ENVIRONMENTAL PROTECTION AGENCY

[FRL-7083-1]

Agency Information Collection Activities: Submission for OMB Review; Comment Request, General Administration Request for Assistance Program Lobbying & Litigation Certification Amendment

AGENCY: Environmental Protection
Agency (EPA).

ACTION: Notice.

SUMMARY: In compliance with the
Paperwork Reduction Act (44 U.S.C.

3501 *et seq.*), this document announces
that the following Information
Collection Request (ICR) has been
forwarded to the Office of Management
and Budget (OMB) for review and
approval: General Administration
Request for Assistance Programs
(Lobbying & Litigation Certification
Amendment), OMB Control Number
2030-0020, expiration date of December
31, 2002. The ICR describes the nature
of the information collection and its
expected burden and cost; where
appropriate, it includes the actual data
collection instrument.

DATES: Comments must be submitted on
or before November 14, 2001.

ADDRESSES: Send comments, referencing
EPA ICR Number 0938.08 and OMB
Control Number 2030-0020, to the
following addresses: Susan Auby, U.S.
Environmental Protection Agency,
Collection Strategies Division (Mail
Code 2822), 1200 Pennsylvania Avenue,
N.W., Washington, DC 20460-0001; and
to Office of Information and Regulatory
Affairs, Office of Management and
Budget (OMB), Attention: Desk Officer
for EPA, 725 17th Street, N.W.,
Washington, DC 20503.

FOR FURTHER INFORMATION CONTACT: For
a copy of the ICR contact Susan Auby
at EPA by phone at (202) 260-4901, by
E-mail at Auby.susan@epamail.epa.gov,
or download off the Internet at <http://www.epa.gov/icr> and refer to EPA ICR
Number 0938.08. For technical
questions about the ICR contact Pamela
Luttner in the Office of Grants &
Debarment at (202) 564-1902 or E-mail
at
www.luttner.pamela@epamail.epa.gov.

SUPPLEMENTARY INFORMATION:

Title: General Administration Request
for Assistance Programs (Lobbying &
Litigation Certification Amendment),
OMB Control Number 2030-0020, EPA
ICR Number 0938.08, expiring
December 31, 2002. This is a request to
amend the existing approved collection.

Abstract: Public Law 106-377, section
424 of the FY 2001 VA, HUD and
Independent Agencies Appropriations
Act (Appropriations Act) requires "A
chief executive officer of any entity
receiving funds under this Act shall
certify that none of the funds have been
used to engage in the lobbying of the
Federal Government or in litigation
against the United States unless
authorized by law." Public Law 106-74,
section 426 of the FY 2000
Appropriations Act contains a similar
provision. These provisions impose
additional information collection
requirements on EPA assistance
agreements and thus necessitate an
amendment to the existing ICR.

The sole purpose of the certification
is to validate that a chief executive
officer of any entity receiving EPA
assistance funds has certified that none
of the funds were used in lobbying the
Federal Government or in litigation
against the United States. The
certification will consist of a one-
paragraph form that will be signed by a
chief executive officer. It will normally
be submitted with the final Financial
Status Report. Recipients with multiple
awards may choose to submit one
certification covering all their awards on
an annual basis.

An agency may not conduct or
sponsor, and a person is not required to
respond to, a collection of information
unless it displays a currently valid OMB
control number. The OMB control
numbers for EPA's regulations are listed
in 40 CFR part 9 and 48 CFR Chapter
15. The **Federal Register** document
required under 5 CFR 1320.8(d),
soliciting comments on this collection
of information was published on May
29, 2001, (66 FR 29125); no comments
were received.

Burden Statement: The annual public
reporting and record keeping burden for
this collection of information is
estimated to be five minutes per
response. Burden means the total time,
effort, or financial resources expended
by persons to generate, maintain, retain,
or disclose or provide information to or
for a Federal agency. This includes the
time needed to review instructions;
develop, acquire, install and utilize
technology and systems for the purposes
of collecting, validating, and verifying
information, processing and
maintaining information, and disclosing
and providing information; adjust the
existing ways to comply with any
previously applicable instructions and
requirements; train personnel to be able
to respond to a collection of
information; search data sources;
complete and review the collection of
information; and transmit or otherwise
disclose the information.

Respondents/Affected Entities: Not-
for-profit institutions, educational
institutions, state, local or tribal
governments.

Estimated Number of Respondents:
2000.

Frequency of Response: Once per
project.

Estimated Total Annual Hour Burden:
166.

**Estimated Total Annualized Capital,
O&M Cost Burden:** \$0.

Send comments on the Agency's need
for this information, the accuracy of the
provided burden estimates, and any
suggested methods for minimizing
respondent burden, including through

the use of automated collection techniques to the addresses listed above. Please refer to EPA ICR Number 0938.08 and OMB Control Number 2030-0020 in any correspondence.

Dated: October 5, 2001.

Oscar Morales,

Director, Collection Strategies Division.

Notice of Availability for Draft Guidance on Source Determinations for Combined Heat and Power Facilities Under the Clean Air Act New Source Review and Title V Programs

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of availability.

