA's regulations are listed
in 40 CFR part 9 and 48 CFR Chapter
15. The **Federal Register** document
required under 5 CFR 1320.8(d),
soliciting comments on this collection
of information was published on May
29, 2001, (66 FR 29125); no comments
were received.

Burden Statement: The annual public
reporting and record keeping burden for
this collection of information is
estimated to be five minutes per
response. Burden means the total time,
effort, or financial resources expended
by persons to generate, maintain, retain,
or disclose or provide information to or
for a Federal agency. This includes the
time needed to review instructions;
develop, acquire, install and utilize
technology and systems for the purposes
of collecting, validating, and verifying
information, processing and
maintaining information, and disclosing
and providing information; adjust the
existing ways to comply with any
previously applicable instructions and
requirements; train personnel to be able
to respond to a collection of
information; search data sources;
complete and review the collection of
information; and transmit or otherwise
disclose the information.

Respondents/Affected Entities: Not-
for-profit institutions, educational
institutions, state, local or tribal
governments.

Estimated Number of Respondents:
2000.

Frequency of Response: Once per
project.

Estimated Total Annual Hour Burden:
166.

**Estimated Total Annualized Capital,
O&M Cost Burden:** \$0.

Send comments on the Agency's need
for this information, the accuracy of the
provided burden estimates, and any
suggested methods for minimizing
respondent burden, including through
