BILLING CODE 3410-02-P

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

14 CFR Part 71

[Airspace Docket No. 01-ASO-9]

Establishment of Class E2 Airspace; Greenwood, MS

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Final rule; correction.

SUMMARY: This action corrects errors in the geographic position coordinates and the description of airspace lateral distance of a final rule that was published in the **Federal Register** on July 31, 2001, (66 FR 39435), Airspace Docket No. 01-ASO-9. The final rule established Class E2 airspace at Greenwood, MS.

EFFECTIVE DATE: October 25, 2001.

FOR FURTHER INFORMATION CONTACT: Walter R. Cochran, Manager, Airspace Branch, Air Traffic Division, Federal Aviation Administration, P.O. Box 20636, Atlanta, Georgia 30320; telephone (404) 305-5627.

SUPPLEMENTARY INFORMATION:

History

Federal Register Document 01-19044, Airspace Docket No. 01-ASO-9, published on July 31, 2001, (66 FR 39435), established Class E2 airspace at Greenwood, MS. The airspace description inadvertently contained an incorrect lateral distance and geographic position coordinates for the Greenwood-Leflore Airport. This action corrects those errors.

Correction to Final Rule

Accordingly, pursuant to the authority delegated to me, the airspace description for the Class E2 airspace area Greenwood, MS, incorporated by reference at Sec. 71-1 and published in the **Federal Register** on July 31, 2001, (66 FR 39435), is corrected as follows:

\$ 71.71 [Corrected]

* * * * *

ASO MS E2 Greenwood, MS [Corrected]

On page 39435, column 3, line 2, of the Greenwood-Leflore Airport, MS, geographic position description, correct the geographic position coordinates by substituting "(lat. 33°29'40"N, long. 90°05'05"W)" for "(lat. 33°29'44"N, long. 90°05'03"W)". On line 3, correct the lateral distance from the Greenwood-Leflore Airport, MS, by substituting "4.4-mile radius" for 4-mile radius".

BILLING CODE 4910-13-M

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

14 CFR Part 71

[Airspace Docket No. 01-ASO-3]

Establishment of Class E5 Airspace; Reform, AL

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Final rule.

SUMMARY: This action established Class E5 airspace at Reform, AL. A Area Navigation (RNAV) Global Positioning System (GPS) Runway (RWY) 19 Standard Instrument Approach Procedure (SIAP) has been developed for North Pickens Airport, Reform, AL. As a result, controlled airspace extending upward from 700 feet Above Ground Level (AGL) is needed to contain the SIAP and other Instrument Flight Rules (IFR) operations at North Pickens Airport. The operating status of the airport will change from Visual Flight Rules (VFR) to include IFR operations concurrent with the publication of the SIAP.

EFFECTIVE DATE: 0901 UTC, December 27, 2001.

FOR FURTHER INFORMATION CONTACT: Walter R. Cochran, Manager, Airspace Branch, Air Traffic Division, Federal

Aviation Administration, P.O. Box 20636, Atlanta, Georgia 30320; telephone (404) 305-5586.

SUPPLEMENTARY INFORMATION:

History

On September 5, 2001, the FAA proposed to amend Part 71 of the Federal Aviation Regulations (14 CFR Part 71) by establishing Class E5 airspace at Reform, AL, (66 FR 46406) to provide adequate controlled airspace to contain the RNAV (GPS) RWY 19 SIAP and other IFR operations at North Pickens Airport. Class E airspace designations for airspace extending upward from 700 feet or more above the surface of the earth are published in FAA Order 7400.9J, dated August 31, 2001, and effective September 16, 2001, which is incorporated by reference in 14 CFR 71.1. The Class E airspace designation listed in this document will be published subsequently in the Order.

Interested parties were invited to participate in this rulemaking proceeding by submitting written comments on the proposal to the FAA. No comments objecting to the proposal were received.

The Rule

This amendment to Part 71 of the Federal Aviation Regulations (14 CFR part 71) establishes Class E5 airspace at Reform, AL.

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. It, therefore, (1) is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a Regulatory Evaluation, as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this rule will have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

List of Subjects in 14 CFR Part 71

Airspace, Incorporation by reference, Navigation (air).

Adoption of the Amendment

In consideration of the foregoing, the Federal Aviation Administration amends 14 CFR Part 71 as follows:

PART 71—DESIGNATION OF CLASS A, CLASS B, CLASS C, CLASS D AND CLASS E AIRSPACE AREAS; AIRWAYS; ROUTES; AND REPORTING POINTS

1. The authority citation for 14 CFR Part 71 continues to read as follows:

Authority: 49 U.S.C. 106(g), 40103, 40113, 40120, EO 10854, 24 FR 9565, 3 CFR, 1959–1963 Comp., p. 389.

§ 71.1 [Amended]

2. The incorporation by reference in 14 CFR 71.1 of Federal Aviation Administration Order 7400.9J, Airspace Designations and Reporting Points, dated August 31, 2001, and effective September 16, 2001, is amended as follows: Paragraph 6005 Class E Airspace Areas Extending Upward from 700 feet or More Above the Surface of the Earth.

* * * * *

ASO AL E5 Reform, AL [New]

North Pickens Airport
(Lat. 33°23'20" N, long. 88°00'20" W)

That airspace extending upward from 700 feet above the surface within a 6.5-mile radius of North Pickens Airport.

[Docket No. FAA 2001–10527, Airspace
Docket No. 01–ASW–10]

RIN 2120–AA66

Amendment to Time of Designation for Restricted Area R–4403; Gainesville, MS

AGENCY: Federal Aviation
Administration (FAA), DOT.

ACTION: Final rule.

SUMMARY: This action reduces the time of designation for Restricted Area 4403 (R–4403), Gainesville, MS, from “Continuous,” to “Intermittent, 0600–2300 local time daily; other times by NOTAM 24 hours in advance.” The FAA is taking this action in response to a request from the National Aeronautics and Space Administration (NASA) which is the designated using agency for R–4403.

EFFECTIVE DATE: 0901 UTC, December 27, 2001.

FOR FURTHER INFORMATION CONTACT: Paul Gallant, Airspace and Rules Division, ATA–400, Office of Air Traffic Airspace Management, Federal Aviation Administration, 800 Independence Avenue, SW., Washington, DC 20591; telephone: (202) 267–8783.

SUPPLEMENTARY INFORMATION:

Background

As a result of a review of restricted area activity, NASA has requested the FAA to reduce the time of operation for R–4403 to more accurately reflect actual requirements for the airspace. This change reduces the burden on the flying public. This action does not alter the boundaries, designated altitudes, or type of activities conducted within the restricted area.

The Rule

This amendment to 14 CFR part 73 changes the time of designation for R–4403, Gainesville, MS, from “continuous” to “Intermittent, 0600–2300 local time daily; other times by NOTAM 24 hours in advance.” The FAA is taking this action in response to written notification from the using agency that a reduction in the time of designation for the restricted area is appropriate.

Since this change reduces the burden on the flying public by reducing the amount of time that R–4403 is activated, and because this action does not affect the boundaries, designated altitudes, or activities conducted therein; I find that notice and public procedures under 5 U.S.C. 553(b) are unnecessary.

Environmental Review

In accordance with FAA Order 1050.1D, “Policies and Procedures for Handling Environmental Impacts,” and the National Environmental Policy Act of 1969, this action is not subject to environmental assessments and procedures.

List of Subjects in 14 CFR Part 73

Airspace, Navigation (air).

Adoption of the Amendment

In consideration of the foregoing, the Federal Aviation Administration amends 14 CFR part 73 as follows:

PART 73—SPECIAL USE AIRSPACE

1. The authority citation for part 73 continues to read as follows:

Authority: 49 U.S.C. 106(g), 40103, 40113, 40120; E.O. 10854, 24 FR 9565, 3 CFR, 1959–1963 Comp., p. 389.

§ 73.44 [Amended]

2. § 73.44 is amended as follows:

* * * * *

R–4403 Gainesville, MS [Amended]

By removing “Time of Designation. Continuous.” and inserting “Time of Designation. Intermittent, 0600–2300 local time daily; other times by NOTAM 24 hours in advance.”

* * * * *

Issued in Washington, DC, on October 18, 2001.

Reginald C. Matthews,

Manager, Airspace and Rules Division.

BILLING CODE 4910–13–P

CONSUMER PRODUCT SAFETY COMMISSION

16 CFR 1700

Household Products Containing Hydrocarbons; Final Rules

AGENCY: Consumer Product Safety Commission.

ACTION: Final Rules.

SUMMARY: These rules, promulgated under authority of the Poison Prevention Packaging Act (PPPA), require child-resistant (CR) packaging for certain products that contain low-viscosity hydrocarbons. (The Commission voted 3–0 to issue this final rule. The statements of Chairman Brown and Commissioners Gall and Moore concerning the vote are available from the CPSC Office of the Secretary.) This requirement is intended to protect children under five years of age from serious injury associated with aspiration of hydrocarbon products. The requirement applies to certain prepackaged nonemulsion-type liquid household chemical products, including drugs and cosmetics, that contain ten (10) percent or more hydrocarbons by weight and have a viscosity of less than one hundred (100) Saybolt Universal Seconds (SUS) at 100 °F (covered products). For purposes of these rules, hydrocarbons are defined as compounds that consist solely of carbon and hydrogen. For a product that contains multiple hydrocarbons, the total percentage of hydrocarbons in the product is the sum of the percentages by weight of the individual hydrocarbon components.

DATES: These rules become effective October 25, 2002, and apply to covered products packaged on or after that date.

ADDRESSES: Copies of documents relevant to this rulemaking can be