SUMMARY: The EPA is making available for public review and comment a preliminary draft of its pending guidance on Source Determinations for Combined Heat and Power (CHP) Facilities under the Clean Air Act New Source Review and Title V Programs. The combined generation of heat and power, also known as cogeneration, has been an energy supply option for nearly 100 years and is used in many sectors of the economy. In light of ever increasing demand for energy, electric power industry restructuring and cross-program pollution prevention initiatives, EPA is committed to improving the efficiency at which we convert fuels into useful energy. Properly designed and implemented CHP is a key element to achieving the nation's energy goals, because CHPs are capable of independently providing power to the grid or customers other than the host facility and therefore can help alleviate power shortfalls. Recognizing this, the Report of the National Energy Policy Development Group recommends "that the President direct the EPA Administrator to promote CHP through flexibility in environmental permitting."

A draft of EPA's guidance is available for public review and comment. The EPA does not intend to respond to individual comments, but rather to consider the comments from the public in the preparation of the final guidance. It is important that the draft guidance being made available today for public review and comment does not represent

official EPA policy or a formal position on the subject matter discussed and therefore is not to be relied on in interpreting EPA policy.

DATES: The comment period on the draft guidance will close on November 14, 2001.

ADDRESSES: Written comments should be sent to Pamela J. Smith, Information Transfer and Program Integration Division (MD-12), Office of Air Quality Planning and Standards, U.S. EPA, Research Triangle Park, North Carolina 27711, telephone 919-541-0641, telefax 919-541-5509 or e-mail smith.pam@epa.gov.

FOR FURTHER INFORMATION CONTACT:

Kathy Kaufman, Office of Air Quality Planning and Standards, U.S. EPA, MD-12, Research Triangle Park, NC 27711, telephone 919-541-0102 or e-mail kaufman.kathy@epa.gov.

SUPPLEMENTARY INFORMATION: A copy of the draft guidance document may be obtained by calling or E-mailing Pamela J. Smith. The draft guidance may also be downloaded from the NSR Web site <http://www.epa.gov/ttn/nsr> under the topic "What's New on NSR."

Dated: July 18, 2001.

Henry C. Thomas,

Acting Director, Office of Air Quality Planning and Standards.

ENVIRONMENTAL PROTECTION AGENCY

[FRL-7082-1]

Clean Water Act Section 303(d): Availability of Total Maximum Daily Loads (TMDLs) and Determinations That TMDLs Are Not Needed

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of availability

SUMMARY: This notice announces the availability for comment of the administrative record file for forty-five TMDLs and the calculations for these TMDLs prepared by EPA Region 6 for waters listed in the Mermentau and Vermilion/Teche river basins, under section 303(d) of the Clean Water Act (CWA). These TMDLs were completed in response to a court order dated October 1, 1999, in the lawsuit *Sierra Club, et al. v. Clifford et al.*, No. 96-0527, (E.D. La.). Under this court order, EPA is required to prepare TMDLs when needed for waters on the Louisiana 1998

section 303(d) list by December 31, 2007. The court order also requires EPA to add or delete waters to the schedule as new data confirms that waters are or are not meeting water quality standards.

This notice also announces the availability for comment of EPA determinations that TMDLs are not needed for six waterbody/pollutant combinations in the Mermentau and Vermilion/Teche river basins because new data and information show that water quality standards are being met. This proposed action would result in the removal of six waterbody/pollutant combinations from the Louisiana 303(d) list.

DATES: Comments must be submitted in writing to EPA on or before November 14, 2001.

ADDRESSES: Comments on the forty-five TMDLs and the determinations that TMDLs are not needed for six waterbody/pollutant combinations should be sent to Ellen Caldwell, Environmental Protection Specialist, Water Quality Protection Division, U.S. Environmental Protection Agency Region 6, 1445 Ross Ave., Dallas, TX 75202-2733. For further information, contact Ellen Caldwell at (214) 665-7513. The administrative record file for these TMDLs and the determinations that TMDLs are not needed are available for public inspection at this address as well. Documents from the administrative record file may be viewed at www.epa.gov/region6/water/tmdl.htm, or obtained by calling or writing Ms. Caldwell at the above address. Please contact Ms. Caldwell to schedule an inspection.

FOR FURTHER INFORMATION CONTACT: Ellen Caldwell at (214) 665-7513.

SUPPLEMENTARY INFORMATION: In 1996, two Louisiana environmental groups, the Sierra Club and Louisiana Environmental Action Network (plaintiffs), filed a lawsuit in Federal Court against the EPA, styled *Sierra Club, et al. v. Clifford et al.*, No. 96-0527, (E.D. La.). Among other claims, plaintiffs alleged that EPA failed to establish Louisiana TMDLs in a timely manner. Discussion of the court's order may be found at 65 FR 54032 (September 6, 2000).

EPA Seeks Comments on Forty-five TMDLs

By this notice EPA is seeking comments on the following forty-five TMDLs for waters located within the Mermentau and Vermilion/Teche basins:
